Schneider Electric Annual Shareholders’ Meeting on May 6, 2014

Rueil-Malmaison (France), May 7, 2014 – The shareholders of Schneider Electric SA met in the combined ordinary and extraordinary Annual Meeting, chaired by Jean-Pascal Tricoire, Chairman and CEO, on May 6, 2014 to hear the reports of the Board of Directors and statutory auditors, and amongst others to approve the 2013 financial statements, to adopt the change of legal structure to a European Company (Societas Europaea) and to give their opinion on executive directors’ compensation.

I. Strategy of the Group, Performance in 2013

During the meeting, Jean-Pascal Tricoire, Chairman and CEO, presented his strategic vision for the Group, global leader in energy management and efficiency technologies. The Group which is benefiting from its two strong and complementary business models (products and solutions) further increased its global reach with 43% of 2013 revenues in new economies. In order to strengthen its market position, Schneider Electric has continued to invest in innovation and in its capabilities in solutions and services. The acquisition of Invensys closed in January 2014 contributed also to consolidate the Group’s offering, in particular in its ability to offer automation and software for all industrial markets.

Jean-Pascal Tricoire explained the new phase in the development of the Group, after a decade of building its portfolio of activities. Priority is given to organic growth and optimization of the return on capital employed thanks to a better efficiency in the Group and higher integration of the companies and capacities within it.

Emmanuel Babeau, Deputy CEO in charge of Finance and Legal Affairs presented the results for 2013 and commented on the Group performance for the first quarter of 2014. Based on the trends seen in the first quarter, the group objectives for 2014 are confirmed:

- low single-digit organic growth in revenue
- 0.4 pt to 0.8 pt improvement of the adjusted EBITA margin vs. the 2013 proforma level\(^1\) excluding the currency impact. The negative currency impact is currently estimated at ~0.4 pt, with most of the impact concentrated in H1.

Henri Lachmann, Vice-chairman Lead Director, presented the new organization of the governance put in place in 2013 in order to guarantee an independent control of general management and the chairman and CEO. He highlighted it was operating effectively.

---

\(^1\) The 2013 proforma adjusted EBITA margin including the last 12 months of Invensys (without Appliance) to September 2013 and the full consolidation of Electroshield - TM Samara is ~14.0%.
