Specifications

## ION8650 meter 128MB, FT21 panel, 120VAC/160VDC 60Hz, Ethernet No I/O, password

M8650A4C0H6E1A1A

#### Main

| Range                     | PowerLogic                      |
|---------------------------|---------------------------------|
| Device Short Name         | ION8650A                        |
| Product Or Component Type | Revenue and power quality meter |

## Complementary

| <u> </u>                           |   |
|------------------------------------|---|
| Power Quality Analysis             | conforming to IEC 61000-4-15 flicker                            |
|                                    | magnitude harmonic up to the 50th                               |
|                                    | transient capture   |
|                                    | conforming to EN 50160: ed. 4 compliance report                 |
|                                    | harmonic distortion   |
|                                    |   |
|                                    | voltage sag and swell detection                                 |
|                                    | waveform capture  |
|                                    | programmablity (logic and math functions)                       |
|                                    | up to the 63rd harmonic   |
|                                    | conforming to IEC 61000-4-30: class A power quality measurement |
| Device Application                 | Energy pulsing and totalisation                                 |
|                                    |   |
|                                    | Instrument transformer correction                               |
|                                    | Equipment monitoring and control                                |
|                                    | Demand and power factor control                                 |
|                                    | Co-generation and IPP monitoring                                |
|                                    | Load curtailment  |
|                                    | Tariff metering   |
| Type Of Measurement                | Current   |
| Type Of measurement                | Current   |
|                                    | Voltage   |
|                                    | Frequency   |
|                                    | Apparent power total  |
|                                    | Power factor total  |
|                                    |   |
|                                    | Apparent power per phase  |
|                                    | Power factor per phase  |
|                                    | Active power total  |
|                                    | Active power per phase  |
|                                    | Reactive power total  |
|                                    | Reactive power per phase  |
| Our when Mathematic                |   |

| Package 1 Length             | 41.0 cm |
| Package 1 Weight             | 7.0 kg  |

## Sustainability

**Green Premium<sup>TM</sup> label** is Schneider Electric's commitment to delivering products with best-inclass environmental performance. Green Premium promises compliance with the latest regulations, transparency on environmental impacts, as well as circular and low-CO<sub>2</sub> products.

**Guide to assessing product sustainability** is a white paper that clarifies global eco-label standards and how to interpret environmental declarations.
