BASE PROSPECTUS dated 31 August 2016

SCHNEIDER ELECTRIC SE
Euro 7,500,000,000
Euro Medium Term Note Programme
Due from seven days from the date of original issue

Under the Euro Medium Term Note Programme (the “Programme”) described in this base prospectus (the “Base Prospectus”), Schneider Electric SE (the “Company” or the “Issuer”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro medium term notes (the “Notes”). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 7,500,000,000 (or the equivalent in other currencies).

This Base Prospectus supersedes and replaces the Base Prospectus dated 31 July 2015.

Application has been made for approval of this Base Prospectus to the Autorité des marchés financiers (the “AMF”) in France in its capacity as competent authority pursuant to Article 212-3 of its Règlement Général which implements Directive 2003/71/EC on the prospectus to be published when securities are offered to the public or admitted to trading, as amended (the “Prospectus Directive”). Application has been made to Euronext Paris for Notes issued under the Programme during a period of 12 months from the date of this Base Prospectus to be admitted to trading on Euronext Paris. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC, as amended (a “Regulated Market”). Application may also be made to the competent authority of any other Member State of the EEA for Notes issued under the Programme to be admitted to trading on such Member State. However, Notes may be issued pursuant to the Programme which are not admitted to trading on a Regulated Market. The relevant final terms (the “Final Terms”) (forms of which are contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading, and, if so, the relevant Regulated Market in the EEA on which they would be admitted to trading. Notes issued under the Programme will be governed by French law and may be issued either in dematerialised form (“Dematerialised Notes”) or in materialised form (“Materialised Notes”) as more fully described herein. Dematerialised Notes will at all times be in book-entry form in compliance with Articles L.211-3 and R.211-1 of the French Code monétaire et financier. No physical documents of title will be issued in respect of the Dematerialised Notes.

Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms, save that the minimum denomination of each Note offered to the public and/or admitted to trading on a Regulated Market in a Member State of the EEA in circumstances which require the publication of a Base Prospectus under the Prospectus Directive will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency.

Dematerialised Notes may, at the option of the Issuer, be (a) in bearer dematerialised form (au porteur) inscribed as from the issue date in the books of Euroclear France (“Euroclear France”) (acting as central depository) which shall credit the accounts of Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination and Title”) including Euroclear Bank S.A./N.V. (“Euroclear”) and the depositary bank for Clearstream Banking, société anonyme (“Clearstream, Luxembourg”) or (b) in registered dematerialised form (au nominatif) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (au nominatif pur), in which case they will be inscribed with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (au nominatif administré) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “Temporary Global Certificate”) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form, with where applicable, coupons for interest attached on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Notes”) upon certification as to non-US beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in “Summary” below) intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

As of the date of this Base Prospectus, the long-term corporate rating of the Issuer by Standard & Poor’s Ratings Services (“S&P”) is A- (stable outlook). Tranches of Notes issued under the Programme may be rated or unrated. The credit ratings included or referred to in this Base Prospectus or in any Final Terms have been or will be, as the case may be, issued by one or more credit rating agencies established in the European Union, registered under Regulation (EC) No 1096/2009 on credit rating agencies (the “CRA Regulation”), as amended, and included in the list of credit agencies registered in accordance with the CRA Regulation published on the website of the European Securities and Markets Authority (www.esma.europa.eu/page/List-registered-and-certified-CRAs) as of the date of this Base Prospectus. The relevant Final Terms will specify whether or not credit ratings are issued by a credit rating agency.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the risk factors described under the section headed “Risk Factors” in this Base Prospectus, before deciding to invest in the Notes issued under the Programme.

Summaries are made up of disclosure requirements known as “Elements” the communication of which is required by Annex XXII of Regulation (EC) No 809/2004 of 29 April 2004 as amended. These Elements are numbered in Sections A – E (A.1 – E.7). This summary contains all the Elements required to be included in a summary for this type of securities and for Schneider Electric S.E. Even though an Element may be required to be inserted in the summary because of the type of securities and Issuer, it is possible that no relevant information can be given regarding such Element. In this case a short description of the Element is included in the summary and marked as “Not applicable”.

This summary is provided for purposes of the issue by the Issuer of Notes of a denomination of less than Euro 100,000 which are offered to the public and/or admitted to trading on a Regulated Market of the European Economic Area (the “EEA”). The issue specific summary relating to this type of Notes will be annexed to the relevant Final Terms and will comprise (i) the information below with respect to the summary of the Base Prospectus and (ii) the information below included in the items « issue specific summary ».

Buildings & Partner (44% of the second quarter (Q2) revenues) grew +0.9% organically in the second quarter, growing in all regions except Rest of the World (i.e. other than Western Europe, North America and Asia-Pacific). Wiring Devices & Final Distribution was up mid-single digit. The execution priorities remained focusing on maximizing all businesses through its network of partners, launching new connected offers for “Power distribution redefined” and driving Wiring devices / Final distribution growth in all regions. North America was up driven by successful new offer launches in a favorable construction market in the U.S. and continued growth in Mexico. In Western Europe, Germany and Spain were up thanks to commercial initiatives. The Nordics grew in a mixed environment while France performed well in the residential construction market. Asia-Pacific was up. China stabilized thanks to construction markets in tier 1 and tier 2 cities and growth initiatives in targeted segments. India was up strongly in a favorable market. Rest of the World was slightly down as the growth in Commonwealth of Independent States (CIS) couldn’t offset the declines in the Middle East and South America.

Industry (22% of Q2 revenues) declined -1.2% organically, at a slower pace than in the first quarter (Q1) thanks to the focus on accelerating business through partners and integrators, developing Original Equipment Manufacturer (OEM) solutions, growing software in key segments, balancing end-user exposure and growing strategic accounts. The U.S. was down as it continued to be impacted by low Oil&Gas investment and a strong dollar, while the priority remains enhancing cross-selling by leveraging channels and new offer launches. Western Europe was up, driven by growth initiatives and project execution while the OEM market remained positive. France and Germany performed well thanks to channel initiatives in a tepid market. Italy was up benefitting from sustained demand from export oriented OEMs while the U.K. was down. China declined at a slower pace.
than in Q1 as the OEM market showed early signs of improvement. The Rest of the World grew. Services were up strongly in the quarter.

**Infrastructure** (20% of Q2 revenues) was down -2.3% organically in the quarter, about flat without the project selectivity impact, estimated to be around -€25m in Q2. This impact is expected to increase in the second semester. The business continued to focus on growing Services and Products while increasing selectivity and better executing systems (projects and equipment). North America was up thanks to project execution in difficult markets in the U.S. while Canada was penalized by a high base of comparison. In Western Europe, France, Germany & the U.K. were up due to solid project execution while Spain and Italy declined mainly impacted by project selectivity. In Asia-Pacific, China declined as the growth from emerging segments could not offset weakness from traditional segments. Australia was down while South East Asia grew. Rest of the World was dragged down by weakness in the Middle East, Russia and Brazil.

**IT** (14% of Q2 revenues), was down -0.9% organically. Launching new offers and expanding channels, integrating the total Group portfolio for targeted data center segments, leveraging new cloud-based software and driving services growth were the priorities for the business in a mixed environment. The U.S. was slightly up driven by reinvigorated channels and strong services growth. Western Europe declined slightly as the growth from service was offset by weak information technology channel sales. Asia-Pacific was up thanks to strong growth in India and South East Asia. The Rest of World declined as growth in CIS was offset by declines in Middle East and Africa. Services continued to grow strongly. Organically, systems & equipment were down -3% while products & services were up +1% in the quarter.

  The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed (either in whole or in part) prior to their stated maturity at the option of the Issuer and/or the holders, and if so, the terms applicable to such redemption.

- **Redemption at the option of Noteholders following a Change of Control**
  If a Change of Control Put Option is specified in the relevant Final Terms, following the occurrence of a Change of Control, the Noteholders will be entitled to request the Issuer to redeem the Notes or, at the Issuer’s option, procure the purchase of their Notes.

- **Clean-Up Call Option**
  If so specified in the relevant Final Terms and if 80 per cent. or any other percentage above as specified in the relevant Final Terms (the “Clean-Up Percentage”) of the initial aggregate nominal amount of Notes of the same Series have been redeemed or purchased and, in each case, cancelled, the Issuer may, at its option, redeem the Notes in whole but not in part at their Early Redemption Amount together with any interest accrued to the date set for redemption.
**Early Redemption**
Except as provided in “Make-Whole Redemption by the Issuer”, “Residual Maturity Call Option”, “Optional Redemption” and in “Clean-Up Call Option” above, the Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons.

**Yield**
The Final Terms issued in respect of each issue of Fixed Rate Notes will set out an indication of the yield of the Notes.

**Representation of the holders of the Notes**
In respect of the representation of the Noteholders, the following shall apply:

(a) If the Notes are issued in France, the relevant Final Terms will specify that “Full Masse” is applicable and the holders of Notes will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse and the provisions of the French Code de Commerce relating to the Masse shall apply; and

(b) If the Notes are issued outside France for the purpose of Article L.228-90 of the French Code de Commerce, the relevant Final Terms will specify that “Contractual Masse” is applicable and the holders of Notes will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse. The Masse will be governed by the provisions of the French Code de Commerce with the exception of Articles L. 228-48, L. 228-59, R.228-63, R.228-67 and R.228-69.

If either paragraph (a) or (b) above is provided as applicable in the relevant Final Terms, the Masse will act in part through a representative (the “Representative”) and in part through general meetings of the holders of Notes. The names and addresses of the initial Representative and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single Masse of all Tranches in such Series.

<td>- The growth and success of the Group’s products depend on its ability to constantly adapt and to leverage new technologies to deliver high value products and solutions. The markets in which Schneider Electric operates are experiencing rapid evolutions due to the introduction of innovative technologies, such as IoT and Big Data. Customers expect smarter and smarter products with open interfaces enabling them to be tightly integrated into more and more complex software based solutions. The resulting digitization of products, including native Web connectivity opens numerous new opportunities, but will also accelerate the convergence of IT and OT technologies, thus making it possible for new players to enter our markets. The widespread usage of mobile devices creates new expectations from customers as far as the general usability of products. Last but not least, the increased connectivity of products increases the risk of cyber-attacks.</td>

- The Group’s plants and products are subject to extensive and increasingly stringent environmental laws and regulations in the countries in which it operates. In addition to the cost of complying with those rules, it is possible that the Group be required to pay significant fines or compensation or incur significant other costs as a result of past, current or future breaches of environmental laws and regulations.

- Information systems risk:
  - The Group operates, either directly or through service providers, a wide range of highly complex information systems, including servers, networks, applications and databases, that are essential to the efficiency of its sales and manufacturing processes. Failure of any of these hardware or software systems, a fulfillment failure by a service provider, human error or computer viruses could adversely affect the quality of service offered by the Group.

- Market risks:
  - The Group is exposed to risks associated with the effect of changing interest rates.
  - The Group’s international operations expose it to currency exchange risk.
  - The Group is exposed to equity risk primarily due through its holdings of treasury shares.
  - The Group is exposed to fluctuations in energy and raw material prices, in particular steel, copper, aluminium, silver, lead, nickel, zinc and plastics.
  - The Group is exposed to counterparty risk and liquidity risk.

- Legal risks:
  - The Group’s products are subject to varying national and international standards and regulations, including trade restrictions, tariffs, tax regimes and product safety standards. Changes to any of these regulations or standards or their applicability to the Group’s business could lead to lower sales or increased operating costs.

The failure of a product, system or solution may involve costs related to the product recall, result in new expenditures for development, and launch technical and economic resources. Such cost could have a significant impact on the profitability and cash and cash equivalents of the Group. The business reputation of the Group could also be negatively impacted.

Risks related to RMB Notes:
- RMB is not freely convertible and the liquidity of the Notes denominated in RMB may be adversely affected;
- Risk of change in government support and regulatory regime: there can be no assurance that the People’s Republic of China (“PRC”) government will continue to liberalise its control over cross-border RMB remittances in the future;
- RMB currency risk: As a result of the restrictions by the PRC government on cross-border RMB fund flows, the availability of RMB outside the PRC is limited;
- RMB exchange rate risk: The value of RMB against foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors.

An investment in the Notes involves certain risks which are material for the purpose of assessing the market risks associated with Notes issued under the Programme. While all of these risk factors are contingencies which may or may not occur, potential investors should be aware that the risks involved with investing in the Notes may lead to volatility and/or a decrease in the market value of the relevant Tranche of Notes whereby the market value falls short of the expectations (financial or otherwise) of an investor who has made an investment in such Notes.

However, each prospective investor in Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and conditions, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

Buildings & Partner (44% du chiffre d'affaires (CA) du deuxième trimestre (T2)) enregistre une croissance organique de +0,9% au deuxième trimestre, en hausse dans toutes les régions à l’exception du Reste du Monde (régions autres que l'Europe de l'Ouest, l'Amérique du Nord et l'Asie-Pacifique). Les activités appareillages (Wiring Devices) et distribution finale (Final Distribution) sont en hausse moyenne à un chiffre (mid single-digit). Les priorités d’exécution restent l’optimisation de toutes les activités au travers du réseau de partenaires, le lancement de nouvelles offres connectées pour « la redéfinition de la distribution électrique » (Power distribution redefined) et la croissance des activités appareillage et distribution finale dans toutes les régions. En Amérique du Nord, la croissance est portée par le succès du lancement de nouvelles offres dans un marché de la construction favorable aux Etats-Unis, et par une croissance continue du Mexique. En Europe de l’Ouest, l’Allemagne et l’Espagne sont en hausse grâce à des initiatives commerciales. Les pays nordiques croissent dans un environnement contrasté, tandis que la France bénéficie d’une bonne
performance sur le marché de la construction résidentielle. L'Asie-Pacifique est en hausse. La Chine se stabilise grâce au marché de la construction dans les grandes métropoles (Tier 1 and Tier 2 cities) et à des initiatives de croissance sur des segments ciblés. L'Inde est en forte progression dans un marché favorable. Le Reste du Monde est légèrement en baisse, la croissance de la Communauté des États Indépendants (CEI) ne compensant pas le déclin du Moyen-Orient et de l'Amérique du Sud.

**Industry** (22% du CA T2) affiche une baisse organique de **-1,2%**, plus modéré qu’au premier trimestre (T1), grâce à l’attention portée à l’accélération de l’activité au travers des partenaires et intégrateurs, au développement des solutions OEMs (Original Equipment Manufacturer, constructeurs de machines), à la croissance des logiciels dans des segments clés, au rééquilibrage de l’exposition aux utilisateurs finaux et au développement des comptes stratégiques. Les États-Unis sont en baisse et demeurent impactés par un faible niveau d’investissement dans le secteur pétrolier et gazier et par un dollar fort, tandis que la priorité reste le lancement de nouvelles offres et l’amélioration des ventes croisées grâce aux canaux de distribution. L’Europe de l’Ouest est en hausse, portée par les initiatives de croissance, l’exécution des projets et un marché OEMs qui reste favorable. La France et l’Allemagne réalisent une bonne performance grâce à des initiatives de croissance dans un marché contrasté. L’Italie est en hausse, bénéficiant d’une demande soutenue des OEMs orientés à l’export, alors que le Royaume-Uni est en baisse. La Chine est en baisse de façon plus modérée qu’au premier trimestre, le marché OEMs montrant des premiers signes d’amélioration. Le Reste du Monde est en hausse. Les Services sont en forte croissance sur le trimestre.

**IT** (14% du CA T2), est en baisse organique de **-0,9%**. Le lancement de nouvelles offres, l’expansion des canaux de distribution, l’intégration des offres du Groupe sur certains segments ciblés des centres de données, l’optimisation de nouveaux logiciels hébergés dans le Cloud et la croissance des services sont les priorités de l’activité dans un environnement contrasté. Les États-Unis sont en légère hausse grâce à l’effort porté sur les canaux de distribution et la forte croissance des services. L’Europe de l’Ouest est en légère baisse, la croissance des services ne compensant pas la faiblesse des ventes des canaux de distribution des technologies de l’information. L’Asie-Pacifique est en hausse grâce à la forte

|      | Le Groupe exerce ses activités dans quatre domaines (Buildings & Partner, Infrastructure, Industry et IT) et opère sur quatre grands marchés : les bâtiments non résidentiels et résidentiels ; les régies et infrastructures ; les industries et constructeurs de machines ; et les centres de données et réseaux. Les activités du Groupe sont organisées de la façon suivante :

**L’Activité Buildings & Partners**

L’Activité *Buildings & Partner* couvre les produits et solutions de distribution électrique basse tension et répond aux besoins de tous les marchés finaux, des bâtiments résidentiels aux édifices commerciaux, secteurs d’activités industrielles, infrastructures et centres de données confondus.

Les automatismes du bâtiment contribuent au confort et à l’efficacité énergétique des bâtiments tertiaires grâce à des systèmes d’automatisation et de sécurité.

**L’Activité Industry**

Le périmètre historique de l’Activité *Industry* porte sur l’automatisation discrète, qui offre des produits et des solutions complets d’automatismes et de contrôle pour machines, usines de fabrication et sites industriels.

Avec l’acquisition d’Invensys en 2014, l’activité *Industry* a élargi son portefeuille d’Activités dans l’univers de l’automatisation des processus, en récupérant une solide base installée de systèmes de contrôles distribués et d’instrumentation et des systèmes de sécurité, ainsi qu’une solide offre de logiciels industriels.

**L’Activité IT**

L’Activité *IT* inclut les technologies d’énergie sécurisée et de refroidissement pour les centres de données et autres applications pour lesquelles la continuité et la qualité de l’alimentation électrique sont essentielles.

**L’Activité Infrastructure**

L’Activité *Infrastructure* couvre la moyenne tension et des produits et solutions d'automatisation du réseau.

### Section D – Facteurs de Risque

**D.2 Informations clés sur les principaux risques propres à l’Émetteur**

Certains facteurs sont susceptibles d’affecter la capacité de l’Émetteur à remplir ses obligations découlant des Titres. Ces risques sont liés à l’Émetteur, à ses activités, son secteur et sa structure. Ces facteurs de risque ne sont pas exhaustifs.

Le Groupe et ses activités sont soumis à différents risques liés aux changements dans les circonstances concurrentielles, économiques, juridiques, politiques, sociales, industrielles, commerciales et financières. Ses activités et son résultat pourraient être affectés principalement par :

- **Risques opérationnels :**
Les marchés sur lesquels les produits du Groupe sont commercialisés dans le monde se caractérisent par une forte concurrence sur les prix, la qualité de l’offre, les délais de développement et de mise sur le marché et le service client. Cette concurrence est exercée par des entreprises d’une taille parfois plus importante, ou qui se développent dans des pays à bas coûts de main-d’œuvre. Le Groupe est exposé aux fluctuations des cycles de croissance économique et aux niveaux respectifs d’investissements des différents pays dans lesquels il est présent, ainsi qu’à l’instabilité politique ou sociale.

La progression et le succès des produits du Groupe dépendent de sa capacité à s’adapter en permanence aux nouvelles technologies et à tirer parti de celles-ci pour proposer des produits et des solutions à forte valeur ajoutée. Les marchés du Groupe connaissent des évolutions rapides imputables à l’émergence de technologies innovantes telles que l’Internet des objets et le big data. Les clients attendent des produits de plus en plus intelligents dotés d’interfaces ouvertes, leur permettant d’être étroitement intégrés à des solutions sur des bases logicielles de plus en plus complexes. La numérisation des produits qui en résulte, y compris la connectivité au Web en natif, ouvre de nouvelles opportunités, mais accélérera également la convergence des TI et des TO, rendant possible l’arrivée sur nos marchés de nouveaux acteurs. L’usage généralisé des terminaux mobiles crée de nouvelles attentes chez les consommateurs à la mesure de la fonctionnalité générale de ces produits. Dernier point et non des moindres, la connectivité accrue des produits accroît le risque de cyber-attaques.

La stratégie du Groupe implique un renforcement de ses positions par le biais d’acquisitions, d’alliances stratégiques, de joint-ventures et de fusions. Ce type d’opérations comporte des risques inhérents aux difficultés potentielles rencontrées lors de l’intégration du personnel, des activités, des technologies et des produits, ainsi que des coûts (d’acquisitions, administratifs ou autres) associés.

La concurrence pour attirer des cadres et un personnel technique très qualifiés est intense dans le secteur d’activité du Groupe. Elle devient un enjeu encore plus important à mesure que le Groupe poursuit sa trajectoire de croissance dans les économies matures et dans les nouvelles économies. Toutefois, sa réussite future dépend en partie de la capacité du Groupe à recruter, intégrer et fidéliser ses ingénieurs, commerciaux et autres collaborateurs qualifiés, notamment dans le domaine des solutions d’efficacité énergétique.

Risques industriels et environnementaux :

Les produits du Groupe peuvent présenter des risques de dysfonctionnements, d’erreurs ou de défauts, susceptibles de donner lieu à des litiges engageant sa responsabilité soit de vendeur, soit de fabricant, d’entraîner une perte de chiffre d’affaires, des réclamations au titre de la garantie, ainsi que des procédures juridiques. Ces contentieux pourraient entraîner une baisse de la demande pour les produits du Groupe et nuire à leur réputation de qualité et de sécurité.

Dans tous les pays où il est présent, les sites et les produits du Groupe
sont soumis au respect des exigences exhaustives et de plus en plus strictes des lois et réglementations en matière de protection de l’environnement. Outre les coûts résultant de l’application de ces règles, il ne peut être exclu que le Groupe soit tenu de payer des amendes ou dommages et intérêts d’un montant significatif ou doivent engager d’autres dépenses significatives au titre de violations passées, présentes ou futures des lois et réglementations environnementales.

- Risques liés aux systèmes d’information :
  - Le Groupe exploite, directement ou par l’intermédiaire de prestataires, des systèmes d’information multiples et très complexes (serveurs, réseaux, applications, bases de données, etc.), indispensables à la bonne conduite de son activité commerciale et industrielle. Une défaillance de l’un de ces systèmes (matériel ou logiciel), ou de l’un des prestataires, des erreurs humaines ou encore des virus informatiques pourraient influer sur la qualité de service du Groupe.

- Risques de marché :
  - Le Groupe est exposé aux risques liés à l’évolution des taux d’intérêt.
  - La présence internationale du Groupe l’expose au risque de change.
  - L’exposition du Groupe au risque des marchés actions est essentiellement liée aux actions Schneider Electric S. A. autodétenues.
  - Le Groupe est exposé au risque de contrepartie et au risque de liquidité.

- Risques juridiques :
  - Commercialisés dans le monde entier, les produits du Groupe sont soumis à la réglementation de chaque marché national mais également des règlements supranationaux (restrictions commerciales, barrières douanières, régimes fiscaux et normes de sécurité…). Toute modification de ces réglementations ou de ces normes ou de leurs conditions d’application à l’activité du Groupe est susceptible de se traduire par une baisse des ventes ou une augmentation des coûts d’exploitation.
  - En cas de dysfonctionnement ou de défaut de l’un de ses produits, système solutions, la responsabilité de Schneider Electric pourrait être engagée du fait de préjudices corporels, matériels ou immatériels qui en résulteraient. De même, la responsabilité du Groupe pourrait être mise en cause en cas d’erreur de conception d’un produit, d’un système ou d’une solution ou du fait d’un dysfonctionnement imputable à l’interface avec d’autres produits ou systèmes. Le dysfonctionnement d’un produit d’un système ou d’une solution pourrait impliquer des coûts liés au rappel des produits, entraîner de nouvelles dépenses de développement, et mobiliser des ressources techniques et économiques. De tels coûts pourraient avoir un impact
significatif sur la profitabilité et la trésorerie du Groupe. La réputation commerciale de Schneider Electric pourrait également être entachée.

- Le développement et la protection des droits de propriété intellectuelle du Groupe jouent un rôle déterminant dans sa réussite future. En cas de violation de ses droits de propriété intellectuelle par des tiers, le Groupe pourrait être dans l’obligation de mobiliser des ressources importantes pour contrôler, protéger et faire valoir ses droits. L’absence de mesure de protection pourrait mettre en péril l’avantage concurrentiel, voire l’activité du Groupe.

- Litiges : Bien qu’il soit impossible de prédire avec certitude les résultats et/ou les coûts liés à ces différentes actions, le Groupe considère que celles-ci ne sont pas de nature à avoir un impact significatif sur ses activités, la valeur de ses actifs, sa solidité financière ou sa profitabilité. À la connaissance de la société, il n’existe pas d’autre procédure gouvernementale, judiciaire ou d’arbitrage, y compris toute procédure dont la société a connaissance, qui est en suspens ou dont elle est menacée, susceptible d’avoir ou ayant eu au cours des 12 derniers mois des effets significatifs sur la situation financière ou la rentabilité de la société et/ou du Groupe.

- Politique d’assurances: responsabilité civile, dommages aux biens et pertes d’exploitation, transport, tous risques Montages & Essais, autres risques, auto-assurance, montant des primes.

D.3 Informations clés sur les principaux risques propres aux Titres

Certains facteurs sont susceptibles d’affecter la capacité de l’Emetteur à remplir ses obligations relatives aux Titres devant être émis en vertu du Programme :

- Risques généraux liés aux Titres tels que :
  - Le marché de négociation peut être volatile et peut être affecté de manière négative par de nombreux événements ;
  - Un marché de négociation liquide pour les Titres pourrait ne pas se développer ;
  - Les Titres peuvent faire l’objet d’un remboursement au gré de l’Emetteur ;
  - S’il a été prévu un remboursement anticipé au gré de l’Emetteur dans les Conditions Définitives pour une émission de Titres donnée, le rendement anticipé par les Porteurs de Titres pourrait être considérablement moins élevé que le montant attendu ;
  - Les Investisseurs ne seront pas en mesure de calculer par avance leur taux de rendement se rapportant aux Titres à Taux Variable ;
  - L’exercice d’une option de remboursement par les Porteurs de Titres en cas de changement de contrôle, d’option de remboursement à maturité résiduelle ou de remboursement anticipé au gré de l’Emetteur (make-whole) se rapportant à certains Titres pourrait affecter la liquidité des Titres de la Souche pour lesquels cette option n’est pas exercée ;
  - Les Titres à coupon zéro sont soumis à des fluctuations de prix plus importantes que celles des obligations sans décote ;
  - Les taux de change peuvent évoluer de manière significative et il existe un risque que les autorités ayant compétence sur la devise de l’investisseur puissent imposer ou modifier des contrôles de change ;
- Fiscalité : Les acheteurs et vendeurs potentiels de Titres devraient être avertis qu’ils pourraient être tenus de payer des impôts ou autres taxes ou droits conformément aux lois et pratiques du pays où les Titres sont transférés ou autres juridictions ;
- Les notations peuvent ne pas refléter tous les risques ;
- Un changement du droit applicable - aucune assurance ne peut être donnée quant à l’impact d’une décision de justice ou d’une modification de la législation française ou d’un changement dans l’application ou l’interprétation de la législation française postérieur à la date du Prospectus de Base ;
- La proposition de directive européenne relative à la taxe sur les transactions financières a un champ d’application large et pourrait, si elle était introduite dans son format actuel, s’appliquer à certaines opérations de Titres (notamment les transactions du marché secondaire) dans certaines circonstances;
- Risques relatifs aux Titres libellés en RMB :
  - Le RMB n’est pas librement convertible et la liquidité des Titres libellés en RMB pourrait en être négativement affectée ;
  - Risque de changements relatifs au soutien du gouvernement et au régime réglementaire: Il n’existe aucune certitude qu’à l’avenir le gouvernement de la République populaire de Chine (« RPC ») continuera à libéraliser les transferts RMB transfrontières ;
  - Risque de devises RMB: Du fait des restrictions imposées par le gouvernement de la PRC sur les flux financiers RMB transfrontières, la disponibilité du RMB à l’extérieur de la RPC est limitée ;
  - Risque de taux de change RMB : La valeur du RMB contre le dollar de Hong Kong et autres devises étrangères fluctue et est affectée par les changements des conditions politiques internationales et économiques et par de nombreux autres facteurs.

Un investissement dans les Titres comporte certains risques qui sont importants dans l’évaluation des risques de marché associés aux Titres émis dans le cadre du Programme. Même si tous ces risques constituent des éventualités susceptibles ou non de se produire, les investisseurs potentiels doivent savoir que les risques encourus en investissant dans des Titres peuvent aboutir à une volatilité et/ou une diminution de la valeur de marché de la Tranche de Titres concernée pour laquelle la valeur de marché ne correspond plus aux attentes (financières ou autres) d’un investisseur qui a souscrit ces Titres.

Toutefois, chaque investisseur potentiel dans les Titres doit déterminer en se fondant sur son propre jugement et en faisant appel à des conseils professionnels s’il le juge nécessaire, si l’acquisition de Titres est adaptée à ses besoins financiers, ses objectifs et ses conditions, si cette acquisition est conforme et compatible avec toutes les politiques d’investissement, les directives et restrictions qui lui sont applicables et s’il s’agit d’un investissement qui lui convient, malgré les risques évidents et substantiels inhérents à l’investissement et à la détention de Titres.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuer or to any of its subsidiaries.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors (although not exhaustive) described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

RISK FACTORS RELATING TO THE ISSUER

Risk factors relating to the Issuer are described on pages 37 to 44 of the 2015 Reference Document, as defined and further described under “Documents Incorporated by Reference” in this Base Prospectus, and include the following:

- operational risks;
- industrial and environmental risks;
- information systems risks;
- market risks;
- legal risks;
- disputes risks; and
- insurance risks.

RISK FACTORS RELATING TO THE NOTES

Independent Review and Advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and conditions, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.
Modification, waivers and substitution

The conditions of the Notes contain provisions for calling General Meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority. General Meetings may deliberate on any proposal relating to the modification of the conditions of the Notes subject to the limitation provided by French law.

Potential Conflicts of Interest

All or some of the Dealers and their affiliates have and/or may in the future engage, in the ordinary course of business, in lending, in investment banking, commercial banking and/or other financial advisory and commercial dealings with the Issuer and their affiliates and in relation to securities issued by any entity of the Group. They have or may, in the ordinary course of their business, (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

The Issuer and the Dealer(s) may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders (including where a Dealer acts as calculation agent), including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

The trading market for debt securities may be volatile and may be adversely impacted by many events.

The market for debt securities issued by issuers is influenced by global economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in European and other countries. There can be no assurance that events in France, Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of the Notes or that global economic and market conditions will not have any other adverse effect.

An active trading market for the Notes may not develop.

There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. The Issuer and any of its subsidiaries are entitled to buy the Notes, as described in Condition 6(j), and the Issuer may issue further notes, as described in Condition 13. Such transactions may adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

The Notes may be subject to optional redemption by the Issuer.

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or a political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions.
The Issuer has also the option, if so provided in the relevant Final Terms, to redeem the Notes under a make-whole call option as provided in Condition 6(d), a call option as provided in Condition 6(e), a residual maturity call option as provided in Condition 6(g) or a clean-up call option as provided in Condition 6(i). In particular, in case of a clean-up call option there is no obligation for the Issuer to inform investors if and when the percentage of 80 per cent. or the Clean-Up Percentage (as defined in the relevant Final Terms) has been reached or is about to be reached, and the Issuer’s right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of this option, the Notes may have been traded significantly above par, thus potentially resulting in a loss of capital invested.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Exercise of the Change of Control Put Option, the Put Option, the Residual Maturity Call Option, the Call Option or the Make-Whole Redemption by the Issuer in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised.

Depending on the number of Notes of the same Series in respect of which the Change of Control Put Option, the Put Option, the Residual Maturity Call Option, the Call Option or the Make-Whole Redemption provided, if any, in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid. In addition, investors may only be able to reinvest the moneys they receive upon such early redemption in securities with a lower yield than the redeemed Notes.

Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

Floating Rate Notes

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.
**Fixed/Floating Rate Notes**

Fixed to Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms. The conversion (whether it be automatic or optional) of the interest rate may affect the secondary market and the market value of the Notes since the conversion may produce a lower overall cost of borrowing. If a Fixed Rate is converted to a Floating Rate, the spread on the fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. The conversion from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Notes.

**Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.**

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

**Exchange rate risks and exchange controls.**

The Issuer will pay principal and interest on the Notes in the Specified Currency (as defined in the relevant Final Terms). This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency-equivalent yield on the Notes, (2) the Investor’s Currency-equivalent value of the principal payable on the Notes and (3) the Investor’s Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal at all.

**Taxation**

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial obligations such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus and/or in the Final Terms but to ask for their own tax adviser’s advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the relevant Final Terms.

**The proposed financial transactions tax (“FTT”)**

On 14 February 2013, the European Commission has published a proposal (the “Commission’s Proposal”) for a Directive for a common FTT in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the “Participating Member States”). Estonia has since then officially announced its withdrawal from the negotiations.
The Commission Proposal has a very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and the subscription of the Notes on a primary market should however be exempt.

Under the Commission’s Proposal, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, “established” in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

In December 2015, a joint statement was issued by the Participating Member States (excluding Estonia), initially indicating an intention to make decisions on the remaining open issues by the end of June 2016. However, failing an agreement on such issues, the Participating Member States (excluding Estonia) indicated following the last ECOFIN meeting of 17 June 2016 that work and discussions would continue during the second half of 2016.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States may decide to participate. If the proposed directive or any similar tax were adopted, transactions in the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. The rating reflects the possibility of default of the Issuer of the Notes as judged by the credit rating agencies.

Credit Risk

An investment in the Notes involves taking credit risk on the Issuer. If the credit worthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, and investors may lose all or part of their investment.

Change of Law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of this Base Prospectus.

French insolvency law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the “Assembly”) in order to defend their common interests if an accelerated safeguard procedure (procédure de sauvegarde accélérée), an accelerated financial safeguard procedure (procédure de sauvegarde financière accélérée), a safeguard procedure (procédure de sauvegarde), or a judicial reorganisation procedure (procédure de redressement judiciaire) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (EMTN) and regardless of their governing law. The Assembly deliberates on the proposed accelerated safeguard plan (projet de plan de sauvegarde accélérée), proposed accelerated financial safeguard plan (projet de plan de sauvegarde financière accélérée), proposed safeguard plan (projet
de plan de sauvegarde), proposed judicial reorganisation plan (projet de plan de redressement) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in this Base Prospectus will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

Risks related to RMB Notes
Notes denominated in RMB (“RMB Notes”) may be issued under the Programme. RMB Notes contain particular risks for potential investors.

RMB is not freely convertible and the liquidity of RMB Notes may be adversely affected
RMB is not freely convertible at present. The PRC government continues to regulate conversion between RMB and foreign currencies. The People’s Bank of China (“PBOC”) has established RMB clearing and settlement systems for certain locations pursuant to settlement agreements relating to the clearing of RMB business between PBOC and certain clearing banks. However, the current size of RMB and RMB denominated financial assets outside the PRC remains limited, and its growth is subject to many constraints which are directly affected by PRC laws and regulations on foreign exchange and may adversely affect the liquidity of RMB Notes.

To the extent the Issuer is required to source Renminbi in the offshore market to service its RMB Notes, there is no assurance that it will be able to source such Renminbi on satisfactory terms, if at all.

Risk of change in government support and regulatory regime
There can be no assurance that the PRC government will continue to gradually liberalise its control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under the RMB Notes.

RMB currency risk
Except in limited circumstances and unless otherwise specified, all payments of RMB under RMB Notes to an investor will be made solely by transfer to a RMB bank account maintained in Hong Kong by such investor in accordance with the prevailing rules and regulations and in accordance with the terms and conditions of the RMB Notes. The Issuer cannot be required to make payment by any other means (including in bank notes or by transfer to a bank account in the PRC or anywhere else outside Hong Kong). RMB is not freely convertible at present, and conversion of RMB into other currencies is subject to certain restrictions. In particular, for personal investors, currently conversions of RMB conducted through RMB deposit accounts may be subject to a daily limit, and investors may have to allow time for conversion of RMB from/to another currency of an amount exceeding such daily limit.
In addition, there can be no assurance that access to RMB for the purposes of making payments under such Notes or generally may remain or will not become restricted. If it becomes impossible to convert RMB from/to another freely convertible currency, or transfer RMB between accounts in Hong Kong, or the general RMB exchange market in Hong Kong becomes illiquid, any payment of RMB under the RMB Notes may be delayed or the Issuer may make such payments in another currency selected by the Issuer using an exchange rate determined by the Calculation Agent, or the Issuer may redeem the Notes by making payment in another currency.

**RMB exchange rate risk**

The value of RMB against foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. The Issuer will make all RMB payments under RMB Notes (subject to the second paragraph under the heading “RMB currency risk” above). As a result, the value of such payments in RMB (in foreign currency terms) may vary with the prevailing exchange rates in the marketplace. If the value of RMB depreciates against any foreign currencies, the value of an investor’s investment in such applicable foreign currency terms will decline. In addition, the PBOC changed the way it calculates the mid-point price of RMB against the U.S. dollar. This change may increase volatility in the value of RMB against foreign currencies.
CONDITIONS ATTACHED TO THE CONSENT OF THE ISSUER TO USE THE PROSPECTUS

In the context of any offer of Notes in France and/or in the Grand Duchy of Luxembourg (the “Public Offer Jurisdictions”) that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive, as amended, (a “Public Offer”), the Issuer consents to the use of this Base Prospectus and the relevant Final Terms (together, the “Prospectus”) in connection with a Public Offer of any Notes during the offer period specified in the relevant Final Terms (the “Offer Period”) and in the Public Offer Jurisdiction(s) specified in the relevant Final Terms by:

(1) subject to the conditions set out in the relevant Final Terms, any financial intermediary designated in such Final Terms; or

(2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “Rules”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under “Subscription and Sale” in this Base Prospectus which would apply as if it were a Dealer; (c) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (d) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (e) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery and “know your client” rules applying to the Issuer and/or the relevant Dealer(s); (f) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (g) satisfies any further conditions specified in the relevant Final Terms (in each case an “Authorised Offeror”). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Public Offer Jurisdiction(s) specified in the Final Terms, for the content of the Prospectus in relation to any person (an “Investor”) in such Public Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of this Base Prospectus by the AMF.

In the event the Final Terms designate financial intermediary(ies) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give its consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, will publish any new information in relation to such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at www.schneider-electric.com.
If the Final Terms specify that any financial intermediary may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the Offer Period, to publish on its website that it is using the Prospectus for the relevant Public Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Public Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations and settlement arrangements (the “Specific Terms of the Public Offer”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Public Offer shall be provided to Investors by that Authorised Offeror at the time of the Public Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.
IMPORTANT NOTICE

This Base Prospectus (together with any Supplements hereto (each a “Supplement” and together the “Supplements”) comprises a Base Prospectus for the purposes of Article 5.4 of the Prospectus Directive and for the purposes of giving information with regard to the Issuer, the Issuer and its subsidiaries taken as a whole (the “Group”) and the Notes which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

This Base Prospectus is to be read in conjunction with any document and/or information which is or may be incorporated herein by reference in accordance with Article 11 of the Prospectus Directive.

This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “Documents Incorporated by Reference” below).

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (each as defined in “Summary”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) or with any securities commission or regulatory authority of any state or other jurisdiction of the United States and include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or, in the case of Materialised Notes in bearer form, delivered within the United States or its possessions or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “Subscription and Sale”.

This Base Prospectus does not constitute an offer of, an offer to sell, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to
advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In connection with the issue of any Tranche, one of the Dealers may act as a stabilising manager (the “Stabilising Manager”). The identity of such Stabilising Manager will be disclosed in the relevant Final Terms.

However, there is no assurance that the Stabilising Manager(s) (or person(s) acting on behalf of a Stabilising Manager) will undertake any stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the Final Terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes, as the case may be. References in these Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

An Amended and Restated Agency Agreement (as amended or supplemented as at the Issue Date, the “Agency Agreement”) dated 31 August 2016 has been agreed between Schneider Electric SE (the “Issuer”), BNP Paribas Securities Services as fiscal agent and the other agents named in it. The fiscal agent, the paying agents, and the calculation agent(s) for the time being (if any) are referred to below respectively as the “Fiscal Agent”, the “Paying Agents” (which expression shall include the Fiscal Agent), and the “Calculation Agent(s)”. Copies of the Agency Agreement are available for inspection at the specified offices of each of the Paying Agents.

References below to “Conditions” are, unless the context requires otherwise, to the numbered paragraphs below. References below to “day” or “days” are to a calendar day or to calendar days, respectively.

1 Form, Denomination and Title

(a) Form

Notes may be issued either in dematerialised form (“Dematerialised Notes”) or in materialised form (“Materialised Notes”).

(i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French Code monétaire et financier (the “Code”) by book entries (inscriptions en compte). No physical document of title (including certificats représentatifs pursuant to Article R.211-7 of the Code) will be issued in respect of Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer and as specified in the relevant Final Terms (the “Final Terms”), in either (i) bearer dematerialised form (au porteur) only, in which case they are inscribed in the books of Euroclear France S.A. (acting as central depositary) (“Euroclear France”) which shall credit the accounts of Account Holders, or (ii) in registered dematerialised form (au nominatif) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (au nominatif administré) inscribed in the books of an Account Holder or in fully registered form (au nominatif pur) inscribed in an account in the books of Euroclear France maintained by the Issuer or the Registration Agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the “Registration Agent”).

Unless such right is expressly excluded in the relevant Final Terms, the Issuer may require the identification of the Noteholders.

For the purpose of these Conditions, “Account Holder” means any authorised financial intermediary institution entitled directly or indirectly to hold accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank S.A./N.V. (“Euroclear”) and
the depositary bank for Clearstream Banking, société anonyme ("Clearstream, Luxembourg").

(ii) Materialised Notes are issued in bearer form ("Materialised Notes") in the Specified Denomination(s) shown in the relevant Final Terms. Materialised Notes are serially numbered and are issued with coupons ("Coupons") (and, where appropriate, a talon ("Talon")) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Articles L.211-3 and R.211-1 of the Code, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

Dematerialised Notes shall be issued in one Specified Denomination only.

Union in whose national currency such Notes are denominated has become a participant member in the third stage of the European economic and monetary union (as provided in the Treaty establishing the European Community (the “EC”), as amended from time to time), or events have occurred which have substantially the same effects all as more fully provided in the relevant Final Terms.

For the purposes of this Condition:

(i) “Principal Subsidiary” means at any relevant time a Subsidiary of the Issuer:

(a) whose net operating income is at least 10 per cent. of the consolidated net operating income of the Issuer and its consolidated subsidiaries (the “Consolidated Group”) or whose total assets amount to at least 10 per cent. of the total consolidated assets of the Consolidated Group, in each case calculated by reference to the latest audited consolidated accounts of the Issuer;

immediately prior to such transfer is a Principal Subsidiary.

(ii) “Relevant Debt” means any present or future indebtedness for borrowed money in the form of, or

Definitive Materialised Notes, pursuant to its provisions.

5 Interest and Other Calculations

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest
Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest,
such interest being payable in arrear on each Interest Payment Date.

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of
interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if
applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on
the particular Interest Payment Date(s) specified in the relevant Final Terms.

(b) Interest on Floating Rate Notes:

(i) Interest Payment Dates: Each Floating Rate Note bears interest on its outstanding nominal
amount from the Interest Commencement Date at the rate per annum (expressed as a
percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest
Payment Date. Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as
Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in
the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of
months or other period shown in the relevant Final Terms as the Interest Period after the
preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Business Day Convention: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is:

(A) the Floating Rate Business Day Convention or “FRN Convention”, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment,

(B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day,

(C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought to the immediately preceding Business Day, or

(D) the Preceding Business Day Convention, such date shall be brought to the immediately preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes: the Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

(x) the Floating Rate Option is as specified in the relevant Final Terms;

(y) the Designated Maturity is a period specified in the relevant Final Terms; and

(z) the relevant Reset Date is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity”, “Reset Date” and “Swap Transaction” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

(a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner according to which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

(i) the offered quotation, or
(ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either (i) 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) or (ii) if otherwise, the Relevant Screen Page Time on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

(b) if the Relevant Screen Page is not available or if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, subject as provided below, the Calculation Agent shall request, (i) if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, (ii) if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks or, (iii) if otherwise, each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

(c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if otherwise, the Relevant Inter-Bank Market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time, on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the
opinion of the Issuer suitable for such purpose) informs the Calculation Agent it
is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-
bank market, if the Reference Rate is EURIBOR, the Euro zone inter-bank
market or, if otherwise, the Relevant Inter-Bank Market, as the case may be,
provided that, if the Rate of Interest cannot be determined in accordance with the
foregoing provisions of this paragraph, the Rate of Interest shall be determined as
at the last preceding Interest Determination Date (though substituting, where a
different Margin, Rate Multiplier or Maximum or Minimum Rate of Interest is to
be applied to the relevant Interest Accrual Period from that applied to the last
preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of
Interest relating to the relevant Interest Accrual Period, in place of the Margin or
Maximum or Minimum Rate of Interest relating to that last preceding Interest
Accrual Period).

(C) Linear Interpolation

Where Linear Interpolation is specified in the relevant Final Terms to be applicable in
respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual
Period shall be calculated by the Calculation Agent by straight line linear interpolation
by reference to two rates based on the relevant Reference Rate (where “Screen Rate
Determination” is specified to be applicable in the relevant Final Terms) or the relevant
Floating Rate Option (where “ISDA Determination” is specified to be applicable in the
relevant Final Terms), one of which shall be determined as if the Applicable Maturity
were the period of time for which rates are available next shorter than the length of the
relevant Interest Accrual Period and the other of which shall be determined as if the
Applicable Maturity were the period of time for which rates are available the next longer
than the length of the relevant Interest Accrual Period, provided however, that if there is
no such rate available for a period of time shorter or, as the case may be, longer than the
relevant Interest Accrual Period, then the Calculation Agent shall determine such rate at
such time and by reference to such sources as it determines appropriate.

“Applicable Maturity” means: (a) in relation to Screen Rate Determination, the period
of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the
Designated Maturity.

c) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the
Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall
be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any
overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the
Amortisation Yield (as defined in Condition 6(b)(i)).

d) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of
Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due
presentation, payment is improperly withheld or refused, in which event interest shall continue to
accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this
Condition 5 to the Relevant Date (as defined in Condition 8).
(e) Margin, Maximum/Minimum Rates of Interest and Redemption Amounts, Rate Multipliers and Rounding

(i) If any Margin or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.

(ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.

(iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country/ies of such currency.

(f) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period in the Final Terms, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(g) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts

As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or any Optional Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the second Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative
arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(i) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Agency Agreement). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid and notice of any such change of Calculation Agent shall promptly be given to the Noteholders in accordance with Condition 14 below.

(j) RMB Notes:

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after the Relevant Time as specified in the relevant Final Terms on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.
The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an adjustment of the Interest Period, if the Interest Payment Date is not a Business Day. If the Notes become due and payable under Condition 10, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest RMB sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6 Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

(b) Early Redemption:

(i) Zero Coupon Notes:

(A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.

(B) Subject to the provisions of sub-paragraph (C) below, the “Amortised Nominal Amount” of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

(C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).
Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

(ii) **Other Notes:** The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount.

(c) **Redemption for Taxation Reasons:**

(i) If, by reason of any change in, or any change in the official application or interpretation of, the law of a Relevant Jurisdiction (as defined below), becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 days’ prior notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 14, redeem all, but not some only, of the Notes at their Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for such additional amounts.

(ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by the law of a Relevant Jurisdiction from making payment to the Noteholders or, if applicable, Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days’ prior notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified on this Note, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or Coupons or, if that date is passed, as soon as practicable thereafter.

“Relevant Jurisdiction” means the Republic of France or any other jurisdiction in which the Issuer, or its successor, is or becomes organized or resident for tax purposes, or any political subdivision or taxing authority in, or of, any of the foregoing.

(d) **Make-Whole Redemption by the Issuer:**

If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 14 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the “Optional Redemption Date”) at their Optional Redemption Amount. The Optional Redemption Amount will be calculated by the Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the
then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Optional Redemption Date) discounted to the relevant Optional Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Optional Redemption Date.

The “Redemption Rate” is the average of the four quotations (eliminating the highest quotation (or, in the event of equality, one of the highest quotations) and the lowest quotation (or in the event of equality, one of the lowest quotations)) given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth business day preceding the Optional Redemption Date at 11.00 a.m. (Central European time (CET)).

“Reference Dealers” means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues or as specified in the relevant Final Terms.

If the Reference Security is no longer outstanding, a Similar Security specified in the Final Terms, will be chosen by the Calculation Agent at 11.00 a.m. (Central European time (CET)) on the third business day in London preceding the Optional Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 14.

The Redemption Rate will be notified by the Issuer in accordance with Condition 14.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption of, or a partial exercise of the Issuer’s option in respect of, Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances and taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are admitted to trading.

In the case of a partial redemption of, or a partial exercise of the Issuer’s option in respect of, Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the Code, subject to compliance with any other applicable laws and requirements of the Regulated Market on which the Notes are admitted to trading. In no event, the outstanding nominal amount of each Note following such reduction shall be below any amount which would prevent the Issuer from choosing its home Member State (as such term is defined in the Prospectus Directive).

Any notice given by the Issuer pursuant to this Condition 6(d) shall be deemed void and of no effect in relation to any Note in the event that, prior to the giving of such notice by the Issuer, the relevant Noteholder had already delivered an Exercise Notice in relation to such Note in accordance with Condition 6(f) below.

So long as the Notes are admitted to trading on a Regulated Market and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General
Regulation (Règlement Général) of the AMF and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(e) Redemption at the Option of the Issuer and Exercise of Issuer’s Options and Partial Redemption

If Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any Issuer’s Option (as may be described in the relevant Final Terms) in relation to, all or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer’s Option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer’s Option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the certificate numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

In the case of a partial redemption of or a partial exercise of an Issuer’s option in respect of Dematerialised Notes of any Series, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes that will not be redeemed shall be made in accordance with Article R.213-16 of the Code and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and stock exchange requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulation (Règlement Général) of the AMF and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(f) Redemption at the Option of Noteholders and Exercise of Noteholders’ Options

If Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days’ notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option or any other Noteholders’ Option that may be set out in the relevant Final Terms (which must be exercised on an Option Exercise Date) the holder must deposit with any Paying
Agent at its specified office, together with a duly completed option exercise notice ("Exercise Notice") in the form obtainable from any Paying Agent within the notice period. In the case of Materialised Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent or the Paying Agent with a specified office in Paris as specified in the Exercise Notice.

No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

(g) **Residual Maturity Call Option**

If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 14 to the Noteholders redeem the Notes, in whole or in part, at par together with interest accrued to, but excluding, the date fixed for redemption, which shall be no earlier than (i) three months before the Maturity Date in respect of Notes having a maturity of not more than seven years or (ii) six months before the Maturity Date in respect of Notes having a maturity of more than seven years, until the Maturity Date (in each case, the “Residual Maturity Call Option Date”) as specified in the relevant Final Terms.

For the purpose of the preceding paragraph, the maturity of not more than seven years or the maturity of more than seven years shall be determined as from the Issue Date of the first Tranche of the relevant Series of Notes.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the relevant provisions of Condition 6(d) shall apply *mutatis mutandis* to this Condition 6(g).

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(h) **Redemption at the Option of Noteholders following a Change of Control**

If Change of Control Put Option is specified in the relevant Final Terms, and if at any time while any such Note remains outstanding there occurs a Change of Control of the Issuer and within the Change of Control Period a Rating Downgrade occurs as a result of that Change of Control or as a result of a Potential Change of Control (a “Put Event”), then the holder of such Note will have the option (the “Change of Control Put Option”) (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem such Note under Condition 6(c)) to require the Issuer to redeem or, at the Issuer’s option, to procure the purchase of that Note on the Optional Redemption Date (all as defined below) at its principal amount together with (or, where purchased, together with an amount equal to) accrued interest to but excluding the Optional Redemption Date.

A “Change of Control” shall be deemed to have occurred at each time that any person or persons acting in concert come(s) to own or acquire(s) (i) more than 50 per cent. of the issued share capital of the Issuer or (ii) such number of the shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights.

“Change of Control Period” means:

(i) pursuant to a Change of Control, the period commencing on the date of the public announcement of the result (*avis de résultat*) by the *Autorité des marchés financiers* (the “AMF”) of the relevant Change of Control and ending on the date which is 90 days (inclusive) after the date of the public announcement by the AMF of the relevant Change of Control
provided that (a) a Rating Downgrade occurs during that period and (b) such Rating Downgrade results from a Change of Control; or

(ii) pursuant to a Potential Change of Control, the period commencing 180 days prior to the date of the public announcement of the result (avis de résultat) by the AMF of the relevant Change of Control and ending on the date of such announcement (inclusive) provided that (a) a Rating Downgrade occurs during that period and (b) such Rating Downgrade results from a Potential Change of Control.

“Rating Agency” means S&P or any other rating agency of equivalent international standing requested from time to time by the Issuer to grant a rating to the Notes and, in each case, their respective successors or affiliates.

A “Rating Downgrade” shall be deemed to have occurred in respect of a Change of Control or in respect of a Potential Change of Control if within the Change of Control Period:

(A) the rating previously assigned to the Notes by any Rating Agency is (x) withdrawn or (y) changed from an investment grade rating (BBB-, or its respective equivalents for the time being, or better) to a non-investment grade rating (BB+, or their respective equivalents for the time being, or worse) or (z) if the rating previously assigned to the Notes by any Rating Agency was below an investment grade rating (as described above), lowered by at least one full rating notch, or

(B) the Notes have no credit rating, and no Rating Agency assigns within the Change of Control Period an investment grade credit rating to the Notes, unless the Issuer has a credit rating from a Rating Agency, in which case paragraph (A) shall apply to the credit rating assigned to the Issuer by any Rating Agency; and

provided that (i) a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control or Potential Change of Control, as the case may be, if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction was the result of the Change of Control or the Potential Change of Control, as the case may be, and (ii) any Rating Downgrade has to be confirmed in a letter, or other form of written communication, sent to the Issuer and publicly disclosed.

“Potential Change of Control” means any public announcement or statement by the Issuer, any actual or potential bidder relating to any potential Change of Control of the Issuer.

As soon as the Rating Agency authorises the Issuer to disclose the Rating Downgrade, the Issuer becoming aware that a Put Event has occurred shall promptly give notice (a “Put Event Notice”) to the Noteholders in accordance with Condition 14 specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option.

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of a Note following a Put Event, the holder of that Note must in the case of Dematerialised Notes, transfer or cause to be transferred or, in the case of Materialised Notes, deposit or cause to be deposited such Note (together, if applicable, with all unmatured Coupons and unexchanged Talons) with any Paying Agent at its specified office within the period (the “Put Period”) of 45 days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (as applicable) (a “Put Option Notice”) and in which the holder may specify a bank account to which payment is to be made.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the relevant Paying Agent for the account of the Issuer as described above on the date which is the fifth Business Day following the end of the Put Period (the
“Optional Redemption Date”). Payment in respect of any Note so transferred will be made in Euro to the holder to the specified Euro-denominated bank account in the Change of Control Put Option Notice on the Optional Redemption Date via the relevant Paying Agent.

(i) **Clean-Up Call Option**

If a Clean-Up Call Option is specified in the relevant Final Terms and if 80 per cent. or any other percentage above as specified in the relevant Final Terms (the “Clean-Up Percentage”) of the initial aggregate nominal amount of Notes of the same Series have been redeemed or purchased and, in each case, cancelled, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 14 to the Noteholders redeem the Notes, in whole but not in part, at the Early Redemption Amount together with interest accrued to, but excluding, the date fixed for redemption.

(j) **Purchases**

The Issuer and any of its Subsidiaries may at any time purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price. Unless the possibility of holding and reselling is expressly excluded in the Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with Article L.213-1 A of the Code.

(k) **Cancellation**

All Notes purchased by or on behalf of the Issuer for cancellation or any of its Subsidiaries will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering each such Materialised Note together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(l) **Illegality**

If, by reason of any change in French law or any change in the official application of such law, becoming effective after the Issue Date, it becomes unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than 45 nor less than 30 days’ notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

7 **Payments and Talons**

(a) **Dematerialised Notes**

Payments of principal and interest in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered dematerialised form, by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the relevant Noteholder and (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank designated by the relevant Noteholder.
All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.

(b) Materialised Notes

Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(v)), as the case may be, (i) in the case of a currency other than Renminbi, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank and (ii) in the case of Renminbi, by transfer to a Renminbi account maintained by or on behalf of the Noteholder with a Bank. “Bank” means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System, or in the case of RMB, in Hong Kong.

c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Materialised Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

d) Payments Subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

e) Appointment of Agents

The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each case, do not assume any obligation or relationship of agency or trust for or with any Noteholder or holder of a coupon (a “Couponholder”). The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Registration Agent, the Consolidation Agent and the Calculation Agent(s), and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities of which, so long as the Notes are admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of such Regulated Market so require, one shall be Luxembourg, and a Paying Agent having a specified office in a major European city outside France, (v) in the case of Dematerialised Notes in fully registered form, a Registration Agent and, (vi) such other agents as may be required by the rules of any other stock exchange on which the Notes may be admitted to trading.
In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any
Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the
Noteholders in accordance with Condition 14 below.

(f) Unmatured Coupons and Unexchanged Talons

(i) Unless Materialised Notes provide that the relative Coupons are to become void upon the due
date for redemption of those Notes, Materialised Notes should be surrendered for payment
together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to
the face value of each missing unmatured Coupon (or, in the case of payment not being made in
full, that proportion of the amount of such missing unmatured Coupon that the sum of principal
so paid bears to the total principal due) shall be deducted from the Final Redemption Amount,
Early Redemption Amount or Optional Redemption Amount, as the case may be, due for
payment. Any amount so deducted shall be paid in the manner mentioned above against
surrender of such missing Coupon within a period of 10 years from the Relevant Date for the
payment of such principal (whether or not such Coupon has become void pursuant to
Condition 9).

(ii) If Materialised Notes so provide, upon the due date for redemption of any such Materialised
Note, unmatured Coupons relating to such Note (whether or not attached) shall become void
and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to
such Note (whether or not attached) shall become void and no Coupon shall be delivered in
respect of such Talon.

(iv) Where any Materialised Note that provides that the relative unmatured Coupons are to become
void upon the due date for redemption of those Notes is presented for redemption without all
unmatured Coupons, and where any such Note is presented for redemption without any
unexchanged Talon relating to it, redemption shall be made only against the provision of such
indemnity as the Issuer may require.

(v) If the due date for redemption of any Materialised Note is not a due date for payment of
interest, interest accrued from the preceding due date for payment of interest or the Interest
Commencement Date, as the case may be, shall only be payable against presentation (and
surrender if appropriate) of the relevant Note representing it, as the case may be. Interest
accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable
on redemption of such Note against presentation of the relevant Note representing it, as the case
may be.

(g) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in
respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at
the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary
another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void
pursuant to Condition 9).

(h) Non-Business Days

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be
entitled to payment until the next following business day nor to any interest or other sum in respect of
such postponed payment. In this paragraph, “business day” means a day (other than a Saturday or a
Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or
(ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “Financial Centres” in the relevant Final Terms and (C) (i) (in the case of a payment in a currency other than Euro and Renminbi) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro) which is a TARGET Business Day, or (iii) (in the case of a payment in Renminbi) on which banks and foreign exchange markets are open for business and settlement of Renminbi payments in Hong Kong.

(i) Payment of US Dollar Equivalent

Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if RMB is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a RMB Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30-days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such RMB denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 10.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 7(i):

“Governmental Authority” means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong or any other relevant jurisdiction of a Renminbi offshore market.

“Illiquidity” means that the general RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market becomes illiquid, other than as a result of an event of Inconvertibility or Non-Transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two RMB Dealers as a result of which event the Issuer cannot, having used its reasonable endeavours, obtain sufficient RMB in order fully to satisfy its obligation to pay interest or principal in respect of the RMB Notes.

“Inconvertibility” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“Non-Transferability” means the occurrence of any event that makes it impossible for the Issuer to deliver RMB between accounts inside Hong Kong or any other relevant jurisdiction of a Renminbi offshore market from an account inside Hong Kong or any other relevant jurisdiction of a Renminbi offshore market or to an account outside Hong Kong or any other relevant jurisdiction of a Renminbi
offshore market, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“RMB Dealer” means an independent foreign exchange dealer of international repute active in the RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market reasonably selected by the Issuer.

“RMB Note” means a Note denominated in RMB.

“RMB Rate Calculation Agent” means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate or identified as such in the relevant Final Terms.

“RMB Rate Calculation Business Day” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market and in New York City.

“RMB Rate Calculation Date” means the day which is two RMB Rate Calculation Business Days before the due date for payment of the relevant RMB amount under the Conditions.

“RMB Spot Rate” for a RMB Rate Calculation Date means the spot CNY/US dollar exchange rate for the purchase of US dollars with CNY in the over-the-counter CNY exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at the Relevant Time as specified in the relevant Final Terms on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither such rate is available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at the Relevant Time as specified in the relevant Final Terms on the RMB Rate Calculation Date as the most recently available CNY/U.S. dollar official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

“US Dollar Equivalent” means the relevant RMB amount converted into US dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

8 Taxation

(a) Withholding Tax exemption

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If the law of a Relevant Jurisdiction should require that payments of principal, or interest in respect of any Note or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case
may be, of such amounts as would have been received by them had no such withholding or deduction
been required, except that no such additional amounts shall be payable with respect to any Note or
Coupon, as the case may be:

(i) **Other connection**: to, or to a third party on behalf of, a Noteholder or, if applicable, a
Couponholder, as the case may be, who is liable to such taxes, duties, assessments or
governmental charges in respect of such Note or Coupon by reason of his having some
connection with the Relevant Jurisdiction other than the mere holding of the Note or Coupon;
or

(ii) **Presentation more than 30 days after the Relevant Date**: in the case of Materialised Notes,
more than 30 days after the Relevant Date except to the extent that the Noteholder or, if
applicable a Couponholder, as the case may be, would have been entitled to such additional
amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions, “**Relevant Date**” in respect of any Note or Coupon means the date on
which payment in respect of it first becomes due or (if any amount of the money payable is improperly
withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier)
the date seven days after that on which notice is duly given to the Noteholders that, upon further
presentation of the Note or Coupon being made in accordance with the Conditions, such payment will
be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in
respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption
Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable
pursuant to Condition 7 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to
include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment
or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any additional
amounts that may be payable under this Condition.

(c) **Supply of information**

Each Noteholder shall be responsible for supplying to the relevant Paying Agent, in a timely manner,
any information as may be required in order to comply with the identification and reporting obligations
imposed on it by Article 242 ter of the French **Code général des impôts** and Articles 49 I ter to 49 I
sexies of Annexe III to the French **Code général des impôts**.

9 **Prescription**

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not
include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or
five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10 **Events of Default**

The Representative (as defined under Condition 11(b)), upon request of any Noteholder, may, upon written
notice to the Issuer and the Fiscal Agent given before all defaults shall have been cured, cause the principal
amount of all the Notes (but not some only) held by such Noteholder to become immediately due and
payable, together with accrued interest thereon, as of the date on which such notice for payment is received by
the Fiscal Agent without further formality, if any of the following events (each an “**Event of Default**”) shall
occur:

(i) in the event of default by the Issuer in the payment of principal and interest on any Note, when and as
the same shall become due and payable, if such default shall not have been cured within 7 business
days from such due date;
in the event of default by the Issuer in the due performance of any other provision of the Notes, if such default shall not have been cured within 21 business days after receipt by the Fiscal Agent of written notice of such default given by a Noteholder;

any other present or future indebtedness of the Issuer or any of its Principal Subsidiaries for borrowed monies in excess of Euro 100,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, becomes, following, where applicable, the expiry of any originally applicable grace period, due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any originally applicable grace period therefor or any steps shall be taken to enforce any security in respect of any such indebtedness or any guarantee or indemnity given by the Issuer or any of its Principal Subsidiaries for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon;

a judgement is issued for the judicial liquidation (liquidation judiciaire) or for a transfer of the whole of the business (cession totale de l’entreprise) of the Issuer or any of its Principal Subsidiaries or, to the extent permitted by law, the Issuer or any of its Principal Subsidiaries is subject to any other insolvency or bankruptcy proceedings or the Issuer or any of its Principal Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors. For the purpose solely of this paragraph, the term “Principal Subsidiaries” shall have the same meaning as under Condition 4 hereinabove; or

in the event that the Issuer or any of its Principal Subsidiaries ceases to carry on all or a material part of its or their business or other operations, except for the purposes of and following a merger or reorganisation (fusion, scission or apport partiel d’actifs) (i) on terms approved by the General Meeting of the Noteholders if French law were to require such merger or reorganisation to be approved by the General Meeting of the Noteholders or (ii) or in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary are vested in the Issuer, another of its Principal Subsidiaries or any other Subsidiary which as a result of such merger or reorganisation becomes a Principal Subsidiary.

11 Representation of Noteholders

In respect of the representation of the Noteholders, the following shall apply:

(a) If the relevant Final Terms specify “Full Masse”, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse and the provisions of the French Code de Commerce relating to the Masse shall apply subject to the below provisions of this Condition 11(a).

The names and addresses of the initial Representative (as defined below) of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the general meeting of the Noteholders (the “General Meeting”).

In accordance with Article R.228-71 of the French Code de Commerce, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.
The place where a General Meeting shall be held will be set out in the notice convening such General Meeting; or

(b) If the Notes are issued outside France for the purpose of Article L.228-90 of the French *Code de Commerce*, the relevant Final Terms specify “Contractual Masse”, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the “Masse”), which will be subject to the below provisions of this Condition 11(b).

The *Masse* will be governed by the provisions of the French *Code de commerce*, and, with respect to Notes issued outside France, with the exception of Articles L.228-48, L.228-59, R.228-63, R.228-67 and R.228-69 of the French *Code de Commerce* subject to the following provisions:

(i) **Legal Personality:** The *Masse* will be a separate legal entity and will act in part through a representative (the “Representative”) and in part through a general meeting of the Noteholders.

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(ii) **Representative:** The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

- the Issuer, the members of its Board of Directors (*Conseil d’Administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouses; or
- companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors (*Conseil d’administration*), Management Board (*Directoire*) or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouses; or
- companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(iii) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.
All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

(iv) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 14 not less than 15 days prior to the date of such General Meeting.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Noteholders. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(v) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) to Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 14.

(c) **Information to Noteholders:** Each Noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.
(d) **Expenses:** The Issuer will pay all expenses relating to the operation of the *Masse*, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(e) **Single Masse:** The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all such Series.

For the avoidance of doubt, in this Condition 11 “**outstanding**” shall not include those Notes subscribed or purchased by the Issuer pursuant to Article L.213-1 A of the Code that are held by it and not cancelled.

12 **Replacement of definitive Notes, Coupons and Talons**

If, in the case of any Materialised Notes, a Definitive Materialised Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Definitive Materialised Notes, Coupons or Talons must be surrendered before replacements will be issued.

13 **Further Issues and Consolidation**

The Issuer may from time to time without the consent of the Noteholders, or Couponholders create and issue further notes to be assimilated (*assimilées*) with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for issue date, issue price, the principal amount thereof and the first payment of interest specified in the Final Terms) and that the terms of such Notes provide for such assimilation, and references in these Conditions to “**Notes**” shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a redenomination of the notes pursuant to Condition 1(d), on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 14, without the consent of the Noteholders or the Couponholders, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

14 **Notices**

(a) **Notices to the holders of Dematerialised Notes in registered form (**au nominatif**) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or, (ii) at the option of the Issuer, they are published (a) so long as such Notes are admitted to trading on Euronext Paris, in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the AMF and, (b) so long as such Notes are admitted to trading on any Regulated Market or other stock exchange, and, to the extent applicable, laws or regulations or the rules of such Regulated Market or other stock exchange(s) so require, on the website of any other competent
authority or Regulated Market of the EEA Member State where the Notes are admitted to trading, or (c) as otherwise provided in applicable laws, regulations or rules.

(b) Notices to the holders of Materialised Notes and Dematerialised Notes in bearer form (au porteur) shall be valid if, at the option of the Issuer, they are published (i) so long as such Notes are admitted to trading on Euronext Paris, in accordance with Articles 221-3 and 221-4 of the General Regulations (Règlement Général) of the AMF and, (ii) so long as such Notes are admitted to trading on any stock exchange including any Regulated Market, (a) in a leading daily newspaper of general circulation in the city/ies where the Regulated Market(s), or other stock exchange on which such Notes are admitted to trading is located, if the rules applicable to such Regulated Market or other stock exchange so require, or (b) on the website of any other competent authority or Regulated Market of the EEA Member State where the Notes are admitted to trading, or (c) as otherwise provided in applicable laws, regulations or rules.

(c) If any such publication is not practicable, notice shall be validly given if published in a leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Notes in accordance with this Condition.

(d) Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication of a notice required by Conditions 14(a), (b) and (c) above; except that notices will be published (a) so long as such Notes are admitted to trading on Euronext Paris, in accordance with Articles 221-3 and 221-4 of the General Regulations (Règlement Général) of the AMF and (b) so long as the Notes are admitted to trading on any Regulated Market(s) and the rules of such Regulated Market(s) so require, notices shall be published on the website of any other competent authority or Regulated Market of the EEA Member State where the Notes are admitted to trading, or (c) as otherwise provided in applicable laws, regulations or rules.

Jean-Pascal Tricoire, Chairman and CEO, commented: “We deliver strong performance in the first half in a challenging environment. Our margin is up by +1.6pts before FX, and Free Cash Flow more than doubles. Adjusted EBITA and Net Profit both grow double digits. This strong performance is driven by our continued focus on executing the simple strategy laid out in Schneider is On, with good progress of cost and simplification initiatives. In an environment impacted by O&G headwinds and weakness in resource based markets, we see continued growth in Western Europe and the U.S. construction market, improvement in China’s construction market and slight growth in the rest of New Economies despite difficulties in Brazil and the Middle East.

Looking forward, our priorities remain to accelerate growth in Products, Software and Services, better select and execute systems, and continue focusing on our cost and cash efficiency in a mixed environment. We should also face a high base of comparison in margin, an accelerated negative impact on revenues from project selectivity, less favourable raw material tailwinds and a slowdown in the U.K. Taking into account these elements, and our strong performance in H1, we update our 2016 objectives and target about flat underlying organic growth in revenues before the impact of selectivity, and adjusted EBITA margin to improve +60bps to +90bps before FX”.

Buildings & Partner (44% of Q2 revenues) grew +0.9% organically in the second quarter, growing in all regions except Rest of the World. Wiring Devices & Final Distribution was up mid-single digit. The execution priorities remained focusing on maximizing all businesses through its network of partners, launching new connected offers for “Power distribution redefined” and driving Wiring devices / Final distribution growth in all regions. North America was up driven by successful new offer launches in a favourable construction market in the U.S. and continued growth in Mexico. In Western Europe, Germany and Spain were up thanks to commercial initiatives. The Nordics grew in a mixed environment while France performed well in the residential construction market. Asia-Pacific was up. China stabilized thanks to construction markets in tier 1 and tier 2 cities and growth initiatives in targeted segments. India was up strongly in a favourable market. Rest of the World was slightly down as the growth in CIS couldn’t offset the declines in the Middle East and South America.

Industry (22% of Q2 revenues) declined -1.2% organically, at a slower pace than Q1 thanks to the focus on accelerating business through partners and integrators, developing OEM solutions, growing software in key segments, balancing end-user exposure and growing strategic accounts. The U.S. was down as it continued to be impacted by low O&G investment and a strong dollar, while the priority remains enhancing cross-selling by leveraging channels and new offer launches. Western Europe was up, driven by growth initiatives and project execution while the OEM market remained positive. France and Germany performed well thanks to channel initiatives in a tepid market. Italy was up benefitting from sustained demand from export oriented OEMs while the U.K. was down. China declined at a slower pace than in Q1 as the OEM market showed early signs of improvement. The Rest of the World grew. Services were up strongly in the quarter.

Infrastructure (20% of Q2 revenues) was down -2.3% organically in the quarter, about flat without the project selectivity impact, estimated to be around -€25m in Q2. This impact is expected to increase in H2. The business continued to focus on growing Services and Products while increasing selectivity and better executing systems (projects and equipment). North America was up thanks to project execution in difficult markets in the U.S. while Canada was penalized by a high base of comparison. In Western Europe, France, Germany & the U.K. were up due to solid project execution while Spain and Italy declined mainly impacted by project selectivity. In Asia-Pacific, China declined as the growth from emerging segments could not offset weakness from traditional segments. Australia was down while South East Asia grew. Rest of the World was dragged down by weakness in the Middle East, Russia and Brazil.

IT (14% of Q2 revenues) was down -0.9% organically. Launching new offers and expanding channels, integrating the total Group portfolio for targeted data center segments, leveraging new cloud-based software and driving services growth were the priorities for the business in a mixed environment. The U.S. was slightly
up driven by reinvigorated channels and strong services growth. Western Europe declined slightly as the growth from service was offset by weak IT channel sales. Asia-Pacific was up thanks to strong growth in India and South East Asia. The Rest of World declined as growth in CIS was offset by declines in Middle East and Africa. Services continued to grow strongly.

Organically, systems & equipment were down -3% while products & services were up +1% in the quarter.

**Western Europe** (28% of Q2 revenues) was up +3% organically in the second quarter. Germany and France were up thanks to growth initiatives in the construction and industry markets and the execution of infrastructure projects. The Nordics grew strongly driven by good market momentum in some countries and project execution. Italy and the U.K. grew while Spain was impacted by a high base of comparison.

**Asia-Pacific** (27% of Q2 revenues), was down –2% organically. China continued to post a slower paced decline thanks to stabilization in tier 1 and tier 2 city construction markets. New Economies outside China were up, driven by India and South East Asia. Australia was penalized by the phasing down of some projects and continued weakness in commodity-related segments while the residential construction markets continued to grow.

**North America** (28% of Q2 revenues) was about flat organically in Q2. The U.S. was up thanks to growth in the construction market and infrastructure project execution, while industry markets remained weak. Additionally, there were signs of improvement in some data center segments. Canada was down while Mexico continued to grow in a favourable market.

**Rest of the World** (17% of Q2 revenues) was down -4% organically. Middle East turned negative as a result of weak investment caused by a low oil price and lack of financing. South America was dragged down by weakness in Brazil, while the rest of region grew. CIS was up thanks to growth in medium range offer and project execution.

Revenues in new economies were down around -2% and represented 41% of total second quarter 2016 revenues. Revenues in the new economies outside China were up 1%, while China was down low single digit in the first half 2016.

The Working Day impact in H1 was estimated at +0.9pt, which is expected to be -0.9pt in H2.

**Consolidation** and foreign exchange impacts

Net acquisitions had an impact of -€292 million or -4.3%. This includes mainly the deconsolidation of Delixi\(^2\) (consolidated under Buildings & Partner business), the disposal of Juno Lighting (consolidated under

Buildings & Partner business), Telvent Global Services and Transportation (consolidated under Infrastructure business), and some minor acquisitions and disposals in other businesses. Delixi remains a 50/50 joint venture and the deconsolidation had almost no impact on the Group’s adjusted EBITA margin evolution in H1, and no impact on net profit at the Group level (see table in appendix).

The impact of foreign exchange fluctuations was negative at -€322 million or -4.6%, primarily due to the weakening of the U.S. dollar, Chinese yuan, British Pound and several new economies’ currencies against the euro.

Based on current rates, the negative FX impact on FY 2016 revenues is estimated to be ~€1bn. The negative FX impact on adjusted EBITA margin for FY 2016 is now estimated to be -50bps to -60bps due to increased currency volatility since April.

- **ADJUSTED EBITA MARGIN AT 13.3%, UP +0.8 POINT VERSUS HY 2015, UP c. +1.6 POINTS BEFORE NEGATIVE FX IMPACT**

Gross profit was down -4.7%, up 3.1% organically, and systems gross margin improved by ~+1pt

Gross margin increased +1.2pts to 38.2% in HY 2016 as positive net pricing$^3$ and productivity offset negative FX and production labor inflation:

- Net price contributed +0.8pt and productivity contributed +1.4pts
- Negative mix of -0.1pt showing significant sequential improvement compared to H2 2015
- Production Labor inflation had a negative impact of -0.3pt
- Currency had a negative impact of -0.7pt mainly due to the depreciation of the U.S. dollar, Chinese yuan, and several new economies’ currencies against Euro
- Scope and Others had a positive +0.1pt impact, mainly due to the deconsolidation of Delixi, the disposal of Telvent Transportation and some negative one-off adjustments

**Support function costs** decreased -1.0% organically, a 1pt greater decrease than organic growth and decreased -6.1% on a reported basis.

**HY 2016 Adjusted EBITA** reached €1,570 million, down -1.9%, up 12% organically

---

$^3$ Price plus raw material impact.
The key drivers contributing to the earnings change were the following:

- Volume impact was negative \( -€28 \text{ million} \)
- Solid execution of tailored supply chain initiatives contributed \( €171 \text{ million} \), higher than H1 2015
- The net price impact was positive at \( €99 \text{ million} \), comprised of a favourable raw materials tailwind of \( ~€100 \text{ million} \) and price stability at Group level (positive outside China). The raw material tailwind is expected to be close to zero in the second half of the year
- Production Labor inflation was \( -€37 \text{ million} \)
- Support function costs reduced by \( €31 \text{ million} \) in H1. Total gross SFC reduction in H1 2016 is c.\( €120m \) thanks to solid execution of the Group’s simplification program
- Currency fluctuation decreased the adjusted EBITA by \( -€143 \text{ million} \), mainly due to the depreciation of the U.S. dollar, Chinese yuan, and several new economies’ currencies against the euro
- Mix was negative at \( -€15 \text{ million} \)
- Acquisitions, net of divestments, were a negative \( -€55 \text{ million} \) for H1 mainly driven by the deconsolidation of Delixi and the disposal of Telvent Transportation and Juno Lighting. The impact on adjusted EBITA margin was positive at c. +0.1pt, mainly due to the disposal of Telvent Transportation.

By business, adjusted EBITA of Buildings & Partner for HY 2016 amounted to \( €1,025 \text{ million} \), or 19.8% of revenues, up +1.9 points year-on-year thanks to strong gross margin improvement. Industry generated an adjusted EBITA of \( €424 \text{ million} \), or 15.9% of revenues up +0.4 point, up c. +1.2pts before FX thanks to strong cost control. Infrastructure adjusted EBITA was \( €158 \text{ million} \), or 6.9% of revenues. The underlying trend was positive at +0.7 point year-on-year, driven by system gross margin improvement and stringent cost control. The adjusted EBITA margin was up c. +2pts before FX. IT business reported an adjusted EBITA of \( €266 \text{ million} \), 15.7% of revenues, down -0.4 point, up c. +0.1pt before FX. Gross margin was up, while adjusted EBITA margin was impacted by FX.

Corporate costs in H1 2016 amounted to \( €303 \text{ million} \), about the same level as in the previous year.

- **NET INCOME UP +13%**

The restructuring charges were \( €132 \text{ million} \) in HY 2016. Restructuring Costs are expected to be c. \( €300 \text{ million} \) in FY 2016 to drive efficiency and simplification initiatives.

Other operating income and expenses had a negative impact of \( -€8 \text{ million} \), vs. \( -€75 \text{ million} \) in HY 2015.

The amortization and depreciation of intangibles linked to acquisitions was \( €83 \text{ million} \) compared to \( €138 \text{ million} \) last year, a significant decrease mainly due to the end of the depreciation of several previously acquired brands.

Net financial expenses were \( €246 \text{ million} \), compared to \( €226 \text{ million} \) in HY 2015 as the cost of net debt decreased by \( €18 \text{ million} \), but was offset by a loss on exchange.

Income tax amounted to \( €275 \text{ million} \) reflecting a tax rate of 25%, an increase from last year mainly due to the ramp down of Invensys tax synergies, in line with the 2016 expected tax rate of 24% to 26%.

Share of profit on associates amounted to \( €13 \text{ million} \) including the effect of the change in consolidation of Delixi.

The Net Income was \( €809 \text{ million} \) in HY 2016, up +13% from HY 2015.

- **FREE CASH FLOW OF €446 million, more than double HY 2015**
Free cash flow was reported at €446 million for the first half, more than double the cash flow from HY 2015 thanks to strong growth of operational cash flow. This figure included net capital expenditure of €402 million. The trade working capital increased by €251 million, a lower increase than in HY 2015 thanks to better control over receivables and inventory management.

- **BALANCE SHEET REMAINS SOLID**

Schneider Electric’s net debt at June 30, 2016 amounted to €5,723 million, an increase of €1,092 million compared to the beginning of the year, mainly due to dividend payments and share buybacks.

**III. SHARE BUY BACK**

Since the beginning of the year, the Group has repurchased 6,192,623 shares for a total amount of €320 million with an average price of €52. The share buyback was accelerated after Brexit. The Group has repurchased 16.8m shares, investing ~€0.9bn cumulatively on share buybacks since 2015 against the Group’s target of ~€1.5bn.

**IV. 2016 TARGETS**

In the first half, the Group delivered solid organic growth around Products & Services and a strong improvement in adjusted EBITA margin in a challenging environment. While headwinds from O&G and weakness in resource based markets remained, growth continued in the U.S. construction market and in Western Europe, China’s construction market showed improvement and New Economies outside China were slightly up. Additionally, the Group's organic growth was negatively impacted by project selectivity. The impact of this selectivity is estimated at -€70 to -€80m in H1, and is expected to accelerate in H2.

In the second half the priority remains to accelerate growth in Products, Software and Services, better select and execute Systems, and continue to focus on cost and cash efficiency. The Group should also face a high base of comparison in margin, an accelerated negative impact from project selectivity, less favourable raw material tailwinds and a slowdown in the U.K. due to Brexit.

Based on this, and given the strong performance in H1, the Group now targets for full year 2016:

- Revenues: About flat underlying organic growth before project selectivity impact (currently estimated to be c. -2% in H2).
- +60bps to +90bps improvement on adjusted EBITA margin before FX. The negative FX impact on margin is estimated at -50bps to -60bps at current rates.

TAXATION

The statements herein regarding taxation in France and Luxembourg are based on the laws in force in the Republic of France and in the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective Noteholder should consult its tax advisor as to the French and Luxembourg tax consequences of the ownership and disposition of the Notes.

LUXEMBOURG WITHHOLDING TAX

Under Luxembourg tax laws currently in effect and subject to the exception below, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest).

In accordance with the law of 23 December 2005, as amended on the introduction of a withholding tax on certain interest payments on savings income, interest payments made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg individual residents and to certain residual entities that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated as UCITS recognised in accordance with the European Council Directive 85/611/EEC, as replaced by the European Council Directive 2009/65/EC, or for the exchange of information regime) are subject to a 10 per cent. withholding tax. Responsibility for the 10 per cent. withholding such tax will be assumed by the Luxembourg paying agent.

This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers.

FRENCH TAXATION

The following is a description, based on the laws of France as of the date of this Programme (and therefore subject to any changes in law, possibly with a retroactive effect), limited to certain tax considerations in France relating to the Notes that may be issued under the Programme to any holder of Notes who does not concurrently hold shares of the Issuer. Prospective holders or beneficial owners of Notes should consult their tax advisors as to the tax consequences of any investment in or ownership and disposition of the Notes.

Savings Directive

The Directive was implemented into French law under Article 242 ter of the French Code général des impôts and Articles 49 I ter to 49 I sexies of the Schedule III of the French Code général des impôts, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner. This obligation to report is in principle withdrew by the European Council Directive 2015/2060/EU dated 10 November 2015. However, it continues to apply for a transitional period.

Withholding Tax

Notes issued as from 1 March 2010

Pursuant to the French Code général des impôts, payments of interest and other revenues made by the Issuer with respect to notes issued on or after 1 March 2010 (other than Notes (described below) which are assimilated (assimilables for the purpose of French law) and form a single series with Notes issued prior to 1 March 2010 benefitting from the exemption from withholding tax of Article 131 quater of the French Code général des impôts) will not be subject to the withholding tax set out under Article 125 A III of the French Code général des impôts unless such payments are made outside France in a non-cooperative State or territory (Etat ou territoire non coopératif) within the meaning of Article 238-0 A of the French Code général des
impôts (a “Non-Cooperative State”). If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French Code général des impôts.

Furthermore, according to Article 238 A of the French Code général des impôts, interest and other revenues on such Notes will not be deductible from the Issuer’s taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State (subject to certain exceptions). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French Code général des impôts, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis 2 of the French Code général des impôts, at a rate of 30 per cent. or 75 per cent, subject to the more favourable provisions of any applicable tax treaty.

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French Code général des impôts nor, to the extent the relevant interest or other similar revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the non-deductibility set out under Article 238 A of the French Code général des impôts will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such a particular issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “Exception”).

Pursuant to French tax administrative guidelines (BOI-INT-DG-20-50-20140211, no. 550 and 990, BOI-RPPM-RCM-30-10-20-40-20140211, no. 70 and BOI-IR-DOMIC-10-20-20-60-20150320, no. 10), an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- offered by means of a public offer within the meaning of Article L.411-1 of the French Code monétaire et financier or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- admitted, at the time of their issue, to the clearing operations of a central depositary or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French Code monétaire et financier, or of one or more similar foreign depositaries or operators provided that such depositary or operator is not located in a Non-Cooperative State.

Notes issued before 1 March 2010 and Notes which are assimilated to (assimilables for the purpose of French law) Notes issued before 1 March 2010

Payments of interest and other revenues made by the Issuer with respect to (i) Notes issued (or deemed issued) outside France as provided under Article 131 quater of the French Code général des impôts, before 1 March 2010 and (ii) Notes which are assimilated (assimilables for the purpose of the French law), and form a single series with, such Notes referred to under (i) above, will continue to be exempt from the withholding tax set out under Article 125 A III of the French Code général des impôts.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting obligations under French law, or titres de créances négociables within the meaning of the French tax administrative guidelines (BOI-RPPM-RCM-30-10-30-30-20140211) or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are
deemed to be issued outside the Republic of France for the purpose of Article 131 quater of the French Code général des impôts, in accordance with the aforementioned administrative guidelines.

In addition, interest and other revenues paid by the Issuer on Notes issued before 1 March 2010 (or Notes issued after 1 March 2010 and which are to be assimilated (assimilables for the purpose of the French law) and form a single series with such Notes) will be subject neither to the non-deductibility set out under Article 238 A of the French Code général des impôts nor to the withholding tax set out in Article 119 bis of the French Code général des impôts solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

**Payments made to individuals tax resident (domiciliés fiscalement) in France**

Pursuant to Article 125 A of the French Code général des impôts, subject to certain limited exceptions, interest received by French tax resident individuals is subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 per cent. on interest paid to French tax resident individuals.

See “Terms and Conditions of the Notes — Taxation”.

**HONG KONG**

The following is a summary of certain Hong Kong tax considerations relating to the purchase, ownership and disposition of the Notes by a beneficial owner of the Notes. This summary is based on the tax laws and regulations of Hong Kong as currently in effect and which is subject to change or to different interpretation. This summary is for general information only and does not address all of the Hong Kong tax considerations that may be relevant to specific holders in light of their particular circumstances.

**Withholding Tax**

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

**Profits Tax**

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Interest on the Notes may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

(a) interest on the Notes is derived from Hong Kong and is received by or accrues to a company carrying on a trade, profession or business in Hong Kong;

(b) interest on the Notes is derived from Hong Kong and is received by or accrues to a person, other than a company, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business; or

(c) interest on the Notes is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance (Cap. 112) of Hong Kong) and arises through or from the carrying on by the financial institution of its business in Hong Kong.

Sums derived from the sale, disposal or redemption of Notes will be subject to Hong Kong profits tax where received by or accrued to a person, other than a financial institution, from the carrying on of a trade, profession or business in Hong Kong and the sum has a Hong Kong source. The source of such sums will generally be determined by having regard to the manner in which the Notes are acquired and disposed of.
Sums received by or accrued to a financial institution by way of gain or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal or redemption of Notes will be subject to Hong Kong profits tax.

**Stamp Duty**

Stamp duty will not be payable on the issue of bearer Notes provided either:

(a) such Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or

(b) such Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong (“Stamp Duty Ordinance”).

If stamp duty is payable it is payable by the Issuer on the issue of bearer Notes at a rate of 3 per cent. of the market value of the Notes at the time of issue. No stamp duty will be payable on any subsequent transfer of bearer Notes.

No stamp duty is payable on the issue of registered Notes. Stamp duty may be payable on any transfer of registered Notes if the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any transfer of registered Notes provided that either:

(a) the registered Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or

(b) the registered Notes constitute loan capital (as defined in the Stamp Duty Ordinance).

If stamp duty is payable in respect of the transfer of registered Notes it will be payable at the rate of 0.2 per cent. (of which 0.1 per cent. is payable by the seller and 0.1 per cent. is payable by the purchaser) normally by reference to the consideration or its value, whichever is higher. In addition, stamp duty is payable at the fixed rate of HK$5 on each instrument of transfer executed in relation to any transfer of the registered Notes if the relevant transfer is required to be registered in Hong Kong.
SUBSCRIPTION AND SALE

OVERVIEW OF DEALER AGREEMENT

Subject to the terms and on the conditions contained in an Amended and Restated Dealer Agreement dated 31 August 2016 (the “Dealer Agreement”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by such Dealer.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

SELLING RESTRICTIONS

United States

The Notes have not been and will not be registered under the Securities Act or with any securities commission or any regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings ascribed to them by Regulation S under the Securities Act (“Regulation S”).

Materialised Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in transactions exempted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Each Dealer has agreed and that, except as permitted by the Dealer Agreement, it will not offer, sell or, in the case of Materialised Notes in bearer form, deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche, as determined, and certified to the Issuer, by the Fiscal Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period (as defined in Regulation S, the “Distribution Compliance Period”) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable Tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act and the laws of certain states and jurisdictions of the United States if such offer or sale is made otherwise than in accordance with an exemption from such registration requirements.
Public Offer Selling Restriction Under the Prospectus Directive

Each Dealer has represented and agreed that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in a Member State except that it may make an offer of such Notes to the public in that Member State:

(i) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Member State (a “Non-exempt Offer”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such Final Terms and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

(ii) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(iii) at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(iv) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Notes referred to in (ii) to (iv) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC as amended and includes any relevant implementing measure in each Member State.

(ii) General compliance: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom; and

where the issue of the Notes would otherwise constitute a contravention of section 19 of FSMA by the Issuer.
