Purpose of the transaction – Reasons for the offering
As per the decision made during the Annual Shareholders’ Meeting held on April 25, 2016, the Board of Directors has decided, on December 15, 2016, on the principle of the offering and delegated to the Deputy Chief Executive Officer the power to decide to proceed with the issue of (i) shares reserved for employees participating in the Schneider Electric Group Savings Plan (pursuant to article L.225-129-2, L.225-129-6, L.225-138-1 and L.228-92 and seq. of the French Commercial Code and article L.3332-1 and seq. of the French Labour Code) and (ii) shares reserved for employees and entities created for the benefit of employees, of Group companies located outside France (pursuant to article L.225-129-1, L.225-138 and L.228-92 and seq. of the French Commercial Code).

Within this framework, subscription of shares is proposed to employees of the Group in thirty-three countries, including France under a “classic” plan, in which the subscriber is fully exposed to variations in the share price and may, if applicable, benefit from an employer matching contribution.

This offering aims to reinforce the attachment of employees to the Group by giving them the opportunity to be more involved in the Group’s developments and future performance.

Shares to be offered
The shareholders of Schneider Electric SE authorized the Board of Directors at the Annual Shareholders’ Meeting held on April 25, 2016 (i) under the 21th resolution, to increase the share capital, up to 2% of the share capital, by issuance of new shares or other securities giving access to the
company’s share capital reserved for Group employees taking part in the savings plan, and (ii) under the 22nd resolution, to increase the share capital, up to 1% of the share capital, by issuing new shares reserved for employees and entities created for the benefit of the employees of companies of the Group located outside France.

On December 15, 2016, the Board of Directors decided the principle methods regarding these capital increases and delegated to the Deputy Chief Executive Officer the power to implement them within the limit of 3 700 000 shares (approximately 0.62 % of the share capital as of December 31, 2016). It further delegated to him the power to fix the conditions of these capital increases and in particular the subscription price of the new shares, based on the average of the opening share prices quoted on Euronext Paris market on the twenty trading days preceding the day of such decision (“Reference price”). Such decision should take place on June 6, 2017. The shares created will bear right to dividends as of January 1, 2017.

Beneficiaries will be able to subscribe to shares either directly, or through a *fonds commun de placement d'entreprise* (“FCPE”), at a price equal to 85% of the Reference Price.

The present offering is undertaken without preferential subscription right.

The unit holders of the FCPE will exercise their rights to vote in the Schneider Electric SE Shareholders’ Meetings indirectly, through the Supervisory Board of the FCPE.

The subscribers of this offering will hold the subscribed shares or the units of the FCPE at least until June 30, 2022 (inclusive), except in early exit cases.

**Tentative timetable for the offering**

Subscription-revocation period: expected from June 7 to 13, 2017 (inclusive).

The above dates are indicative and are subject to change. They will be finalized by a decision of the Deputy Chief Executive Officer (expected on June 6, 2017).
