Under the Euro Medium Term Note Programme (the “Programme”) described in this base prospectus (the “Base Prospectus”), Schneider Electric SE (the “Company” or the “Issuer”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro medium term notes (the “Notes”). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 7,500,000,000 (or the equivalent in other currencies).

Application has been made for approval of this Base Prospectus to the Autorité des marchés financiers (the “AMF”) in France in its capacity as competent authority pursuant to Article 212-2 of its Règlement Général which implements Directive 2003/71/EC on the prospectus to be published when securities are offered to the public or admitted to trading, as amended (the “Prospectus Directive”).

Application has been made to Euronext Paris for Notes issued under the Programme during a period of 12 months from the date of this Base Prospectus to be admitted to trading on Euronext Paris. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC, as amended (a “Regulated Market”). Application may also be made to the competent authority of any other Member State of the EEA for Notes issued under the Programme to be admitted to trading on any other Regulated Market in such Member State. However, Notes may be issued pursuant to the Programme which are not admitted to trading on a Regulated Market. The relevant final terms (the “Final Terms”) (forms of which are contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading. Notes issued under the Programme will be governed by French law and may be issued either in dematerialised form (“Dematerialised Notes”) or in a materialised form (“Materialised Notes”) as more fully described herein. Dematerialised Notes will at all times be in book-entry form in compliance with Articles L.211-3 and R.211-1 of the French Code monétaire et financier. No physical documents of title will be issued in respect of the Dematerialised Notes.

Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms, save that the minimum denomination of each Note offered to the public and/or admitted to trading on a Regulated Market in a Member State of the EEA in circumstances which require the publication of a Base Prospectus under the Prospectus Directive will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency.

Dematerialised Notes may, at the option of the Issuer, be (a) in bearer dematerialised form (au porteur) inscribed as from the issue date in the books of Euroclear France (“Euroclear France”) (acting as central depository) which shall credit the accounts of Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination and Title”) including Euroclear Bank S.A./N.V. (“Euroclear”) and the depositary bank for Clearstream Banking, S.A. (“Clearstream”) or (b) in registered dematerialised form (au nominatif) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (au nominatif pur), in which case they will be inscribed with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (au nominatif administré) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “Temporary Global Certificate”) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Notes”) upon certification as to non-US beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in “Summary” below) intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

As of the date of this Base Prospectus, the long-term corporate rating of the Issuer by Standard & Poor’s Ratings Services (“S&P”) is A- (stable outlook). Tranche of Notes issued under the Programme may be rated or unrated. S&P is included in the list of credit agencies registered in accordance with the CRA Regulation published on the website of the European Securities and Markets Authority (www.esma.europa.eu/supervision/credit-rating-agencies/risk) as of the date of this Base Prospectus. The relevant Final Terms will specify whether or not credit ratings are issued by a credit rating agency.

Security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the risk factors described under the section headed “Risk Factors” in this Base Prospectus, before deciding to invest in the Notes issued under the Programme.

These Elements are numbered in Sections A – E (A.1 – E.7). This summary contains all the Elements required to be included in a summary for this type of securities and for Schneider Electric S.E. In this case a short description of the Element is included in the summary and marked as “Not applicable”.

This summary is provided for purposes of the issue by the Issuer of Notes of a denomination of less than Euro 100,000 which are offered to the public and/or admitted to trading on a Regulated Market of the European Economic Area (the “EEA”). The issue specific summary relating to this type of Notes will be annexed to the relevant Final Terms and will comprise (i) the information below with respect to the summary of the Base Prospectus and (ii) the information below included in the items « issue specific summary ».

**Buildings** (Low Voltage, 43% of Q2 revenues) was up +4.2%\(^5\) organically and showed solid growth across all four regions. The Group’s strategic initiatives delivered good results; Final Distribution & Wiring Devices was up c.+5% thanks to initiatives leveraging its partner network, and EcoStruxure Building showed encouraging results. North America saw solid growth in Final Distribution & Wiring Devices. Additionally, the U.S. benefitted from good traction in data center and healthcare segments, as well as the execution of projects in energy performance contracting. Despite a negative working day impact, Western Europe grew in favorable end-markets. Asia-Pacific performance benefitted from good momentum in China where construction remained positive and diversification to targeted segments delivered results, while Australia remained negative though sequentially improving. Rest of the world was positive, with particularly good results in CIS, thanks to the medium offer strategy, and Africa. South America was down while the Middle East was slightly up.

\(^2\) Adjusted EBITA: EBITA before restructuring costs and before other operating income and expenses, which includes acquisition, integration and separation costs.

\(^3\) EBITA: EBIT before amortization and impairment of purchase accounting intangibles and impairment of goodwill.

\(^4\) Free cash flow: Net cash provided by operating activities less change in working capital and less net operating investments.

\(^5\) The organic growth of Building including Delixi, which is deconsolidated since 2016, would have been c. +5% in Q2.
IT (Secure Power, 15% of Q2 revenues) was about flat in Q2 organically. The Group continued to see good trends in data centers, particularly in 3-phase and in medium and low voltage. The U.S. saw growth in 3-phase UPS, but the performance was impacted by lower sales in IT channels, although orders grew slightly, and racks. Western Europe was slightly up with growth in data centers in France, Germany, and the U.K., notably in the 3-phase UPS offer. Asia-Pacific was up benefiting from strong growth in India, where the Luminous business performed well, and from growth in China, where the focus on the data center segment is yielding results. Japan performance was impacted by distributor destocking. Rest of the world was stable with growth in CIS but a decline in the Middle-East. Services continued to grow strongly.

Industry (Industrial Automation, 24% of Q2 revenues) was up +6.0% organically, with growth in all four regions. The Group saw continued success in its expansion into growing segments and benefitted from good growth in products sold through distributors as well as good momentum in its EcoStruxure offers. Process Automation returned to growth with increasing opportunities in brownfield operations. In this positive market, the Group has seen a tight market in the procurement of some electronic components which has tempered even further growth. China performed strongly with high demand from OEM and targeted segments. North America was up strongly. Western Europe was up with growth in German and U.K. OEM markets offsetting weakness in France. Software was about flat, still impacted by the weaker resources market of last year, though orders grew in the quarter.

Infrastructure (Medium Voltage, 18% of Q2 revenues) was down -4.9% organically, flat excluding selectivity initiatives which impacted revenues by c. -€60m in Q2. The Group continues to progress on the Infrastructure Rebound program focusing on growing transactional, services and EcoStruxure Grid, while turning around its lower margin businesses. During the quarter, transactional sales grew in the U.S. and China, and the business saw good traction with service orders. Selectivity initiatives will be completed by Q4 2017, to reposition the business for continued margin improvement.

In Q2 the product business represented 59% of revenues and was up +3% organically. Services grew +2%.

<tr>
<td></td>
<td>- Risk factors related to the operational risk:</td>
</tr>
<tr>
<td></td>
<td>- The worldwide markets for the Group’s products are competitive in terms of pricing, quality of products, systems and services, development and introduction time for new offers. The Group faces strong competitors, some of whom are larger than it is or is developing in certain lower cost countries. The Group is exposed to fluctuations in economic growth cycles and to the respective levels of investments within the different countries in which it operates, as well as to political or social instability.</td>
</tr>
<tr>
<td></td>
<td>- The growth and success of the Group’s products depend on its ability to constantly adapt to and leverage new technologies to deliver high value products and solutions. There are major transformations impacting the markets in which Schneider Electric operates. This includes IoT and its major accelerators of mobility, the cloud, pervasive sensing, bit data and analytics. Customers expect ever more intelligent products with open interfaces enabling them to be tightly integrated into more and more complex software-based solutions. The resulting digitization of products, including native web connectivity opens numerous new opportunities, but will also accelerate the convergence of IT and OT technologies, thus making it possible for new players to enter our markets. The widespread usage of mobile devices creates new expectations from customers as far as the general usability of products. Last but not least, the increased connectivity of products increases the risk of cyber-attacks.</td>
</tr>
<tr>
<td></td>
<td>- The Group’s strategy involves strengthening its positions through acquisitions, strategic alliances, joint ventures and mergers. External growth transactions are inherently risky because of the difficulties that may arise in integrating people, operations, technologies and products, and the related acquisition, administrative and other costs.</td>
</tr>
<tr>
<td></td>
<td>- Competition for highly qualified management and technical personnel is intense in the Group’s industry, and becomes a bigger challenge as the Group continues on its trajectory of growth in mature economies as well as in new economies. Future continued success depends in part on the Group’s ability to attract, hire, on board and retain the best qualified personnel, especially in the area of technology and energy efficiency solutions.</td>
</tr>
</tbody>
</table>
### Industrial and environmental risks:
- The Group’s products might not operate properly or might contain design faults or defects, which could give rise to disputes in respect of its liability as seller or manufacturer, leading to a loss of revenue, claims under warranty and legal proceedings. Such disputes could reduce demand for the Group’s products or harm their reputation for safety and quality.
- The Group’s plants and products are subject to extensive and increasingly stringent environmental laws and regulations in the countries in which it operates. In addition to the cost of complying with those rules, it is possible that the Group be required to pay significant fines or compensation or incur significant other costs as a result of past, current or future breaches of environmental laws and regulations.

### Information systems risk:
- The Group operates, either directly or through service providers, a wide range of highly complex information systems, including servers, networks, applications and databases, on premise and in the cloud, that are essential to the efficiency of its sales and manufacturing processes. Failure of any of these hardware or software systems, a fulfilment failure by a service provider, human errors or computer viruses could adversely affect the quality of service offered by the Group.

### Market risks:
- The Group is exposed to risks associated with the effect of changing interest rates.
- The Group’s international operations expose it to currency exchange risk.
- The Group is exposed to equity risk primarily due to its holdings of treasury shares.
- The Group is exposed to fluctuations in energy and raw material prices, in particular steel, copper, aluminium, silver, lead, nickel, zinc and plastics.
- The Group is exposed to counterparty risk and liquidity risk.

### Legal risks:
- The Group’s products are subject to varying national and international standards and regulations, including sales restrictions, customs tariffs, tax laws, security standards. Changes to any of these regulations or standards or their applicability to the Group’s business could lead to lower sales or increased operating costs.
- In case of malfunction or failure of one of its products, systems or solutions, the Group could incur liability arising from any resulting tangible or intangible damages, or personal injury. Similarly, the Group could incur liability based on errors in the design of a product, system or solution or because of a malfunction related to the interface with other products or systems. The failure of a product, system or solution may involve costs related to the product recall, result in new expenditures, and consume technical and economic resources. Such cost could have a significant impact on the profitability and cash and
- The Group’s future success depends to a significant extent on the development, protection and maintenance of its intellectual property rights. Third parties may also infringe its intellectual property rights, and the Group may have to expend significant resources monitoring, protecting and enforcing its rights. If the Group fails to protect or enforce its intellectual property rights, its competitive position and its business could suffer.

- Disputes: Various claims, administrative notices and legal proceedings have been filed against the Group concerning such issues as contractual demands, counterfeiting, risk of bodily harm linked to asbestos in certain older products and work contracts.

Although it is impossible to predict the results and/or costs of these proceedings with certainty, the Group considers that they will not, by their nature, have significant effects on the Group’s business, assets, financial position or profitability. The company is not aware of any other governmental, court or arbitration proceedings, which are pending or which threaten the company, that are liable to have or, during the last 12 months have had, a material effect on the financial position or profitability of the company and/or the Group.

### D.3 Key information on the key risks that are specific to the Notes

There are certain factors that may affect the Issuer’s ability to fulfil its obligations under the Notes issued under the Programme, including:

- General risks relating to the Notes such as:
  - Investors must independently review and obtain professional advice with respect to the acquisition of the Notes;
  - Modification, waivers and substitution of conditions affecting the Notes that are not desired by all holders can be effected by a majority;
  - Potential conflicts of interest may arise;
  - The trading market for debt securities may be volatile and may be adversely impacted by many events;
  - An active trading market for the Notes may not develop;
  - The Notes may be subject to optional redemption by the Issuer;
  - Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated;
  - The value of Fixed Rate Notes may change;
  - Investors will not be able to calculate in advance their rate of return on Floating Rate Notes;
  - The conversion of the interest rate for Fixed/Floating Rate Notes will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing;
  - Exercise of a Change of Control Put Option by the Noteholders, a Residual Maturity Call Option or a Make-Whole Redemption by the Issuer in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised;
  - Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds;
- Exchange rates may significantly change and there is a risk that authorities with jurisdiction over the investor’s currency may impose or modify exchange controls;
- Taxation: Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions;
- Credit ratings may not reflect all risks;
- An investment in the Notes involves taking credit risk on the Issuer;
- Change of law - No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of the Base Prospectus;
- French Insolvency law - French insolvency law could have an adverse impact on Noteholders seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent;
- The draft EU Directive on Financial Transaction Tax has a very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

**Risks related to RMB Notes:**
- RMB is not freely convertible and the liquidity of the Notes denominated in RMB may be adversely affected;
- RMB currency risk: As a result of the restrictions by the PRC government on cross-border RMB fund flows, the availability of RMB outside the PRC is limited;
- Payments in respect of the RMB Notes will only be made to investors in the manner specified in such RMB Notes;
- RMB exchange rate risk: The value of RMB against foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors.

An investment in the Notes involves certain risks which are material for the purpose of assessing the market risks associated with Notes issued under the Programme. While all of these risk factors are contingencies which may or may not occur, potential investors should be aware that the risks involved with investing in the Notes may lead to volatility and/or a decrease in the market value of the relevant Tranche of Notes whereby the market value falls short of the expectations (financial or otherwise) of an investor who has made an investment in such Notes.

However, each prospective investor in Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and conditions, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

There are certain restrictions regarding the purchase, offer, sale and delivery of the Notes, or possession or distribution of the Base Prospectus, any other offering material or any Final Terms. Other than as set out in section A.2 above, neither the Issuer nor any of the Dealers has authorised the making of any Public Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers. |

de +4,2 %\textsuperscript{10} et affiche une croissance solide dans les quatre régions. La stratégie du Groupe délivre de bons résultats : les activités distribution finale (Final Distribution) et appareillage (Wiring Devices) sont en hausse d’environ 5 % grâce aux initiatives tirant parti du réseau de partenaires, tandis qu’EcoStruxure Building obtient des résultats encourageants. En Amérique du Nord, les activités distribution finale (Final Distribution) et appareillages (Wiring Devices) affichent une croissance solide. De plus, les États-Unis bénéficient d’une belle progression des segments de centres de données et de la santé, ainsi que de l’exécution de projets dans le domaine des contrats de performance énergétique. Malgré un effet négatif des journées ouvrées, l’Europe de l’Ouest est en hausse sur des marchés finaux favorables. La performance de l’Asie-Pacifique bénéficie d’une bonne dynamique en Chine où le secteur de la construction reste positif et la diversification vers des segments ciblés produit des résultats. La performance de l’Australie reste négative malgré une amélioration séquentielle. Le reste du Monde affiche une performance positive, avec des résultats particulièrement bons dans la CEI, grâce à la stratégie d’offre de milieu de gamme, ainsi qu’en Afrique. L’Amérique du Sud est en baisse, tandis que le Moyen-Orient enregistre une légère hausse.

**Industry** (Automatismes industriels, 24 % du C.A. du T2) enregistre une croissance organique de +6,0 %, avec une progression dans les quatre régions. Le Groupe poursuit avec succès son expansion sur les segments de croissance et bénéficie d’une bonne croissance des produits vendus au travers des distributeurs, ainsi que de la bonne dynamique de ses offres EcoStruxure. L’activité Process Automation renoue avec la croissance du fait des opportunités plus nombreuses de modernisation de sites (« brownfields »). Dans ce contexte favorable, le Groupe observe une tension des approvisionnements de certains composants électroniques qui a limité la croissance. La Chine progresse fortement en raison d’une demande élevée de la part des constructeurs de machines (« OEM ») et des segments ciblés. L’Amérique du Nord est en forte hausse. L’Europe de l’Ouest progresse, la croissance du marché des OEM en Allemagne et au Royaume-Uni compensant la faiblesse de la France. L’activité Logiciels est quasi-stable, toujours impactée par un marché des ressources

\textsuperscript{10} La croissance organique de l’activité Building comprenant Delixi, déconsolidé depuis 2016, aurait été d’environ +5 % au deuxième Trimestre.
affaibli l’année dernière, bien que les commandes soient en hausse sur le trimestre.

**Infrastructure** (Moyenne tension, 18 % du C.A. du T2) est en recul organique de -4,9 %, soit une progression stable hors impact de la sélectivité estimé à environ -60 millions d’euros sur le deuxième trimestre. Le Groupe poursuit la mise en œuvre du programme Rebound au sein de l’activité Infrastructure, et met l’accent sur le développement de l’activité transactionnelle, des services et d’EcoStruxure Grid, tout en redressant ses secteurs d’activité à faible marge. Sur le trimestre, le chiffre d’affaires de l’activité transactionnelle est en hausse aux États-Unis et en Chine, et l’activité connait une belle progression en ce qui concerne les commandes de services. Les initiatives de sélectivité seront achevées d’ici la fin de l’année 2017, afin de repositionner l’activité pour poursuivre l’amélioration de la marge.

Au T2, l’activité des produits représente 59 % du chiffre d’affaires et enregistre une hausse organique de +3 %. Les services sont en croissance de +2 %.

C.1 Nature, catégorie et numéro d’identification des Titres

Jusqu’à 7.500.000.000 euros (ou la contre-valeur de ce montant dans d’autres devises à la date de l’émission) représentant le montant nominal total des Titres en circulation à tout moment dans le cadre du Programme d’Euro Medium Term Notes arrangé par BNP Paribas (le « Programme »).

Les Titres peuvent être émis sur une base syndiquée ou non syndiquée. Les Titres seront émis par souche (dénommée chacune « Souche ») à une même date ou à des dates d’émissions différentes et seront à tous autres égards identiques, les Titres d’une même Souche étant supposés être fongibles entre eux ou identiques à tous égards (à l’exception du premier paiement d’intérêts, de la date d’émission, du prix d’émission et du montant nominal). Chaque Souche pourra être émise par tranches (dénommées chacune « Tranche ») aux mêmes dates d’émission ou à des dates d’émission différentes. Les conditions particulières de chaque Tranche (qui seront complétées, si nécessaire, par des conditions complémentaires et qui, sauf en ce qui concerne la date d’émission, le prix d’émission, le premier paiement d’intérêts et le montant nominal de la Tranche, seront identiques aux conditions des autres Tranches de la même Souche) seront indiquées dans les Conditions Définitives jointes au présent Prospectus de Base (les « Conditions Définitives »).

Les Titres pourront être émis sous forme de titres dématérialisés (« Titres Dénationalisés ») ou matérielisés (« Titres Matérialisés »).

Les Titres Dénationalisés peuvent, au choix de l’Émetteur, soit être émis au porteur, soit être nominatifs et, dans ce dernier cas, au choix du porteur concerné, être au nominatif pur ou au nominatif administré. Aucun titre papier ne sera émis pour les Titres Dénationalisés. Les Titres Matérialisés peuvent être émis au porteur (« Titres Matérialisés au Porteur ») uniquement s’ils sont émis hors de France. Un certificat global temporaire émis au porteur (un
« Certificat Global Temporaire ») relatif à chaque Tranche de Titres Matérialisés au Porteur sera initialement émis.

Un numéro d’identification des Titres (Code ISIN) et un code commun seront indiqués dans les Conditions Définitives applicables.

Sous réserve de certaines restrictions relatives à l’achat, l’offre, la vente et la livraison des Titres et à la possession ou distribution du Prospectus de Base, de tout autre document d’offre ou de toutes Conditions Définitives, il n’existe pas de restriction imposée à la libre négociabilité des Titres.
C.8 Description des droits attachés aux Titres

- **Prix d’émission**
  Les Titres peuvent être émis à leur valeur nominale ou avec une décote ou une prime par rapport à leur valeur nominale.

- **Valeur nominale unitaire**
  Les Titres auront la valeur nominale indiquée dans les Conditions Définitives correspondantes.
  Les Titres auront la ou les valeur(s) nominale(s) convenue(s) entre l’Emetteur et l’Agent Placeur concerné sauf pour la valeur nominale minimale de tout Titre admis à la négociation sur un marché réglementé, ou offert au public dans un Etat membre de l’EEE dans des circonstances exigeant la publication d’un prospectus en vertu de la Directive Prospectus, qui sera d’au moins un montant qui pourra être autorisé ou exigé, le cas échéant, par la banque centrale concernée (ou tout autre organisme pertinent) ou par les lois et règlements applicables à la devise prévue.

- **Rang de créance des Titres**
  Les Titres constitueront des engagements directs, inconditionnels, non subordonnés et non-assortis de sûreté de l’Emetteur, venant au même rang entre eux et au même rang que toutes les autres engagements non subordonnés et non assortis de sûretés, présents ou futurs de l’Emetteur. Les Titres bénéficieront d’une clause de maintien de l’emprunt à son rang ainsi que des cas de défaut décrits ci-dessous.

- **Maintien de l’emprunt à son rang**
  Tant que les Titres ou, le cas échéant, les coupons attachés aux Titres seront en circulation, l’Emetteur ne constituera pas ou ne laissera pas subsister et s’assurera qu’aucune de ses filiales principales ne constituera ou ne laissera subsister, d’hypothèque, de gage, de nantissement, ou toute autre sûreté réelle (“Sûreté”) sur un quelconque de leurs actifs ou revenus respectifs, présents ou futurs, aux fins de garantir (i) tout Dette Concernée ou (ii) toute garantie ou engagement d’indemnisation relatif à toute Dette Concernée, à moins qu’au même moment ou au préalable, les obligations de l’Emetteur découlant des Titres ne bénéficient d’une sûreté équivalente et de même rang, à l’exception de toute Sûreté constituée par l’Emetteur ou une Filiale Principale sur (i) toute action acquise par l’Emetteur ou une Filiale Principale dans toute société qui aurait pour conséquence que cette société devienne une filiale détenue en majorité par l’Emetteur ou par cette Filiale Principale à la suite de l’émission de Titres pour le seul besoin du financement ou du refinancement de cette acquisition et de la garantie du montant principal n’excédant le coût de cette acquisition ou (ii) tous actifs faisant partie d’une activité acquise par l’Emetteur ou une Filiale Principale à la suite de l’émission de Titres pour le seul besoin du financement ou du refinancement de cette acquisition et de la garantie du montant principal n’excédant le coût de cette acquisition.

- **« Dette Concernée »** signifie toute dette d’emprunt, qu’elle soit présente ou future, relative à un emprunt d’argent dans la forme de, ou représenté par, des obligations cotées ou négociées ou susceptibles d’être cotées ou négociées sur toute bourse de valeurs, tout marché de gré à gré ou tout autre marché de titres.

**Cas de défaut, y compris le défaut croisé**

Les Titres peuvent devenir immédiatement échus et exigibles par le porteur en raison de la survenance de certains cas de défaut tels que le défaut de paiement des sommes dues en vertu des Titres à leur date d’échéance, le manquement à
une quelconque obligation se rapportant aux Titres, ou la faillite (ou autre procédure équivalente) de l’Emetteur.

- **Retenue à la source**
  Tous les paiements de principal, d’intérêts et autres revenus effectués par ou pour le compte de l’Emetteur en vertu des Titres devront l’être nets de toute retenue à la source ou prélèvement, relatif à toutes taxes, droits, impôts ou prélèvements de toute nature, imposés, levés, collectés ou retenus à la source par l’État français ou sur le territoire français ou par toute autorité de cet État ayant le pouvoir de lever l’impôt, à moins que cette retenue à la source ou ce prélèvement ne soit exigé par la loi.

- **Droit applicable**
  Droit français.

### Intérêts, échéance et modalités de remboursement, rendement et représentation des porteurs des Titres

- **Périodes d’intérêt et taux d’intérêts**
  La durée des périodes d’intérêts des Titres et le taux d’intérêt applicable ou sa méthode de calcul pourront être constants ou varier au cours du temps pour chaque Souche. Les Titres pourront avoir un taux d’intérêt maximum, un taux d’intérêt minimum, ou les deux. Ces informations seront prévues dans les Conditions Définitives concernées. En aucun cas le montant d’intérêts dû (y compris, dans un souci de clarté, toute marge applicable) sera inférieur à zéro.

- **Titres à Taux Fixe**
  Les coupons fixes seront payables à terme échu chaque année à la date ou aux dates de chaque année prévues dans les Conditions Définitives.

- **Titres à Taux Variable**
  Les Titres à Taux Variable porteront intérêt déterminé de façon différente pour chaque Souche, comme suit:
  (i) sur la même base que le taux variable applicable à une opération d’échange de taux d’intérêt notionnel dans la Devise Prévue concernée, conformément à un contrat incluant les Définitions ISDA 2006 telles que publiées par l’International Swaps and Derivatives Association, Inc. ; ou
  (ii) par référence au LIBOR ou EURIBOR dans les deux cas, tels qu’ajustés des marges applicables.

- **Titres à Coupon Zéro**
  Les Titres à Coupon Zéro peuvent être émis à leur valeur nominale ou avec décote et ne porteront pas intérêt.

- **Échéances**
  Sous réserve du respect de toutes lois, réglementations et directives applicables, toute échéance égale ou supérieure à 7 jours calendaires.

- **Remboursement**
  Les Conditions Définitives concernées définiront la base de calcul des montants de remboursement dus.
• **Remboursement anticipé au gré de l’Émetteur : Make-Whole**
  Si les Conditions Définitives relatives à une émission de Titres le prévoient, l’Émetteur disposera d’une option de remboursement anticipé de tout ou partie des Titres, à tout moment ou de temps en temps, avant leur date d’échéance.

• **Option de Remboursement à Maturité Résiduelle**
  Si les Conditions Définitives relatives à une émission de Titres le prévoient, l’Émetteur disposera d’une option de remboursement anticipé de la totalité ou d’une partie seulement des Titres, à tout moment entre la date d’échéance et la date d’option de remboursement, laquelle ne pourra être antérieure à (i) trois mois avant la date d’échéance pour les Titres ayant une maturité inférieure à sept ans et (ii) six mois avant la date d’échéance pour les Titres ayant une maturité supérieure à sept ans.

• **Option de Remboursement**
  Les Conditions Définitives préparées à l’occasion de chaque émission de Titres indiqueront si ceux-ci peuvent être remboursés avant la date d’échéance prévue au gré de l’Émetteur et/ou des porteurs de Titres (en totalité ou en partie) et, si tel est le cas, les modalités applicables à ce remboursement.

• **Option de Remboursement au gré des porteurs de Titres en cas de changement de contrôle**
  Si une option de remboursement en cas de changement de contrôle est prévue dans les Conditions Définitives concernées, en cas de changement de contrôle, les porteur de Titres pourront demander à l’Émetteur le remboursement des Titres, ou au gré de l’Émetteur, obtenir le rachat de leurs Titres.

• **Remboursement anticipé au gré de l’Émetteur des Titres restant en circulation : Clean-Up**
  Si les Conditions Définitives relatives à une émission de Titres le prévoient, et si 80 pour cent. ou tout autre pourcentage supérieur tel que précisé dans les Conditions Définitives applicables (le « Pourcentage de Clean-Up ») du montant de capital global initial des Titres d’une même souche a été remboursé ou racheté et pour chaque cas, annullé, l’Émetteur peut, à son gré, racheter la totalité, mais non une partie seulement, des Titres en circulation à leur Montant de Remboursement Anticipé, majoré des intérêts courus à la date fixée pour le remboursement.

• **Remboursement anticipé**

• **Rendement**
  Les Conditions Définitives de chaque émission de Titres à Taux Fixe précisent le rendement des Titres.

• **Représentation des porteurs des Titres**
  En ce qui concerne la représentation des porteurs de Titres, les règles suivantes s’appliqueront:
  
  (a) Si les Titres ont une valeur nominale inférieure à 100.000 euros ou son équivalent dans toute autre devise et sont émis en France, les Conditions...
Définitives concernées stipuleront qu’une « Masse Complète » sera constituée et que les porteurs de Titres seront groupés, au titre de toutes les Tranches d’une même Souche, pour la défense de leurs intérêts communs en une masse (la « Masse ») et les dispositions du Code de commerce relatives à la Masse s’appliqueront ; et

(b) Si les Titres ont une valeur nominale d’au moins 100.000 euros ou son équivalent dans toute autre devise ou sont émis hors de France pour les besoins de l’article L.288-90 du Code de commerce, les Conditions Définitives concernées pourront stipuler qu’une « Masse Contractuelle » sera constituée et que les porteurs de Titres seront groupés automatiquement, au titre de toutes les Tranches d’une même Souche, pour la défense de leurs intérêts communs en une Masse. La Masse sera régie, entre autres, par les dispositions du Code de commerce, à l’exception des articles L.228-48, L.228-59, R.228-61, R.228-63, R.228-69, R.228-79 et R.236-11.

Si les Conditions Définitives indiquent que les stipulations des paragraphes (a) ou (b) ci-dessus sont applicables, la Masse agira en partie par l’intermédiaire d’un représentant (le « Représentant ») et en partie par l’intermédiaire d’une assemblée générale des porteurs de titres. Les noms et adresses du Représentant initial et de son suppléant seront précisés dans les Conditions Définitives concernées. Le Représentant désigné dans le cadre de la première Tranche d’une Souche sera le représentant de la Masse unique de toutes les autres Tranches de cette Souche.

Résumé spécifique à l’émission :  

| Section D –Facteurs de Risque |
| Informations clés sur les principaux risques | Certains facteurs sont susceptibles d’affecter la capacité de l’Émetteur à remplir ses obligations découlant des Titres. Ces risques sont liés à l’Émetteur, à ses activités, son secteur et sa structure. Ces facteurs de risque ne sont pas exhaustifs. |
Le Groupe et ses activités sont soumis à différents risques liés aux changements dans les circonstances concurrentielles, économiques, juridiques, politiques, sociales, industrielles, commerciales et financières. Ses activités et son résultat pourraient être affectés principalement par :

- Risques opérationnels :
  - Les marchés sur lesquels les produits du Groupe sont commercialisés dans le monde se caractérisent par une forte concurrence sur les prix, la qualité de l’offre, les délais de développement et de mise sur le marché et le service client. Cette concurrence est exercée par des entreprises d’une taille parfois plus importante que le Groupe, ou qui se développent dans des pays à bas coût de main-d’œuvre. Le Groupe est exposé aux fluctuations des cycles de croissance économique et aux niveaux respectifs d’investissements des différents pays dans lesquels il est présent, ainsi qu’à l’instabilité politique ou sociale.
  - La progression et le succès des produits du Groupe dépendent de sa capacité à s’adapter en permanence aux nouvelles technologies et à tirer parti de celles-ci pour proposer des produits et des solutions à forte valeur ajoutée. Les marchés où opère Schneider Electric sont soumis à des transformations majeures. Cela inclut l’IoT et ses principaux accélérateurs de mobilité, le cloud, la détection omniprésente, le Big Data et les outils d’analyse. Les clients recherchent des produits de plus en plus intelligents dotés d’interfaces ouvertes, leur permettant d’être étroitement intégrés à des solutions sur des bases logicielles de plus en plus complexes. La numérisation des produits qui en résulte, y compris la connectivité au Web en natif, ouvre de nouvelles opportunités, mais accélérera également la convergence IT/OT, rendant possible l’arrivée sur nos marchés de nouveaux acteurs. L’usage généralisé des terminaux mobiles crée de nouvelles attentes chez les consommateurs à la mesure de la fonctionnalité générale de ces produits. Dernier point et non des moindres, la connectivité accrue des produits renforce le risque de cyber-attaques.
  - La stratégie du Groupe implique un renforcement de ses positions par le biais d’acquisitions, d’alliances stratégiques, de joint-ventures et de fusions. Ce type d’opérations comporte des risques inhérents aux difficultés potentielles rencontrées lors de l’intégration du personnel, des activités, des technologies et des produits, ainsi que des coûts (d’acquisitions, administratifs ou autres) associés.
  - La concurrence pour attirer des cadres et un personnel technique très qualifié est intense dans le secteur d’activité du Groupe. Elle devient un enjeu encore plus important à mesure que le Groupe poursuit sa trajectoire de croissance. Toutefois, sa réussite future dépend en partie de la capacité du Groupe à attirer, recruter, intégrer et fidéliser les collaborateurs les plus qualifiés, notamment dans le domaine des solutions technologiques et d’efficacité énergétique.

- Risques industriels et environnementaux :
  - Les produits du Groupe peuvent présenter des risques de dysfonctionnements, d’erreurs ou de défauts, susceptibles de donner
lieu à des litiges engageant sa responsabilité soit de vendeur, soit de fabricant, d’entraîner une perte de chiffre d’affaires, des réclamations au titre de la garantie, ainsi que des procédures juridiques. Ces contentieux pourraient entraîner une baisse de la demande pour les produits du Groupe et nuire à leur réputation de qualité et de sécurité.

- Dans tous les pays où il est présent, les sites et les produits du Groupe sont soumis au respect des exigences nombreuses et de plus en plus strictes des lois et réglementations en matière de protection de l’environnement. Outre les coûts résultant de l’application de ces règles, il ne peut être exclu que le Groupe soit tenu de payer des amendes ou dommages et intérêts d’un montant significatif au titre de violations passées, présentes ou futures des lois et réglementations environnementales.

- Risques liés aux systèmes d’information :
  - Le Groupe exploite, directement ou par l’intermédiaire de prestataires, un large éventail de systèmes d’information très complexes (serveurs, réseaux, applications et bases de données), sur site et dans le cloud, indispensables à la bonne conduite de ses processus commerciaux et industriels. Une défaillance (matérielle ou logicielle) de l’un de ces systèmes, ou de l’un des prestataires, des erreurs humaines ou encore des virus informatiques pourraient influer sur la qualité de service du Groupe.

- Risques de marché :
  - Le Groupe est exposé aux risques liés à l’évolution des taux d’intérêt dans différents pays.
  - La présence à l’international du Groupe l’expose à l’évolution des devises.
  - L’exposition du Groupe au risque des marchés actions est essentiellement liée aux actions Schneider Electric autodétenues.
  - Le Groupe est exposé au risque de contrepartie et au risque de liquidité.

- Risques juridiques :
  - Commercialisés dans le monde entier, les produits du Groupe sont soumis à la réglementation de chaque marché national mais également des règlements supranationaux (restrictions commerciales, barrières douanières, régimes fiscaux et normes de sécurité). Toute modification de ces réglementations, de ces normes ou de leurs conditions d’application à l’activité du Groupe est susceptible de se traduire par une baisse des ventes ou une augmentation des coûts d’exploitation.
  - En cas de dysfonctionnement ou de défaut de l’un de ses produits, système ou solutions, la responsabilité du Groupe pourrait être engagée du fait de préjudices corporels, matériels ou immatériels qui en résulteraient. De même, la responsabilité du Groupe pourrait être mise en cause en cas d’erreur de conception d’un produit, d’un système ou d’une solution ou du fait d’un dysfonctionnement

- Le développement et la protection des droits de propriété intellectuelle du Groupe jouent un rôle déterminant dans son activité et sa réussite futures. En cas de violation de ses droits de propriété intellectuelle par des tiers, le Groupe pourrait être dans l’obligation de mobiliser des ressources importantes pour contrôler, protéger et faire valoir ses droits. L’absence de mesure de protection pourrait mettre en péril l’avantage concurrentiel, voire l’activité du Groupe.

- Litiges : Le Groupe est l’objet de diverses revendications, réclamations ou notifications administratives et actions judiciaires, telles que demandes en justice fondées sur des demandes contractuelles, des contrefaçons, des risques de dommages corporels potentiellement liés à la présence d’amiante dans certains anciens produits ou des actions liées aux contrats de travail.

Bien qu’il soit impossible de prédire avec certitude les résultats et/ou les coûts liés à ces différentes actions, le Groupe considère que celles-ci ne sont pas de nature à avoir un impact significatif sur ses activités, la valeur de ses actifs, sa solidité financière ou sa rentabilité. À la connaissance de la société, il n’existe pas d’autre procédure gouvernementale, judiciaire ou d’arbitrage, y compris toute procédure dont la société a connaissance, qui est en suspens ou dont elle est menacée, susceptible d’avoir ou ayant eu au cours des 12 derniers mois des effets significatifs sur la situation financière ou la rentabilité de la société et/ou du Groupe.

D.3 Informations clés sur les principaux risques propres aux Titres

Certains facteurs sont susceptibles d’affecter la capacité de l’Emetteur à remplir ses obligations relatives aux Titres devant être émis en vertu du Programme :

- Risques généraux liés aux Titres tels que :
  - Les investisseurs doivent procéder à une revue indépendante et obtenir un conseil professionnel concernant l’acquisition des Titres ;
  - Une modification, des renonciations et/ou une substitution des modalités des Titres qui ne sont pas souhaitées par la totalité des porteurs, peuvent être effectuées par la majorité des porteurs ;
  - Des conflits d’intérêt potentiels peuvent naître ;
  - Le marché de négociation peut être volatile et peut être affecté de manière négative par de nombreux événements ;
  - Un marché de négociation liquide pour les Titres pourrait ne pas se développer ;
  - Les Titres peuvent faire l’objet d’un remboursement au gré de l’Emetteur ;
  - S’il a été prévu un remboursement anticipé au gré de l’Emetteur dans les Conditions Définitives pour une émission de Titres donnée, le rendement anticipé par les Porteurs de Titres pourrait être considérablement moins élevé que le montant attendu ;
  - La valeur des Titres à Taux Fixe peut varier ;
- Les Investisseurs ne seront pas en mesure de calculer par avance leur taux de rendement se rapportant aux Titres à Taux Variable ;
- La conversion du taux d’intérêt des Titres à Taux Fixe/Variable affectera le marché secondaire et la valeur des Titres étant donné que la conversion peut aboutir à une diminution d’ensemble des coûts de l’emprunt ;
- L’exercice d’une option de remboursement par les Porteurs de Titres en cas de changement de contrôle, d’option de remboursement à maturité résiduelle ou de remboursement anticipé au gré de l’Emetteur (make-whole) se rapportant à certains Titres pourrait affecter la liquidité des Titres de la Souche pour lesquels cette option n’est pas exercée ;
- Les Titres à coupon zéro sont soumis à des fluctuations de prix plus importantes que celles des obligations sans décote ;
- Les taux de change peuvent évoluer de manière significative et il existe un risque que les autorités ayant compétence sur la devise de l’investisseur puissent imposer ou modifier des contrôles de change ;
- Fiscalité : Les acheteurs et vendeurs potentiels de Titres devraient être avertis qu’ils pourraient être tenus de payer des impôts ou autres taxes ou droits conformément aux lois et pratiques du pays où les Titres sont transférés ou autres juridictions ;
- Les notations peuvent ne pas refléter tous les risques ;
- Un investissement dans les Titres implique une prise de risque sur l’Emetteur ;
- Un changement du droit applicable - aucune assurance ne peut être donnée quant à l’impact d’une décision de justice ou d’une modification de la législation française ou d’un changement dans l’application ou l’interprétation de la législation française postérieur à la date du Prospectus de Base ;
- Droit français des procédures collectives : le droit français des procédures collectives peut avoir un impact négatif sur les Porteurs dans leur recherche de remboursement dans le cas où l’Emetteur ou l’une de ses filiales deviendraient insolvable(s) ;
- La proposition de directive européenne relative à la taxe sur les transactions financières a un champ d’application large et pourrait, si elle était introduite dans son format actuel, s’appliquer à certaines opérations sur les Titres (notamment les transactions du marché secondaire) dans certaines circonstances ;
- Risques relatifs aux Titres libellés en RMB :
  - Le RMB n’est pas librement convertible et la liquidité des Titres libellés en RMB pourrait en être négativement affectée ;
  - Risque de devises RMB : Du fait des restrictions imposées par le gouvernement de la PRC sur les flux financiers RMB transfrontières, la disponibilité du RMB à l’extérieur de la RPC est limitée ;
  - Les paiements relatifs aux Titres libellés en RMB seront uniquement effectués selon les modalités prévues par ces Titres libellés en RMB ;
  - Risque de taux de change RMB : La valeur du RMB contre le dollar de Hong Kong et autres devises étrangères fluctue et est affectée par
les changements des conditions politiques internationales et économiques et par de nombreux autres facteurs.

Un investissement dans les Titres comporte certains risques qui sont importants dans l’évaluation des risques de marché associés aux Titres émis dans le cadre du Programme. Même si tous ces risques constituent des éventualités susceptibles ou non de se produire, les investisseurs potentiels doivent savoir que les risques encourus en investissant dans des Titres peuvent aboutir à une volatilité et/ou une diminution de la valeur de marché de la Tranche de Titres concernée pour laquelle la valeur de marché ne correspond plus aux attentes (financières ou autres) d’un investisseur qui a souscrit ces Titres.

Toutefois, chaque investisseur potentiel dans les Titres doit déterminer en se fondant sur son propre jugement et en faisant appel à des conseils professionnels s’il le juge nécessaire, si l’acquisition de Titres est adaptée à ses besoins financiers, ses objectifs et ses conditions, si cette acquisition est conforme et compatible avec toutes les politiques d’investissement, les directives et restrictions qui lui sont applicables et s’il s’agit d’un investissement qui lui convient, malgré les risques évidents et substantiels inhérents à l’investissement et à la détention de Titres.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuer or to any of its subsidiaries.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors (although not exhaustive) described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

RISK FACTORS RELATING TO THE ISSUER

Risk factors relating to the Issuer are described on pages 39 to 47 of the 2016 Reference Document, as defined and further described under “Documents Incorporated by Reference” in this Base Prospectus, and include the following:

- operational risks;
- industrial and environmental risks;
- information systems risks;
- market risks;
- legal risks; and
- disputes.

RISK FACTORS RELATING TO THE NOTES

Independent Review and Advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and conditions, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling General Meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a
manner contrary to the majority. General Meetings may deliberate on any proposal relating to the modification of the conditions of the Notes subject to the limitation provided by French law.

**Potential Conflicts of Interest**

All or some of the Dealers and, as the case may be, the calculation agent and their respective affiliates have and/or may in the future engage, in the ordinary course of business, in lending, in investment banking, commercial banking and/or other financial advisory and commercial dealings with the Issuer and their affiliates and in relation to securities issued by any entity of the Group. They have or may, in the ordinary course of their business, (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

The Issuer and the Dealer(s) may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders (including where a Dealer acts as calculation agent), including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes. In particular, whilst a calculation agent will, as the case may be, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

The trading market for debt securities may be volatile and may be adversely impacted by many events. The market for debt securities issued by issuers is influenced by global economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in European and other countries. There can be no assurance that events in France, Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of the Notes or that global economic and market conditions will not have any other adverse effect.

An active trading market for the Notes may not develop. There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. The Issuer and any of its subsidiaries are entitled to buy the Notes, as described in Condition 6(j), and the Issuer may issue further notes, as described in Condition 13. Such transactions may adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

The Notes may be subject to optional redemption by the Issuer. In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or a political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

The Issuer has also the option, if so provided in the relevant Final Terms, to redeem the Notes under a make-whole call option as provided in Condition 6(d), a call option as provided in Condition 6(e), a residual maturity call option as provided in Condition 6(g) or a clean-up call option as provided in Condition 6(i). In particular,
in case of a clean-up call option there is no obligation for the Issuer to inform investors if and when the percentage of 80 per cent. or the Clean-Up Percentage (as defined in the relevant Final Terms) has been reached or is about to be reached, and the Issuer’s right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of this option, the Notes may have been traded significantly above par, thus potentially resulting in a loss of capital invested.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

*Investors will not be able to calculate in advance their rate of return on Floating Rate Notes.*

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Furthermore, should the reference rate in respect of a Floating Rate Note be at any time negative, this could result in the rate of interest payable to Noteholders being lower than the applicable margin. For the avoidance of doubt, if the resulting rate of interest is less than zero, the applicable rate of interest shall be deemed to be zero and the Noteholders will not have to pay the negative fraction of such interest to the Issuer.

*Exercise of the Change of Control Put Option, the Put Option, the Residual Maturity Call Option, the Call Option or the Make-Whole Redemption by the Issuer in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised.*

Depending on the number of Notes of the same Series in respect of which the Change of Control Put Option, the Put Option, the Residual Maturity Call Option, the Call Option or the Make-Whole Redemption provided, if any, in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid. In addition, investors may only be able to reinvest the moneys they receive upon such early redemption in securities with a lower yield than the redeemed Notes.

*Fixed Rate Notes*

Investment in Notes which bear interest at a fixed rate involves risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

While the nominal interest rate of a Fixed Rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the “Market Interest Rate”) typically varies on a daily basis. As the Market Interest Rate changes, the price of the Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Note typically decreases, until the yield of the Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a Fixed Rate Note typically increases, until the yield of the Note equals approximately the Market Interest Rate.

*Floating Rate Notes*

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general
market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

**Fixed/Floating Rate Notes**

Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms. The conversion of the interest rate may affect the secondary market and the market value of the Notes since the conversion may produce a lower overall cost of borrowing. If a Fixed Rate is converted to a Floating Rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. If the rate is automatically converted from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Notes.

**Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.**

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

**Exchange rate risks and exchange controls.**

The Issuer will pay principal and interest on the Notes in the Specified Currency (as defined in the relevant Final Terms). This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency-equivalent yield on the Notes, (2) the Investor’s Currency-equivalent value of the principal payable on the Notes and (3) the Investor’s Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal at all.

**Taxation**

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus and/or in the Final Terms but to ask for their own tax adviser’s advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

**The proposed financial transactions tax (“FTT”)**

On 14 February 2013, the European Commission has published a proposal (the “Commission’s Proposal”) for a Directive for a common FTT in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the “Participating Member States”). Estonia has since then officially announced its withdrawal from the negotiations.
The Commission’s Proposal has a very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission’s Proposal, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, “established” in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and its scope is uncertain. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States may decide to participate. If the Commission’s Proposal or any similar proposal were adopted, transactions in the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

*Credit ratings may not reflect all risks*

One or more independent credit rating agencies may assign credit ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. The rating reflects the possibility of default of the Issuer of the Notes as judged by the credit rating agencies.

*Credit Risk*

An investment in the Notes involves taking credit risk on the Issuer. If the credit worthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, and investors may lose all or part of their investment.

*Change of Law*

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of this Base Prospectus.

*French insolvency law*

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the “Assembly”) in order to defend their common interests if an accelerated safeguard procedure (procédure de sauvegarde accélérée), an accelerated financial safeguard procedure (procédure de sauvegarde financière accélérée), a safeguard procedure (procédure de sauvegarde), or a judicial reorganisation procedure (procédure de redressement judiciaire) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (EMTN) and regardless of their governing law. The Assembly deliberates on the proposed accelerated safeguard plan (projet de plan de sauvegarde accéléré), proposed accelerated financial safeguard plan (projet de plan de sauvegarde financière accéléré), proposed safeguard plan (projet de plan de sauvegarde), proposed judicial reorganisation plan (projet de plan de redressement) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
• decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to convocate the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in this Base Prospectus will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

**Risks related to RMB denominated Notes**

Notes denominated in RMB ("RMB Notes") may be issued under the Programme. RMB Notes contain particular risks for potential investors.

*RMB is not freely convertible. There are significant restrictions on remittance of RMB into and outside the PRC which may adversely affect the liquidity of RMB Notes*

RMB is not freely convertible at present. The People’s Republic of China, which, for the purpose of this document, excludes the Hong Kong Special Administrative Region of the People’s Republic of China, the Macau Special Administrative Region of the People’s Republic of China and Taiwan (the “PRC”) government continues to regulate conversion between RMB and foreign currencies, despite significant reduction in control by it in recent years over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

Remittance of RMB by foreign investors into the PRC for the purposes of capital account items, such as capital contributions, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities and is subject to a strict monitoring system. Regulations in the PRC on the remittance of RMB into the PRC for settlement of capital account items are developing gradually.

In respect of RMB foreign direct investments (“FDI”), the People’s Bank of China (“PBoC”) promulgated the Administrative Measures on RMB Settlement of Foreign Direct Investment (the “PBoC FDI Measures”) on 13 October 2011 as part of PBoC’s detailed RMB FDI accounts administration system. The system covers almost all aspects in relation to FDI, including capital injections, payments for the acquisition of PRC domestic enterprises, repatriation of dividends and other distributions, as well as RMB denominated cross-border loans. On 14 June 2012, PBoC issued a circular setting out the operational guidelines for FDI. Under the PBoC FDI Measures, special approval for FDI and shareholder loans from PBoC, which was previously required, is no longer necessary. In some cases however, post-event filing with PBoC is still necessary.

On 3 December 2013, the Ministry of Commerce of the PRC (“MOFCOM”) promulgated the Circular on Issues in relation to Cross-border RMB Foreign Direct Investment (the “MOFCOM Circular”), which became effective on 1 January 2014, to further facilitate FDI by simplifying and streamlining the applicable regulatory framework. Pursuant to the MOFCOM Circular, the appropriate office of MOFCOM and/or its local counterparts will grant written approval for each FDI and specify “Renminbi Foreign Direct Investment” and the amount of capital contribution in the approval. Unlike previous MOFCOM regulations on FDI, the MOFCOM Circular removes the approval requirement for foreign investors who intend to change the currency of its existing capital contribution from a foreign currency to RMB. In addition, the MOFCOM Circular also clearly prohibits the FDI funds from being used for any investment in securities and financial derivatives (except for investment in the PRC listed companies as strategic investors) or for entrustment loans in the PRC.

As the PBoC FDI Measures and the MOFCOM Circular are relatively new circulars, they will be subject to interpretation and application by the relevant authorities in the PRC.

There is no assurance that the PRC government will continue to gradually liberalise its control over cross-border RMB remittances in the future, that any pilot schemes for RMB cross-border utilisation will not be
discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of RMB into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in RMB, this may affect the overall availability of RMB outside the PRC and the ability of the Issuer to source RMB to finance its obligations under the RMB Notes.

*There is only limited availability of RMB outside the PRC, which may affect the liquidity of the RMB Notes and the ability of the Issuer to source RMB outside the PRC to service the RMB Notes*

As a result of the restrictions by the PRC government on cross-border RMB fund flows, the availability of RMB outside of the PRC is limited. Since February 2004, in accordance with arrangements between the PRC central government and the Hong Kong government, licensed banks in Hong Kong may offer limited RMB denominated banking services to Hong Kong residents and specified business customers. The PBoC has also established a RMB clearing and settlement system for participating banks in Hong Kong. On July 2010, further amendments were made to the Settlement Agreement on the Clearing of RMB Business (the “Settlement Agreement”) between the PBoC and Bank of China (Hong Kong) Limited (the “RMB Clearing Bank”) to further expand the scope of RMB business for participating banks in Hong Kong. Pursuant to the revised arrangements, all corporations are allowed to open RMB accounts in Hong Kong; there is no longer any limit on the ability of corporations to convert RMB; and there will no longer be any restriction on the transfer of RMB funds between different accounts in Hong Kong. In addition, the PBoC has now established RMB clearing and settlement systems with financial institutions in other major global financial centres (each also a “RMB Clearing Bank”), including London, Frankfurt and Singapore to further internationalise the RMB.

There are restrictions imposed by PBoC on RMB business participating banks in respect of cross-border RMB settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, RMB business participating banks do not have direct RMB liquidity support from PBoC. The RMB Clearing Banks only have access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source RMB from outside the PRC to square such open positions.

Although it is expected that the offshore RMB market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the settlement arrangements will not be terminated or amended in the future which will have the effect of restricting availability of RMB outside the PRC. The limited availability of RMB outside the PRC may affect the liquidity of the RMB Notes. To the extent the Issuer is required to source RMB in the offshore market to service its RMB Notes, there is no assurance that the Issuer will be able to source such RMB on satisfactory terms, if at all.

*Payments in respect of the RMB Notes will only be made to investors in the manner specified in such RMB Notes*

All payments to investors in respect of RMB Notes to an investor will be made solely by (i) when the RMB Notes are represented by a global certificate, transfer to a RMB bank account maintained in Hong Kong in accordance with prevailing Central Moneymarkets Unit rules and procedures, or (ii) transfer to a RMB bank account maintained in Hong Kong in accordance with the prevailing rules and regulations and in accordance with the terms and conditions of the RMB Notes. The Issuer cannot be required to make payment by any other means (including in bank notes or by transfer to a bank account in the PRC or anywhere else outside Hong Kong).

*Investment in the RMB Notes is subject to exchange rate risks*

The value of RMB against foreign currencies fluctuates and is affected by changes in the changes in the PRC, by international political and economic conditions and by many other factors. All payments of interest and principal will be made with respect to the RMB Notes in RMB. As a result, the value of these RMB payments in foreign currencies may vary with the prevailing exchange rates in the marketplace. If the value of RMB depreciates against any foreign currencies, the value of an investor’s investment in such applicable foreign
currencies will decline. In August 2015, the PBOC changed the way it calculates the mid-point price of RMB against the US dollar, requiring the market-makers who submit for the PBoC’s reference rates to consider the previous day’s closing spot rate, foreign-exchange demand and supply as well as changes in major currency rates. This change, and other changes such as widening the trading band that may be implemented, may increase volatility in the value of the RMB against foreign currencies. In addition, there may be tax consequences for investors as a result of any foreign currency gains resulting from any investment in the RMB Notes.
CONDITIONS ATTACHED TO THE CONSENT OF THE ISSUER TO USE THE PROSPECTUS

In the context of any offer of Notes in France and/or in the Grand Duchy of Luxembourg (the “Public Offer Jurisdictions”) that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive, as amended, (a “Public Offer”), the Issuer consents to the use of this Base Prospectus and the relevant Final Terms (together, the “Prospectus”) in connection with a Public Offer of any Notes during the offer period specified in the relevant Final Terms (the “Offer Period”) and in the Public Offer Jurisdiction(s) specified in the relevant Final Terms by:

(1) subject to the conditions set out in the relevant Final Terms, any financial intermediary designated in such Final Terms; or

(2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “Rules”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under “Subscription and Sale” in this Base Prospectus which would apply as if it were a Dealer; (c) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (d) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (e) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery and “know your client” rules applying to the Issuer and/or the relevant Dealer(s); (f) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (g) satisfies any further conditions specified in the relevant Final Terms (in each case an “Authorised Offeror”). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Public Offer Jurisdiction(s) specified in the Final Terms, for the content of the Prospectus in relation to any person (an “Investor”) in such Public Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of this Base Prospectus by the AMF.

In the event the Final Terms designate financial intermediary(ies) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give its consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, will publish any new information in relation to such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at www.schneider-electric.com.
If the Final Terms specify that any financial intermediary may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the Offer Period, to publish on its website that it is using the Prospectus for the relevant Public Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Public Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations and settlement arrangements (the “Specific Terms of the Public Offer”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Public Offer shall be provided to Investors by that Authorised Offeror at the time of the Public Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

Early Redemption: Except as provided in “Optional Redemption” above and “Make-Whole Redemption by the Issuer”, “Residual Maturity Call Option” and “Clean-Up Call Option” below, Notes will be redeemable at the option of the Issuer prior to maturity only for
Redemption at the option of Noteholders following a Change of Control:

If a Change of Control Put Option is specified in the relevant Final Terms, following the occurrence of a Change of Control, the Noteholders will be entitled to request the Issuer to redeem the Notes, or, at the Issuer’s option, procure the purchase of their Notes as set out in Condition 6. See “Terms and Conditions of the Notes - Redemption, Purchase and Options”.

Make-Whole Redemption by the Issuer:

If so specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer will have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date at their Optional Redemption Amount. The Optional Redemption Amount will be calculated by the Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Optional Redemption Date) discounted to the relevant Optional Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Optional Redemption Date.

Residual Maturity Call Option:

If so specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer will have the option to redeem the Notes, in whole or in part, at par, at any time as from the call option date, which shall be no earlier than (i) three months before the Maturity Date in respect of Notes having a maturity of not more than seven years or (ii) six months before the Maturity Date in respect of Notes having a maturity of more than seven years.

Clean-Up Call Option:

If so specified in the relevant Final Terms and if 80 per cent. or any other percentage above as specified in the relevant Final Terms (the “Clean-Up Percentage”) of the initial aggregate nominal amount of Notes of the same Series have been redeemed or purchased and, in each case, cancelled, the Issuer may, at its option, redeem the Notes in whole but not in part at their Early Redemption Amount together with any interest accrued to the date set for redemption (as specified in the relevant Final Terms).

Taxation:

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If such a withholding or deduction is required, the Issuer will have to gross-up its payments to the fullest extent then permitted by law and subject to certain exceptions.

See section “Terms and Conditions of the Notes-Taxation”.
Interest Periods and Interest Rates: The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Fixed Rate Notes: Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes: Floating Rate Notes will bear interest determined separately for each Series as follows:

(i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc.; or

(ii) by reference to LIBOR or EURIBOR, in each case as adjusted for any applicable margin.

Interest periods will be specified in the relevant Final Terms. Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by straight line linear interpolation by reference to two rates based on the relevant Reference Rate or the relevant Floating Rate Option, as the case may be.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

In no event shall the amount of interest payable (including, for the sake of clarity, any applicable margin) be less than zero.

Fixed/Floating Rate Notes: Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a fixed rate to a floating rate or from a floating rate to a fixed rate on the date set out in the Final Terms.

Zero Coupon Notes: Zero Coupon Notes may be issued at their nominal amount or at a discount and will not bear interest.

Redenomination: Notes issued in the currency of any Member State of the EU which will participate in the single currency of the European Economic and Monetary Union may be redenominated into Euro, all as more fully provided in Condition 1. See “Terms and Conditions of the Notes - Form, Denomination and Title” below.

Consolidation: Notes of one Series may be consolidated with Notes of another Series as more fully provided in Condition 13. See “Terms and Conditions of the Notes - Further Issues and Consolidation”.

Form of Notes: Notes may be issued in either dematerialised form (“Dematerialised Notes”) or in materialised form (“Materialised Notes”).

Dematerialised Notes may, at the option of the Issuer be issued in bearer dematerialised form (au porteur) or in registered
dematerialised form (au nominatif) and, in such latter case, at the option of the relevant Noteholder, in either au nominatif pur or au nominatif administré form.

No physical documents of title will be issued in respect of Dematerialised Notes. See “Terms and Conditions of the Notes – Form, Denomination and Title”.

The relevant Final Terms will specify whether Dematerialised Notes are to be issued in bearer form only, in registered (including both nominatif pur and nominatif administré) form only.

Materialised Notes will be issued in bearer form (“Materialised Bearer Notes”). A Temporary Global Certificate will be issued initially in respect of each Tranche of Materialised Bearer Notes. Materialised Notes may only be issued outside France.

Initial Delivery of Dematerialised Notes: One Paris business day before the issue date of each Tranche of Dematerialised Notes, the Lettre Comptable relating to such Tranche shall be deposited with Euroclear France as central depositary.

Initial Delivery of Materialised Notes: On or before the issue date for each Tranche of Materialised Bearer Notes, the Temporary Global Certificate issued in respect of such Tranche shall be deposited with a common depositary for Euroclear and Clearstream or with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer.

Issue Price: Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.

Listing and Admission to Trading: Euronext Paris and/or the official list of the Luxembourg Stock Exchange and/or as otherwise specified in the relevant Final Terms. A Series of Notes may or may not be listed and admitted to trading.

Method of Publication of this Base Prospectus and the Final Terms: This Base Prospectus, any supplement to this Base Prospectus and the Final Terms related to the Notes listed and admitted to trading on any Regulated Market in the EEA will be published on the websites of the Issuer (www.schneider-electric.com) and save in respect of the Final Terms. The Final Terms will indicate where the Base Prospectus may be obtained.
Selling Restrictions:

The Notes to be issued qualify under Category 2 for the purposes of Regulation S under the Securities Act.

Materialised Notes will be issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(D) (the “D Rules”) unless the relevant Final Terms states that such Materialised Notes are issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(C) (the “C Rules”), or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“TEFRA”), which circumstance will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

The TEFRA rules do not apply to any Dematerialised Notes.

Rating:

The long term corporate rating of the Issuer is currently rated A-(stable outlook) by Standard & Poor’s Ratings Services (“S&P”). S&P is established in the European Union and is registered under Regulation (EC) No. 1060/2009 on credit rating agencies (as amended) (the “CRA Regulation”). S&P is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority’s website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) as of the date of this Base Prospectus. Notes issued under the Programme may be rated or unrated. The rating, if any, will be specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. Credit ratings are subject to revision, suspension or withdrawal at any time by the relevant rating organisation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to Article 212-25 of the General Regulation (Règlement Général) of the AMF implementing the provisions of Article 16 of the Prospectus Directive, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus, which shall constitute a supplement to this Base Prospectus for the purpose of the relevant provisions of the Prospectus Directive.
The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes, as the case may be. References in these Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

An Amended and Restated Agency Agreement (as amended or supplemented as at the Issue Date, the “Agency Agreement”) dated 6 October 2017 has been agreed between Schneider Electric SE (the “Issuer”), BNP Paribas Securities Services as fiscal agent and the other agents named in it. The fiscal agent, the paying agents, and the calculation agent(s) for the time being (if any) are referred to below respectively as the “Fiscal Agent”, the “Paying Agents” (which expression shall include the Fiscal Agent), and the “Calculation Agent(s)”. Copies of the Agency Agreement are available for inspection at the specified offices of each of the Paying Agents.

References below to “Conditions” are, unless the context requires otherwise, to the numbered paragraphs below. References below to “day” or “days” are to a calendar day or to calendar days, respectively.

1 Form, Denomination and Title

(a) Form

Notes may be issued either in dematerialised form (“Dematerialised Notes”) or in materialised form (“Materialised Notes”).

(i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French Code monétaire et financier (the “Code”) by book entries (inscriptions en compte). No physical document of title (including certificats représentatifs pursuant to Article R.211-7 of the Code) will be issued in respect of Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer and as specified in the relevant Final Terms (the “Final Terms”), in either (i) bearer dematerialised form (au porteur) only, in which case they are inscribed in the books of Euroclear France S.A. (acting as central depositary) (“Euroclear France”) which shall credit the accounts of Account Holders, or (ii) in registered dematerialised form (au nominatif) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (au nominatif administré) inscribed in the books of an Account Holder or in fully registered form (au nominatif pur) inscribed in an account in the books of Euroclear France maintained by the Issuer or the Registration Agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the “Registration Agent”).

Unless such right is expressly excluded in the relevant Final Terms, the Issuer may require the identification of the Noteholders.

For the purpose of these Conditions, “Account Holder” means any authorised financial intermediary institution entitled directly or indirectly to hold accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank S.A./N.V. (“Euroclear”) and the depositary bank for Clearstream Banking, S.A. (“Clearstream”).

(ii) Materialised Notes are issued in bearer form (“Materialised Notes”) in the Specified Denomination(s) shown in the relevant Final Terms. Materialised Notes are serially numbered and are issued with coupons (“Coupons”) (and, where appropriate, a talon (“Talon”)) attached,
save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Articles L.211-3 and R.211-1 of the Code, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

(b) **Denomination**

Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the “**Specified Denomination(s)**”) save that the minimum denomination of each Note that are offered to the public and/or admitted to trading on a Regulated Market in a Member State of the European Economic Area ("EEA") in circumstances which require the publication of a Base Prospectus under the Prospectus Directive will be at least such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency. Dematerialised Notes shall be issued in one Specified Denomination only.

(c) **Title**

(i) Title to Dematerialised Notes in bearer dematerialised form ("au porteur") and in administered registered form ("au nominatif administré") shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form ("au nominatif pur") shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or of the Registration Agent.

(ii) Title to Materialised Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue (“**Definitive Materialised Notes**”), shall pass by delivery.

(iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

(iv) In these Conditions, “**holder of Notes**”, “**holder of any Notes**” or “**Noteholder**” means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Note, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) **Redenomination**

The Issuer may (if so specified in the relevant Final Terms), without the consent of the holder of any Note, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 14, redenominate, on any Interest Payment Date all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly on or after the date on which the Member State of the European Union in whose national currency such Notes are denominated has become a participant member in the third stage of the European economic and monetary union (as provided in the Treaty establishing the European Community (the “**EC**’”), as amended from time to time), or events have occurred which have substantially the same effects all as more fully provided in the relevant Final Terms.
2 Conversion and Exchange of Notes

(a) Dematerialised Notes

(i) Dematerialised Notes issued in bearer dematerialised form (*au porteur*) may not be converted into Dematerialised Notes in registered dematerialised form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).

(ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted into Dematerialised Notes in bearer dematerialised form (*au porteur*).

(iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the Code. Any such conversion shall be effected at the cost of such Noteholder.

(b) Materialised Notes

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

4 Negative Pledge

So long as any of the Notes or, if applicable, any Coupons relating to them, remain outstanding (as defined below), the Issuer will not, and will ensure that none of its Principal Subsidiaries (as defined below) will, create or permit to subsist any mortgage, lien, charge, pledge or other form of security interest (*sûreté réelle*) (“Security”) upon any of their respective assets or revenues, present or future, to secure (i) any Relevant Debt (as defined below) or (ii) any guarantee or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, the Issuer’s obligations under the Notes are equally and rateably secured therewith.

For the purposes of this Condition:

(i) “Principal Subsidiary” means at any relevant time a Subsidiary of the Issuer:

(a) whose net operating income is at least 10 per cent. of the consolidated net operating income of the Issuer and its consolidated subsidiaries (the “Consolidated Group”) or whose total assets amount to at least 10 per cent. of the total consolidated assets of the Consolidated Group, in each case calculated by reference to the latest audited consolidated accounts of the Issuer;

(i) any equity share capital acquired by the Issuer or a Principal Subsidiary in any company resulting in that company becoming a majority-owned subsidiary of the Issuer or such Principal Subsidiary after the Issue Date for the sole purpose of financing or re-financing that acquisition and securing a principal amount not exceeding the cost of that acquisition; or

(ii) any assets forming all or part of a business acquired by the Issuer or a Principal Subsidiary after the Issue Date for the sole purpose of financing or re-financing that acquisition and securing a principal amount not exceeding the cost of that acquisition.

5 Interest and Other Calculations

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date (the “Fixed Rate”).

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

(b) Interest on Floating Rate Notes:

(i) Interest Payment Dates: Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date (the “Floating Rate”). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the
number of months or other period shown in the relevant Final Terms as the Interest Period after
the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the
Interest Commencement Date.

(ii) Business Day Convention: If any date referred to in these Conditions that is specified to be subject
to adjustment in accordance with a Business Day Convention would otherwise fall on a day that
is not a Business Day, then, if the Business Day Convention specified is:

(A) the Floating Rate Business Day Convention or “FRN Convention”, such date shall be
postponed to the next day that is a Business Day unless it would thereby fall into the next
calendar month, in which event (x) such date shall be brought to the immediately
preceding Business Day and (y) each subsequent such date shall be the last Business Day
of the month in which such date would have fallen had it not been subject to adjustment,

(B) the Following Business Day Convention, such date shall be postponed to the next day that
is a Business Day;

(C) the Modified Following Business Day Convention, such date shall be postponed to the
next day that is a Business Day unless it would thereby fall into the next calendar month,
in which event such date shall be brought to the immediately preceding Business Day, or

(D) the Preceding Business Day Convention, such date shall be brought to the immediately
preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes: the Rate of Interest in respect of Floating Rate Notes for
each Interest Accrual Period shall be determined in the manner specified in the relevant Final
Terms and the provisions below relating to either ISDA Determination or Screen Rate
Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which
the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period
shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate.
For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Accrual Period
means a rate equal to the Floating Rate that would be determined by the Calculation Agent
under a Swap Transaction under the terms of an agreement incorporating the ISDA
Definitions and under which:

(x) the Floating Rate Option is as specified in the relevant Final Terms;

(y) the Designated Maturity is a period specified in the relevant Final Terms; and

(z) the relevant Reset Date is the first day of that Interest Accrual Period or such other
date as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”,
“Floating Rate Option”, “Designated Maturity”, “Reset Date” and “Swap
Transaction” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

(a) Where Screen Rate Determination is specified in the relevant Final Terms as the
manner according to which the Rate of Interest is to be determined, the Rate of
Interest for each Interest Accrual Period will, subject as provided below, be either:

(i) the offered quotation, or

(ii) the arithmetic mean of the offered quotations,
(expressed as a percentage rate per annum) for the Reference Rate which appears
or appear, as the case may be, on the Relevant Screen Page as at either (i) 11.00
a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR)
or (ii) if otherwise, the Relevant Screen Page Time on the Interest Determination
Date in question as determined by the Calculation Agent. If five or more of such
offered quotations are available on the Relevant Screen Page, the highest (or, if
there is more than one such highest quotation, one only of such quotations) and the
lowest (or, if there is more than one such lowest quotation, one only of such
quotations) shall be disregarded by the Calculation Agent for the purpose of
determining the arithmetic mean of such offered quotations.

(b) if the Relevant Screen Page is not available or if sub-paragraph (a)(i) applies and
no such offered quotation appears on the Relevant Screen Page or if sub-paragraph
(a)(ii) applies and fewer than three such offered quotations appear on the Relevant
Screen Page, subject as provided below, the Calculation Agent shall request, (i) if
the Reference Rate is LIBOR, the principal London office of each of the Reference
Banks or, (ii) if the Reference Rate is EURIBOR, the principal Euro-zone office of
each of the Reference Banks or, (iii) if otherwise, each of the Reference Banks,
to provide the Calculation Agent with its offered quotation (expressed as a percentage
rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at
approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at
approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen
Page Time on the Interest Determination Date in question. If two or more of the
Reference Banks provide the Calculation Agent with such offered quotations, the
Rate of Interest for such Interest Period shall be the arithmetic mean of such offered
quotations as determined by the Calculation Agent; and

(c) if paragraph (b) above applies and the Calculation Agent determines that fewer
than two Reference Banks are providing offered quotations, subject as provided
below, the Rate of Interest shall be the arithmetic mean of the rates per annum
(expressed as a percentage) as communicated to (and at the request of) the
Calculation Agent by the Reference Banks or any two or more of them, at which
such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00
a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen
Page Time on the relevant Interest Determination Date, deposits in the Specified Currency for a
period equal to that which would have been used for the Reference Rate by leading
banks in, if the Reference Rate is LIBOR, the London inter-bank market, if the
Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if otherwise, the
Relevant Inter-Bank Market, as the case may be, or, if fewer than two of the
Reference Banks provide the Calculation Agent with such offered rates, the offered
rate for deposits in the Specified Currency for a period equal to that which would
have been used for the Reference Rate, or the arithmetic mean of the offered rates
for deposits in the Specified Currency for a period equal to that which would have
been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at
approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at
approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen
Page Time, on the relevant Interest Determination Date, any one or more banks
(which bank or banks is or are in the opinion of the Issuer suitable for such purpose)
informs the Calculation Agent it is quoting to leading banks in, if the Reference
Rate is LIBOR, the London inter-bank market, if the Reference Rate is EURIBOR,
the Euro zone inter-bank market or, if otherwise, the Relevant Inter-Bank Market,
as the case may be, provided that, if the Rate of Interest cannot be determined in
accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Rate Multiplier or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Linear Interpolation

Where Linear Interpolation is specified in the relevant Final Terms to be applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where “Screen Rate Determination” is specified to be applicable in the relevant Final Terms) or the relevant Floating Rate Option (where “ISDA Determination” is specified to be applicable in the relevant Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available the next longer than the length of the relevant Interest Accrual Period, provided however, that if there is no such rate available for a period of time shorter or, as the case may be, longer than the relevant Interest Accrual Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Applicable Maturity” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

(d) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined in Condition 6(b)(i)).

(e) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(f) Margin, Maximum/Minimum Rates of Interest and Redemption Amounts, Rate Multipliers and Rounding

(i) If any Margin or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in
the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.

(ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be. In no event shall the amount of interest payable (including, for the sake of clarity, any applicable margin) be less than zero.

(iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country/ies of such currency.

(g) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period in the Final Terms, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(h) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts

As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or any Optional Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the second Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each
determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(i) **Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"Business Day” means:

(i) in the case of a currency other than Euro or RMB, a day (other than a Saturday, Sunday or a public holiday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and/or

(ii) in relation to any sum payable in RMB, a day (other than a Saturday, Sunday or public holiday) on which commercial banks and foreign exchange markets settle payments in RMB in Hong Kong and in the relevant Business Centre(s) (if any); and/or

(iii) in the case of Euro, a day on which the TARGET System is operating (a “TARGET Business Day”); and/or

Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation
Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid and notice of any such change of Calculation Agent shall promptly be given to the Noteholders in accordance with Condition 14 below.

(k) RMB Notes:

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after the Relevant Time as specified in the relevant Final Terms on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an adjustment of the Interest Period, if the Interest Payment Date is not a Business Day. If the Notes become due and payable under Condition 10, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest RMB sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6 Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).
(b) Early Redemption:

(i) Zero Coupon Notes:

(A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.

(B) Subject to the provisions of sub-paragraph (C) below, the “Amortised Nominal Amount” of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

(C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

(ii) Other Notes: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount.

(c) Redemption for Taxation Reasons:

(i) If, by reason of any change in, or any change in the official application or interpretation of, the law of a Relevant Jurisdiction (as defined below), becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 days’ prior notice to the Noteholders or, if applicable, to the holders of Coupons (the “Couponholders”) (which notice shall be irrevocable) in accordance with Condition 14, redeem all, but not some only, of the Notes at their Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for such additional amounts.

(ii) If the Issuer would on the next payment of principal or interest in respect of the Notes or Coupons be prevented by the law of a Relevant Jurisdiction from making payment to the Noteholders or, if applicable, Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 below, then the Issuer shall
forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days’ prior notice to the Noteholders or, if applicable, the Couponholders, in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes or, if applicable, Coupons, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders or, if applicable, Couponholders, shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Coupons or, if that date is passed, as soon as practicable thereafter.

“Relevant Jurisdiction” means the Republic of France or any other jurisdiction in which the Issuer, or its successor, is or becomes organized or resident for tax purposes, or any political subdivision or taxing authority in, or of, any of the foregoing.

(d) Make-Whole Redemption by the Issuer:

If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 14 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the “Optional Redemption Date”) at their Optional Redemption Amount. The Optional Redemption Amount will be calculated by the Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Optional Redemption Date) discounted to the relevant Optional Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Optional Redemption Date.

The “Redemption Rate” is the average of the four quotations (eliminating the highest quotation (or, in the event of equality, one of the highest quotations) and the lowest quotation (or in the event of equality, one of the lowest quotations)) given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth business day preceding the Optional Redemption Date at 11.00 a.m. (Central European time (CET)).

“Reference Dealers” means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues or as specified in the relevant Final Terms.

If the Reference Security is no longer outstanding, a Similar Security specified in the Final Terms, will be chosen by the Calculation Agent at 11.00 a.m. (Central European time (CET)) on the third business day in London preceding the Optional Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 14.

The Redemption Rate will be notified by the Issuer in accordance with Condition 14.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.
In the case of a partial redemption of, or a partial exercise of the Issuer’s option in respect of, Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances and taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are admitted to trading.

In the case of a partial redemption of, or a partial exercise of the Issuer’s option in respect of, Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the Code, subject to compliance with any other applicable laws and requirements of the Regulated Market on which the Notes are admitted to trading. In no event, the outstanding nominal amount of each Note following such reduction shall be below any amount which would prevent the Issuer from choosing its home Member State (as such term is defined in the Prospectus Directive).

Any notice given by the Issuer pursuant to this Condition 6(d) shall be deemed void and of no effect in relation to any Note in the event that, prior to the giving of such notice by the Issuer, the relevant Noteholder had already delivered an Exercise Notice in relation to such Note in accordance with Condition 6(f) below.

So long as the Notes are admitted to trading on a Regulated Market and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulation (Règlement Général) of the AMF and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(e) Redemption at the Option of the Issuer and Exercise of Issuer’s Options and Partial Redemption

If Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any Issuer’s option (as may be described in the relevant Final Terms) in relation to, all or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer’s option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer’s option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the certificate numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.
In the case of a partial redemption of or a partial exercise of an Issuer’s option in respect of Dematerialised Notes of any Series, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes that will not be redeemed shall be made in accordance with Article R.213-16 of the Code and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and stock exchange requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulation (Règlement Général) of the AMF and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(f) Redemption at the Option of Noteholders and Exercise of Noteholders’ Options

To exercise such option or any other Noteholders’ Option that may be set out in the relevant Final Terms (which must be exercised on an Option Exercise Date) the holder must deposit with any Paying Agent at its specified office, together with a duly completed option exercise notice (“Exercise Notice”) in the form obtainable from any Paying Agent within the notice period. In the case of Materialised Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent or the Paying Agent with a specified office in Paris as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

(g) Residual Maturity Call Option

If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 14 to the Noteholders redeem the Notes, in whole or in part, at par together with interest accrued to, but excluding, the date fixed for redemption, which shall be no earlier than (i) three months before the Maturity Date in respect of Notes having a maturity of not more than seven years or (ii) six months before the Maturity Date in respect of Notes having a maturity of more than seven years, until the Maturity Date (in each case, the “Residual Maturity Call Option Date”) as specified in the relevant Final Terms.

For the purpose of the preceding paragraph, the maturity of not more than seven years or the maturity of more than seven years shall be determined as from the Issue Date of the first Tranche of the relevant Series of Notes.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the relevant provisions of Condition 6(d) shall apply mutatis mutandis to this Condition.
All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(h) **Redemption at the Option of Noteholders following a Change of Control**

If Change of Control Put Option is specified in the relevant Final Terms, and if at any time while any such Note remains outstanding there occurs a Change of Control of the Issuer and within the Change of Control Period a Rating Downgrade occurs as a result of that Change of Control or as a result of a Potential Change of Control (a “Put Event”), then the holder of such Note will have the option (the “Change of Control Put Option”) (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem such Note under Condition 6(c)) to require the Issuer to redeem or, at the Issuer’s option, to procure the purchase of that Note on the Optional Redemption Date (all as defined below) at its principal amount together with (or, where purchased, together with an amount equal to) accrued interest to but excluding the Optional Redemption Date.

A “Rating Downgrade” shall be deemed to have occurred in respect of a Change of Control or in respect of a Potential Change of Control if within the Change of Control Period:

(A) the rating previously assigned to the Notes by any Rating Agency is (x) withdrawn or (y) changed from an investment grade rating (BBB-, or its respective equivalents for the time being, or better) to a non-investment grade rating (BB+, or their respective equivalents for the time being, or worse) or (z) if the rating previously assigned to the Notes by any Rating Agency was below an investment grade rating (as described above), lowered by at least one full rating notch, or

(B) the Notes have no credit rating, and no Rating Agency assigns within the Change of Control Period an investment grade credit rating to the Notes, unless the Issuer has a credit rating from a Rating Agency, in which case paragraph (A) shall apply to the credit rating assigned to the Issuer by any Rating Agency; and

provided that (i) a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control or Potential Change of Control, as the case may be, if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction was the result of the Change of Control or the Potential Change
of Control, as the case may be, and (ii) any Rating Downgrade has to be confirmed in a letter, or other form of written communication, sent to the Issuer and publicly disclosed.

“Potential Change of Control” means any public announcement or statement by the Issuer, any actual or potential bidder relating to any potential Change of Control of the Issuer.

As soon as the Rating Agency authorises the Issuer to disclose the Rating Downgrade, the Issuer becoming aware that a Put Event has occurred shall promptly give notice (a “Put Event Notice”) to the Noteholders in accordance with Condition 14 specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option.

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of a Note following a Put Event, the holder of that Note must in the case of Dematerialised Notes, transfer or cause to be transferred or, in the case of Materialised Notes, deposit or cause to be deposited such Note (together, if applicable, with all unmatured Coupons and unexchanged Talons) with any Paying Agent at its specified office within the period (the “Put Period”) of 45 days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (as applicable) (a “Put Option Notice”) and in which the holder may specify a bank account to which payment is to be made.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the relevant Paying Agent for the account of the Issuer as described above on the date which is the fifth Business Day following the end of the Put Period (the “Optional Redemption Date”). Payment in respect of any Note so transferred will be made in Euro to the holder to the specified Euro-denominated bank account in the Change of Control Put Option Notice on the Optional Redemption Date via the relevant Paying Agent.

(i) **Clean-Up Call Option**

If a Clean-Up Call Option is specified in the relevant Final Terms and if 80 per cent. or any other percentage above as specified in the relevant Final Terms (the “Clean-Up Percentage”) of the initial aggregate nominal amount of Notes of the same Series have been redeemed or purchased and, in each case, cancelled, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 14 to the Noteholders redeem the Notes, in whole but not in part, at the Early Redemption Amount together with interest accrued to, but excluding, the date fixed for redemption.

(j) **Purchases**

The Issuer and any of its Subsidiaries may at any time purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto or surrendered therewith) in the open market or otherwise at any price. Unless the possibility of holding and reselling is expressly excluded in the Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with applicable French laws and regulations.

(k) **Cancellation**

All Notes purchased by or on behalf of the Issuer for cancellation or any of its Subsidiaries will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering each such Materialised Note together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any
Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(l) Illegality

If, by reason of any change in French law or any change in the official application of such law, becoming effective after the Issue Date, it becomes unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than 45 nor less than 30 days’ notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

7 Payments and Talons

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered dematerialised form, by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the relevant Noteholder and (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank designated by the relevant Noteholder. All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.

(b) Materialised Notes

Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(v)), as the case may be, (i) in the case of a currency other than Renminbi, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank and (ii) in the case of Renminbi, by transfer to a Renminbi account maintained by or on behalf of the Noteholder with a Bank. “Bank” means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System, or in the case of RMB, in Hong Kong.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Materialised Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments Subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
(e) **Appointment of Agents**

The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each case, do not assume any obligation or relationship of agency or trust for or with any Noteholder or holder of a coupon (a “Couponholder”). The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Registration Agent, the Consolidation Agent and the Calculation Agent(s), and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities of which, so long as the Notes are admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of such Regulated Market so require, one shall be Luxembourg, and a Paying Agent having a specified office in a major European city outside France, (v) in the case of Dematerialised Notes in fully registered form, a Registration Agent and, (vi) such other agents as may be required by the rules of any other stock exchange on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14 below.

(f) **Unmatured Coupons and Unexchanged Talons**

(i) Unless Materialised Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

(ii) If Materialised Notes so provide, upon the due date for redemption of any such Materialised Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

(iv) Where any Materialised Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

(v) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and
surrender if appropriate) of the relevant Note representing it, as the case may be. Interest accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note representing it, as the case may be.

(g) **Talons**

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) **Non-Business Days**

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than Euro and Renminbi where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro which is a TARGET Business Day, or (iii) in the case of a payment in Renminbi on which banks and foreign exchange markets are open for business and settlement of Renminbi payments in Hong Kong.

(i) **Payment of US Dollar Equivalent**

Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if RMB is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a RMB Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30-days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such RMB denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 10.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 7(i):

“**Governmental Authority**” means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong or any other relevant jurisdiction of a Renminbi offshore market.

“**Illiquidity**” means that the general RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market becomes illiquid, other than as a result of an event of
Inconvertibility or Non-Transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two RMB Dealers as a result of which event the Issuer cannot, having used its reasonable endeavours, obtain sufficient RMB in order fully to satisfy its obligation to pay interest or principal in respect of the RMB Notes.

“Inconvertibility” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“Non-Transferability” means the occurrence of any event that makes it impossible for the Issuer to deliver RMB between accounts inside Hong Kong or any other relevant jurisdiction of a Renminbi offshore market from an account inside Hong Kong or any other relevant jurisdiction of a Renminbi offshore market or to an account outside Hong Kong or any other relevant jurisdiction of a Renminbi offshore market, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“RMB Dealer” means an independent foreign exchange dealer of international repute active in the RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market reasonably selected by the Issuer.

“RMB Note” means a Note denominated in RMB.

“RMB Rate Calculation Agent” means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate or identified as such in the relevant Final Terms.

“RMB Rate Calculation Business Day” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market and in New York City.

“RMB Rate Calculation Date” means the day which is two RMB Rate Calculation Business Days before the due date for payment of the relevant RMB amount under the Conditions.

“RMB Spot Rate” for a RMB Rate Calculation Date means the spot CNY/US dollar exchange rate for the purchase of US dollars with CNY in the over-the-counter CNY exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at the Relevant Time as specified in the relevant Final Terms on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither such rate is available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at the Relevant Time as specified in the relevant Final Terms on the RMB Rate Calculation Date as the most recently available CNY/U.S. dollar official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

“US Dollar Equivalent” means the relevant RMB amount converted into US dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.
8 Taxation

(a) Withholding Tax exemption

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If the law or regulation of a Relevant Jurisdiction should require that payments of principal, or interest in respect of any Note or Coupon be subject to deduction or withholding in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any Relevant Jurisdiction or any authority therein or thereof having power to tax, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:

(i) Other connection: to, or to a third party on behalf of, a Noteholder or, if applicable, a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Relevant Jurisdiction other than the mere holding of the Note or Coupon; or

(ii) Presentation more than 30 days after the Relevant Date: in the case of Materialised Notes, more than 30 days after the Relevant Date except to the extent that the Noteholder or, if applicable a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions, “Relevant Date” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 7 or any amendment or supplement to it, (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “principal” and/or “interest” shall be deemed to include any additional amounts that may be payable under this Condition.

9 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10 Events of Default

The Representative (as defined under Condition 11), upon request of any Noteholder, may, upon written notice to the Issuer and the Fiscal Agent given before all defaults shall have been cured, cause the principal amount of all the Notes (but not some only) held by such Noteholder to become immediately due and payable, together with accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an “Event of Default”) shall occur:

(i) in the event of default by the Issuer in the payment of principal and interest on any Note, when and as the same shall become due and payable, if such default shall not have been cured within 7 business days from such due date;

(ii) in the event of default by the Issuer in the due performance of any other provision of the Notes, if such default shall not have been cured within 21 business days after receipt by the Fiscal Agent of written notice of such default given by a Noteholder;

(iii) any other present or future indebtedness of the Issuer or any of its Principal Subsidiaries for borrowed monies in excess of Euro 100,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, becomes, following, where applicable, the expiry of any originally applicable grace period, due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any originally applicable grace period therefor or any steps shall be taken to enforce any security in respect of any such indebtedness or any guarantee or indemnity given by the Issuer or any of its Principal Subsidiaries for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon;

(iv) a judgement is issued for the judicial liquidation (liquidation judiciaire) or for a transfer of the whole of the business (cession totale de l’entreprise) of the Issuer or any of its Principal Subsidiaries or, to the extent permitted by law, the Issuer or any of its Principal Subsidiaries is subject to any other insolvency or bankruptcy proceedings or the Issuer or any of its Principal Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors. For the purpose solely of this paragraph, the term “Principal Subsidiaries” shall have the same meaning as under Condition 4 hereinafore; or

(v) in the event that the Issuer or any of its Principal Subsidiaries ceases to carry on all or a material part of its or their business or other operations, except for the purposes of and following a merger or reorganisation (fusion, scission or apport partiel d’actifs) (i) on terms approved by the General Meeting of the Noteholders if French law were to require such merger or reorganisation to be approved by the General Meeting of the Noteholders or (ii) or in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary are vested in the Issuer, another of its Principal Subsidiaries or any other Subsidiary which as a result of such merger or reorganisation becomes a Principal Subsidiary.
11 **Representation of Noteholders**

In respect of the representation of the Noteholders, the following shall apply:

a) **Full Masse**

If the relevant Final Terms specify “Full Masse”, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (the “*Masse*”) and the provisions of the French *Code de Commerce* relating to the *Masse* shall apply, as completed by, and subject to the below provisions of this Condition 11(a).

The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single *Masse* of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

or

b) **Contractual Masse**

If the Notes have a denomination of at least Euro 100,000 or its equivalent in any other currency or are issued outside France for the purpose of Article L.228-90 of the French *Code de Commerce*, the relevant Final Terms may specify “Contractual Masse”, in which case Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “*Masse*”), which will be subject to the below provisions of this Condition 11(b).

The *Masse* will be governed by the provisions of the French *Code de commerce*, with the exception of Articles L.228-48, L.228-59, R.228-61, R.228-63, R.228-69, R.228-79 and R.236-11 of the French *Code de Commerce* and subject to the following provisions:

(ii) The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(iii) **Representative:** The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

   (a) the Issuer, the members of its Board of Directors (*Conseil d’Administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouses; or

   (d) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the *Masse* and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of death, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(iv) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

(v) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(vi) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (charges) to Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French Code de commerce, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 14.

(c) **Information to Noteholders:** Each Noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

(d) **Expenses:** The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

(f) **One Noteholder:** If and for so long as the Notes of any Series are held by a single Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers,

Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream (the “Common Depositary”), Euroclear or Clearstream will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream may similarly be credited to the accounts of subscribers with Euroclear or Clearstream.

A Noteholder must exchange its share of the Temporary Global Certificate for Materialised Notes before interest or any amount payable in respect of the Notes will be paid.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of the Temporary Global Certificate must surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for the Temporary Global Certificate so surrendered, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes.

In this Base Prospectus, “Definitive Materialised Notes” means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons that have not already been paid on the Temporary Global Certificate and a Talon). **Buildings** (Low Voltage, 43% of Q2 revenues) was up +4.2% organically and showed solid growth across all four regions. The Group’s strategic initiatives delivered good results: Final Distribution & Wiring Devices was up c. +5% thanks to initiatives leveraging its partner network, and EcoStruxure Building showed encouraging results. North America saw solid growth in Final Distribution & Wiring Devices. Additionally, the U.S. benefitted from good traction in data center and healthcare segments, as well as the execution of projects in energy performance contracting. Despite a negative working day impact, Western Europe grew in favorable end-markets. Asia-Pacific performance benefitted from good momentum in China where construction remained positive and diversification to targeted segments delivered results, while Australia remained negative though sequentially improving. Rest of the world was positive, with particularly good results in CIS, thanks to the medium offer strategy, and Africa. South America was down while the Middle East was slightly up.

**IT** (Secure Power, 15% of Q2 revenues) was about flat in Q2 organically. The Group continued to see good trends in data centers, particularly in 3-phase and in medium and low voltage. The U.S. saw growth in 3-phase UPS, but the performance was impacted by lower sales in IT channels, although orders grew slightly, and racks. Western Europe was slightly up with growth in data centers in France, Germany, and the U.K., notably in the 3-phase UPS offer. Asia-Pacific was up benefiting from strong growth in India, where the Luminous business performed well, and from growth in China, where the focus on the data center segment is yielding results. Japan performance was impacted by distributor destocking. Rest of the world was stable with growth in CIS but a decline in the Middle-East. Services continued to grow strongly.

**Industry** (Industrial Automation, 24% of Q2 revenues) was up +6.0% organically, with growth in all four regions. The Group saw continued success in its expansion into growing segments and benefitted from good growth in products sold through distributors as well as good momentum in its EcoStruxure offers. Process Automation returned to growth with increasing opportunities in brownfield operations. In this positive market, the Group has seen a tight market in the procurement of some electronic components which has tempered even further growth. China performed strongly with high demand from OEM and targeted segments. North America was up strongly. Western Europe was up with growth in German and U.K. OEM markets offsetting weakness in France. Software was about flat, still impacted by the weaker resources market of last year, though orders grew in the quarter.

**Infrastructure** (Medium Voltage, 18% of Q2 revenues) was down -4.9% organically, flat excluding selectivity initiatives which impacted revenues by c. €60m in Q2. The Group continues to progress on the Infrastructure Rebound program focusing on growing transactional, services and EcoStruxure Grid, while turning around its lower margin businesses. During the quarter, transactional sales grew in the U.S. and China, and the business saw good traction with service orders. Selectivity initiatives will be completed by Q4 2017, to reposition the business for continued margin improvement.

In Q2 the product business represented 59% of revenues and was up +3% organically. Services grew +2%.

12 The organic growth of Building including Delixi, which is deconsolidated since 2016, would have been c. +5% in Q2.

Western Europe (27% of Q2 revenues) performed well, capitalizing on channel initiatives employed across the region. In Q2 sales were flat after including the impacts of negative working days and selectivity. The trends remain favorable in construction and OEM markets. Spain, Italy and Germany grew, the U.K. was slightly down, while Nordics suffered from a high base of comparison linked to new ranges launched in 2016. In France, end-market trends remained positive but performance was impacted by distributors’ destocking, which should reverse in H2.

Asia-Pacific (28% of Q2 revenues) was up +6% organic, mainly driven by growth in China. China benefitted from strong growth in industrial demand and further repositioning on growing segments, including consumer related industries. India was up for the quarter. South-East Asia was mixed with good growth in Malaysia and Vietnam offsetting Korea. Australia was negative but showed some early signs of sequential improvement.

North America (28% of Q2 revenues) was up +1%. The U.S. posted strong growth in Building and Industry. In a positive construction market, Building continued to benefit from the rollout of some offers and from its focus on growing market segments such as data centers and healthcare, and a rebound in industrial buildings. Industry grew in its offers for OEM, in a favorable market, and Process Automation improved. IT declined, though the outlook remains positive, and Infrastructure continued to be impacted by the weak capital expenditure demand from last year and selectivity initiatives. Mexico grew, mainly due to a favorable construction market. Canada declined on lower Infrastructure project execution.

Rest of the World (17% of Q2 revenues) was up +2% organically, driven by growth across businesses in Africa and CIS. Middle East continued to suffer from a difficult economic environment with additional impact seen in Qatar, while Turkey posted solid growth. South America was mixed, with Brazil stabilizing while Chile performance deteriorated in a difficult market.

Q2 2017 revenues in new economies were up +5% and represented 42% of total revenues.

Consolidation and foreign exchange impacts

Net acquisitions had an impact of -€8 million or -0.1%. DTN (consolidated under the Infrastructure business) and some minor acquisitions and disposals in other businesses.

The impact of foreign exchange fluctuations was positive at +€51 million or +0.8%, primarily due to the strengthening of the U.S. dollar and several new economies’ currencies against the euro.

Based on current rates, the FX impact on FY 2017 revenues is estimated to be around -€250m.

13 Changes in scope of consolidation also include some minor reclassifications of offers among different businesses.

ADJUSTED EBITA MARGIN AT 14.1%, UP +0.6 POINT ORGANIC VERSUS H1 2016 THANKS TO IMPROVING VOLUME, STRONG PRODUCTIVITY AND ATTENTION TO COSTS

Gross profit was up +4.4% and Gross margin improved by +0.2pt to 38.7% in H1 2017 thanks to strong productivity and an almost flat mix, despite negative net price15.

2017 H1 Adjusted EBITA reached €1,718 million, increasing organically by +7%. The Adjusted EBITA margin improved +60 bps to 14.1%.

The key drivers contributing to the earnings change were the following:
- Volume impact was positive +€97 million in H1.
- Solid execution of tailored supply chain initiatives contributed +€206 million in industrial productivity the year, its highest level in H1 for the past 5 years, thanks to improving volume that boosted purchasing and Lean Manufacturing efficiency. The 3-year performance is set to beat the c.€1bn target.
- The net price16 impact was negative at -€75 million, impacted by the raw materials headwind of c.-€120 million. Pricing was positive +€44m in H1 and pricing compensated for 90% of products’ raw material impact outside of China, with improvement expected in H2. In China, despite price investments, volume growth, strong productivity and cost efficiency protected the margin. H2 raw material impact is expected to be c.-€100m at current prices. Pricing actions needed to compensate for raw material increases will be balanced with opportunities for growth.
- Cost of Goods Sold inflation was -€44 million, of which the production labor cost and other cost inflation was -€31 million, and an increase in R&D in Cost of Goods Sold was -€13 million.

14 Restated from Solar
15 Price less raw material impact
16 Price less raw material impact
- Support function costs increase organically by €42 million in H1. Total gross SFC reduction in H1 2017 is c. €90 million, enabling reinvestments of c. €60 million in strategic initiatives. Overall SFC to sales ratio improved by 40bps to 24.6%.

- Currency increased the adjusted EBITA by +€19 million, mainly due to the strengthening of the U.S. dollar and several new economies’ currencies against the euro.

- Mix was negative at -€9 million, showing an improving trend vs. H1 2016 thanks notably to systems selectivity initiatives. It is slightly down mainly due to mix in the IT division.

- Acquisitions, net of divestments, and others, were negative at -€21 million for H1.

By business, the H1 2017 adjusted EBITA for Building amounted to €1,111 million, or 20.8% of revenues, up +0.3 points year-on-year mainly thanks to better volumes, industrial productivity and positive mix. Industry generated an adjusted EBITA of €487 million, or 16.7% of revenues, up +0.9 point benefiting from improving volume and productivity. Infrastructure adjusted EBITA was €180 million, or 8.4% of revenues, up +1.5 point year-on-year thanks to higher system gross margin and strong cost control. IT business reported an adjusted EBITA of €256 million, 14.5% of revenues, down -1.2 point impacted by negative mix, raw material impact, investments and one-offs.

Corporate costs in H1 2017 amounted to -€316 million or 2.6% of revenues.

NET INCOME UP +18%

The restructuring charges were -€156 million in H1 2017. Restructuring costs are expected to be in line with last year.

Other operating income and expenses had a positive impact of €71 million, vs. -€8 million in H1 2016, mainly driven by the disposal of DTN.

The amortization and depreciation of intangibles linked to acquisitions was -€61 million. The decrease in amortization comes mainly due to the end of the depreciation of acquired technologies and customer relationships from past acquisitions.

Net financial expenses were -€184 million, €63 million lower than in H1 2016. Cost of debt (net) decreased by €21 million, showing a continued decrease in the cost of financing. Other financial income and expenses improved by €42m compared to H1 2016, mainly on lower exchange losses.

Income tax amounted to -€361 million, representing an effective tax rate of 26% in line with the Group expectation of an effective tax rate of 26% to 28% for 2017.

Share of profit on associates amounted to +€34 million.

Income from Discontinued operations was a negative -€76 million, corresponding mainly to the depreciation of assets related to the deconsolidation of the Solar activity.

The Net Income was €958 million in H1 2017, up +18% from H1 2016.

FREE-CASH-FLOW INCREASES BY +15%

Free cash flow was €501 million, thanks to strong operating cash flow and working capital management. It included net capital expenditure of -€351 million. The trade working capital increased by -€238 million linked to volume growth.

BALANCE SHEET REMAINS SOLID
Schneider Electric’s net debt\textsuperscript{17} at June 30, 2017 amounted to €4,948 million (€4,824 million in December 2016) after payment of €1.1 billion in dividend.

### III INFRASTRUCTURE REBOUND PROGRAM ENTERS NEXT PHASE

In line with the Group’s expectations, Infrastructure has seen a significant improvement in H1 in profitability with an improvement of +1.5pt, and reached 10.4% of Adjusted EBITA margin over the last twelve months. This increase reflects the good results obtained from a better management of systems, notably through selectivity, the good growth generated in activities with solid profitability (medium voltage products, services, EcoStruxure Grid), as well as the successful implementation of the cost efficiency program.

Moving forward, the Group will further accelerate the development of the c. €2.5Bn of Medium Voltage business positioned on growing markets that is highly synergetic with the low voltage business, already at mid-teens adjusted EBITA level.

The part of the portfolio of c. €2Bn, that consists mainly of projects and equipment and with a mid-single digit adjusted EBITA level, will undergo additional steps to generate increased efficiency for the business, and the Group as a whole. The Group will launch a project to implement a new organization designed to enable greater agility, autonomy and focus, with a dedicated manufacturing footprint and a specialized sales force for customers. This new organization would be focused on strong performance enhancement over the next 12 months as the Group carries out a strategic review, with all options being explored.

### IV SHARE BUY BACK

As announced by the Group on June 1, 2017, following the finalization of its sales of Telvent DTN to TBG AG, Schneider Electric intends to use the net proceeds from this transaction towards a share buyback program of around €1bn ending June 2019.

### V 2017 TARGETS UPGRADED

Following its strong performance in H1, the Group will continue to execute its strategic priorities. The Group expects the positive environment seen in H1 in its major end-markets to continue.

Therefore, the Group upgrades its 2017 objectives:

- The Group targets for 2017, organic revenue growth between +3% and +4% for the Group outside Infrastructure. For Infrastructure, the priority remains margin improvement. The selectivity for the division is expected to end in 2017 with an expected impact of c. -4% on revenue for the year. Outside of selectivity, the Group now expects the performance for the Infrastructure division to be a low single-digit organic growth.

- For 2017, the Group now targets the upper end of its initial +20 to +50 bps target range for the organic adjusted EBITA margin improvement. Following the evolution of currencies since April, the FX impact is now expected to be -10 to -20bps on the Adjusted EBITA margin for the year.”

Press release of 27 July 2017 - Schneider Electric enhances its position in Core Low Voltage with the acquisition of ASCO Power Technologies

Rueil-Malmaison (France), 27 July 2017- Schneider Electric, the global specialist in energy management and automation, announced today that it has signed an agreement to acquire Asco Power Technologies (“ASCO”), a leader in the Automatic Transfer Switch (“ATS”) market for a consideration of $1,250m (c.€1,072m) in an all cash transaction. The acquisition enhances Schneider Electric’s EcoStruxure Power Platform in key markets and segments.

ASCO currently employs c.2,000 people, mainly in North America, and operates 7 manufacturing sites. Its revenues in CY2016\(^\text{18}\) reached $468m with an adjusted EBITDA margin of c.23%. ASCO, founded in Baltimore, has a long history in Power Management first introducing ATS in 1925 and later expanding into surge, loadbanks, and fire pump and control applications. ASCO’s products are sold under the brands of ASCO, Firetrol, Avtron, Froment. Since December 2016, ASCO has been operating as a well-run and autonomous part of Vertiv (formerly Emerson Network Power).

ASCO is a market leader in power source management for critical buildings in North America. ATS automatically transfers critical loads from the primary source of power to the back-up power source in the event of a power outage. It requires compliance with specific technical regulation standards. Schneider Electric is the market leader in the ATS market in China. Both companies also operate in the ATS market in the rest of the world. With this acquisition Schneider Electric becomes the global market leader in ATS.

With the addition of the ASCO portfolio, Schneider Electric’s EcoStruxure Power Platform is further enhanced in North America with additional opportunities in the rest of the world. From an end-market perspective, the

\(\text{\textsuperscript{18}}\) CY2016: calendar year 2016
acquisition further enhances Schneider Electric’s value proposition in the end-to-end Energy Management chain for customers in Healthcare, Financial services, Datacentres and other Critical Buildings.

The market for ATS presents attractive long-term growth opportunities as more commercial and industrial customers move towards autonomous or multi-source power management. This trend is driven by a more decentralized power generation world, core to Schneider Electric’s strategic focus.

The transaction price of $1,250m reflects a multiple of c.11.7x the adjusted EBITDA CY2016. The transaction will be accretive to the Group adjusted EBITA margin and will provide significant revenues and costs synergies expected to generate c.$40m yearly in adjusted EBITA (approximately two-thirds from revenues synergies and one-third from costs synergies). The cost of implementing these synergies is expected to be up to $50m. The transaction meets the return criteria set by the Group, with an expected accretion of Adjusted EPS in the first year and with an expected return on capital employed exceeding WACC beyond the third year post closing. The acquisition is subject to customary regulatory approvals and is expected to be closed by end-2017. Post deal closure, the ASCO business will form part of the Schneider Electric Building business (Low Voltage).

Jean-Pascal Tricoire, Chairman and CEO commented, “ASCO brings to Schneider Electric a well-recognized brand in North America, a strong level of know-how, prescription skills and network and a diversified customer base. Its leading position in Automatic Transfer Switch in North America complements Schneider Electric’s current offer in power distribution equipment in North America and it reinforces Schneider Electric’s global leadership in energy management. With ASCO, we are enhancing our EcoStruxure Power management capabilities. This will help us to offer the most advanced solutions and technologies for critical buildings in a more decentralized world. A market with natural growth as more commercial and industrial customers move towards autonomous or multi-source energy management.”

Press release of 5 September 2017 - Combination of AVEVA and the Schneider Electric industrial software business to create a global leader in engineering and industrial software

Rueil Malmaison, September 5, 2017 – Schneider Electric SE (“Schneider Electric”) announces today that its Board of directors and AVEVA Group plc (“AVEVA” or the “Company”) Board have reached agreement on the terms and conditions of a combination of AVEVA and Schneider Electric industrial software business (the “Schneider Electric Software Business”) (forming, the “Enlarged AVEVA Group”) to create a global leader in engineering and industrial software (the “Combination”).

Strategic rationale

The directors of Schneider Electric and AVEVA (the “Directors”) believe that there is a clear and compelling business logic and strategic rationale for a combination of the Schneider Electric Software Business and AVEVA, for reasons including:

• The combined entity will be a global leader in engineering and industrial software, with scale and relevance in key markets as well as an extensive technology portfolio, with combined revenues and Adjusted EBITA of approximately £657.5 million and £145.8 million respectively for the financial year ended 31 March 2017 (“FY17”);

• The company will offer a comprehensive combined product portfolio, offering an unmatched set of solutions covering all aspects of digital asset management from process simulation to design, construction and manufacturing operations management and optimisation; and

19 Adjusted for Purchase price allocation and one-time cost linked to the transaction
The Combination will create an Enlarged AVEVA Group well-positioned to take advantage of future M&A opportunities building on its scale and comprehensive industry and lifecycle solution coverage.

This transaction will, among other things:

- Enhance value proposition of Schneider Electric’s Industrial IOT platform (EcoStruxure) for industrial & infrastructure customers;
- Unlock additional value at the Enlarged AVEVA Group and Schneider Electric through the potential for revenue and cost synergies, leveraging complementary end-markets and geographical exposures, customers and product portfolios. Schneider Electric and AVEVA will enter into a series of operational agreements in order to optimise the generation of synergies for the benefit of both parties;
- Result in Schneider Electric contributing its Industrial Software Business at an Adjusted EV/EBITA FY17 multiple of c.19x, broadly in line with AVEVA’s multiple; and
- Upon completion, the new company, with an accretive margin, is expected to be fully consolidated in Schneider Electric accounts within the Industry division.

Certain developments at the Schneider Electric Software Business over the course of 2016 and 2017 have also reinforced the strategic rationale of the Combination, including:

- The Schneider Electric Software Business’ legal reorganisation now being substantially complete, such that the Schneider Electric Software Business will comprise a stand-alone business unit sitting within a set of separate legal entities within Schneider Electric (subject to certain support functions to be provided by Schneider Electric for a period to the Schneider Electric Software Business pursuant to the Transitional Services Agreement); and
- The addition of the oil and gas pipeline management solutions division of Telvent, a company that Schneider Electric acquired in 2011, to the Schneider Electric Software Business, creating a set of assets with a market leadership position which is complementary to the combined portfolios of the Schneider Electric Software Business and AVEVA, thus enhancing the scale of the Schneider Electric Software Business as well as the overall strategic rationale of the Combination.

Key terms of the Transaction

The key terms of the combination include:

- The combination of AVEVA and the Schneider Electric Software Business;
- On completion, following the issue of ordinary shares in the capital of AVEVA to Schneider Electric (the “Consideration Shares”), Schneider Electric will own 60 percent of the Enlarged AVEVA Group on a fully diluted basis while existing AVEVA shareholders and participants in the AVEVA share plans will retain 40 per cent equity ownership (on a fully diluted basis).
- The value of the consideration shares to be issued to Schneider Electric is approximately £1.7 billion based on the AVEVA Group closing share price at the Latest Practicable Date. This represents an EV FY17 Adjusted EBITA multiple of approximately 19x for the Schneider Electric Software Business, broadly in line with AVEVA’s multiple;
- Shareholders will have an opportunity to benefit (through their shareholding in the Enlarged AVEVA Group) from the enhanced market scale and reach of the Enlarged AVEVA Group together with the revenue and cost synergies which are expected to arise over the medium term;
- Schneider Electric will pay to AVEVA £550 million in cash (approximately 858 pence per Ordinary Share) which, taken together with its contribution of the Schneider Electric Software Business, will mean that

---

20 Based on the value of the consideration shares to be issued to Schneider Electric of approximately £1.7 billion per the AVEVA Group closing share price at the Latest Practicable Date.
Schneider Electric will hold a majority of the Enlarged AVEVA Share Capital. Such cash will be distributed to AVEVA shareholders (excluding Schneider Electric) at or around completion; and

- AVEVA will also distribute £100 million (approximately 156 pence per Ordinary Share) in cash to shareholders (excluding Schneider Electric) at or around completion, such amount representing a significant proportion of the excess cash held on AVEVA’s balance sheet after allowing for transaction costs and a prudent view of AVEVA’s working capital requirements.

Completion, which is expected to be at or around the end of 2017, is subject to the satisfaction of a number of conditions including, amongst other things, applicable regulatory and anti-trust approvals having been obtained, AVEVA shareholder approval of the Combination, and re-admission of the Enlarged AVEVA Group.

It is intended that the Enlarged AVEVA Group will continue to be admitted to listing on the Official List of the UKLA (“Official List”) and to trading on the London Stock Exchange plc’s main market for listed securities.

**Board and Management of the Enlarged AVEVA Group**

The Board of the Enlarged AVEVA Group will be constituted as follows:

- The existing Non-Executive directors of AVEVA will remain in place on completion. Philip Aiken will continue as Non-Executive Chairman following completion. Jennifer Allerton, Christopher Humphrey and Ron Mobed will continue as independent Non-Executive directors of the Enlarged AVEVA Group;

- The parties are in the process of selecting a new Chief Executive Officer of the Enlarged AVEVA Group, with a proven track record and experience in managing a global software business. An announcement identifying the new Chief Executive Officer and clarifying the timing of his appointment will be made as soon as practicable;

- James Kidd will continue in his role as Chief Executive Officer until such time as the Board decides to appoint a new Chief Executive Officer, whereupon it is intended that James will be appointed to the role of Deputy Chief Executive Officer and Chief Financial Officer in order to drive forward the strategy, implementation and integration of the Enlarged AVEVA Group;

- Emmanuel Babeau (Deputy Chief Executive Officer and Chief Financial Officer) and Peter Herweck (Executive Vice President - Industry) of Schneider Electric will be appointed as Non-Executive directors of the Enlarged AVEVA Group on completion. Emmanuel Babeau will additionally assume the role of Vice Chairman. Both of them will add significant management and industrial experience to the existing AVEVA Board;

- In order for the Board of the Enlarged AVEVA Group to comprise a majority of independent Non-Executive directors (including the Chairman), one additional independent Non-Executive director will be appointed to the Board as soon as possible following completion. Such appointment shall be approved after completion by the AVEVA Nominations Committee; and

- The Board of the Enlarged AVEVA Group will therefore comprise nine Directors, five of which (including the Chairman) will be independent Directors.

The Management of the Enlarged AVEVA Group will be comprised of:

- Key members of the existing executive management team of AVEVA, namely Dave Wheeldon (Chief Technology Officer and currently also Deputy Chief Executive Officer) and Steen Lomholt-Thomsen (Chief Revenue Officer) are expected to remain in place following completion;

- Ravi Gopinath, currently Executive Vice President of the Schneider Electric Software Business, will be appointed as Chief Operating Officer of the Enlarged AVEVA Group. He will report to the Chief Executive Officer of the Enlarged AVEVA Group; and
• David Ward will continue in his current role as Chief Financial Officer of AVEVA, until a new Chief Executive Officer is appointed. Following such appointment it is intended that David Ward will be appointed to the role of Company Secretary of the Enlarged AVEVA Group.

The Enlarged AVEVA Group’s headquarters will continue to be located in Cambridge, United Kingdom.

**Other Key Terms of the Transaction**

The Enlarged AVEVA Group’s relationship with Schneider Electric, as its majority shareholder, will be governed by a Relationship Agreement and the Listing Rules. The Relationship Agreement will remain in force until the Enlarged AVEVA Group ceases to be listed or, if earlier, until the Enlarged AVEVA Group and Schneider Electric otherwise agree (subject always to the Listing Rules) or Schneider Electric ceases to be a shareholder. Pursuant to the relationship agreement:

• For a period of two years following completion, the Board will continue to have an independent Non-Executive Chairman;

• Schneider Electric may appoint one Non-Executive director to the Board so long as it holds at least 10 per cent of the voting rights and economic interest in the Enlarged AVEVA Group and two Non-Executive directors so long as it holds at least 25 per cent of such rights and interest;

• Schneider Electric will only enter into agreements and arrangements with the Enlarged AVEVA Group on an arm’s length basis and on normal commercial terms;

• The proposed Relationship Agreement will allow AVEVA to continue to pay a progressive dividend;

• There will be a standstill period for:
  
  o two years post completion of the Combination during which Schneider Electric cannot increase its shareholding above 60% of the Enlarged AVEVA Group’s fully diluted share capital or vote in favour of a de-listing of the Enlarged AVEVA Group without the approval of the majority of the Enlarged AVEVA Group’s independent Non-Executive directors;

  o a further 18 months period thereafter during which Schneider Electric cannot increase its shareholding to 75% or above of the Enlarged AVEVA Group’s fully diluted share capital without the approval of the Enlarged AVEVA Group’s independent Non-Executive independent directors, other than by way of a general offer under the City Code on Takeovers and Mergers (the “City Code”), provided that such offer is:
    
    □ at an offer price not less than a 20% premium to the 30-day volume weighted average of the Enlarged AVEVA Group’s share price immediately prior to the commencement of the offer period during which such offer is made and is recommended by a majority of the Enlarged AVEVA Group independent Non-Executives (or includes an acceptance condition which requires the acceptance of the offer by a majority of the other shareholders in the Enlarged AVEVA Group); or

    □ recommended by a majority of the Enlarged AVEVA Group’s independent Non-Executive directors;

• Thereafter, Schneider Electric will be under no restrictions on further acquisitions of shares or offers;

• In the event that the Enlarged AVEVA Group is de-listed, the Relationship Agreement will be terminated and all protections set out therein will cease to apply; and

• Schneider Electric and AVEVA have also entered into a series of operational agreements to govern the commercial relationship between the Enlarged AVEVA Group and Schneider Electric post completion, including the generation of synergies for the benefit of both parties.
Timetable

A combined prospectus and circular (the “Prospectus”) in relation to the Combination and convening a General Meeting of AVEVA shareholders on 29 September 2017 is expected to be published by AVEVA on 6 September 2017.

Completion, which is expected to be at or around the end of 2017, is subject to the satisfaction of a number of conditions including, amongst other things, applicable regulatory and anti-trust approvals having been obtained, AVEVA shareholder approval of the Combination, and re-admission of the Enlarged AVEVA Group.

Upon completion, the new company, with an accretive margin, is expected to be fully consolidated in Schneider Electric accounts within the Industry division.

Chairman Comments

Commenting on the Combination, Jean-Pascal Tricoire, Chairman and CEO of Schneider Electric said

“We are pleased to reach an agreement on the combination of AVEVA and the Schneider Electric Industrial Software Business, thereby creating a global leader in engineering and industrial software.

The Combination will address customers’ requirements along the full asset life cycle in key industrial and infrastructure market through a unique portfolio of asset management solutions from design & build to operations. It will also create the right environment and structure for the software teams to aggressively develop their business, while benefiting from Schneider Electric’s multiple go-to-market channels and segment expertise around the world, as well as the EcoStruxure platform and its ecosystem of partners.

We believe that through increased scale and complementary footprint, the transaction will generate synergies that will benefit customers and shareholders alike.”.

Commenting on the Combination, Philip Aiken, Chairman of AVEVA said:

“We are delighted to have reached agreement on the Combination with the Schneider Electric Software Business. The transaction will be transformational to AVEVA, creating a global leader in industrial software, which will be able to better compete on a global scale. AVEVA will significantly expand its scale and product portfolio, increase its capabilities in the owner operator market, diversify its end user markets and increase its geographic exposure to the North American market, in line with our strategic goals.

The transaction is expected to provide significant value to our shareholders via the upfront cash payment and a significant ongoing holding in the Enlarged AVEVA Group, which will benefit from synergies and a compelling equity story underpinned by an enhanced strategic positioning.”

Based on Unaudited Standalone Financials

- Between FY15 and FY17, Schneider Electric Software Business revenues showed compound annual organic growth at constant currency of (0.4) per cent and Adjusted EBITA growth of 5.1 per cent on the same basis;

- Organic revenue growth in FY16 of 5.5 per cent is mainly due to (i) project timing on Services and “Customer First” Support and (ii) the positive performance of Telvent Oil & Gas projects;

- Schneider Electric Software Business revenues have decreased from $620.2 million to $575.1 million in FY17, i.e. a decline of 7.3 per cent, mainly driven by:
  - Organic growth of c.(5.8) per cent;
  - Negative foreign exchange impact of (0.6) per cent;
  - Switch to subscription licensing model of (0.9) per cent.

- Adjusted EBITA in FY16 organic growth of 16.3 per cent reflects the positive impact of the growth in sales volumes strengthened by the improvement in profitability, partially offset by higher R&D costs; and

- Despite the reduction of volumes principally due to market factors, Adjusted EBITA was resilient in FY17 with broadly stable SG&A costs. The organic decline of 3.4 per cent was mitigated by profitability improvements driven by operational initiatives.

The unaudited selected financial information on Schneider Electric Software Business (the “Schneider Electric Software Business Financial Information”) set out above has been prepared from the unaudited financial statements prepared under IFRS of Schneider Electric Software Business for the financial years ended 31 March 2015, 2016 and 2017.

Certain adjustments have been made to reflect the standalone performance of Schneider Electric Software Business operating independently of Schneider Electric on a basis consistent with the Combination currently envisaged. These adjustments principally relate to i) including adjustments to reflect the financial impact of running the business on a standalone basis; ii) reversing the impact of capitalising research and development expenditure in certain (non-Invensys) entities of Schneider Electric Software Business, to better reflect consistency with the capitalisation practice of both Invensys Software and AVEVA; and iii) other various adjustments. The aggregate impact of these adjustments on the revenues and Adjusted EBITA of Schneider Electric Software Business for the three financial years ended 31 March 2015, 31 March 2016 and 31 March 2017 was a revenue increase of $19.8 million, $19.2 million and $9.3 million respectively, and an Adjusted EBITA decrease of $14.3 million, $6.2 million and an increase of $2.4 million respectively.

Therefore the Schneider Electric Software Business Financial Information is not intended to present IFRS compliant financial statements.

TAXATION

The statements herein regarding taxation in France, Luxembourg and Hong-Kong are based on the laws and interpretation thereof in force in the Republic of France, in the Grand Duchy of Luxembourg and in the Special Administrative Region of Hong-Kong as of the date of this Base Prospectus and are subject to any changes in law which may take effect after such date, possibly with a retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective Noteholder should consult its tax advisor as to the French, Luxembourg and Hong-Kong tax consequences of any investment in or the ownership and disposition of the Notes.

LUXEMBOURG WITHHOLDING TAX

Under Luxembourg tax laws currently in effect and subject to the exception below, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest).

In accordance with the law of 23 December 2005, as amended on the introduction of a withholding tax on certain interest payments on savings income, interest payments made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg residents individual beneficial owners are subject to a 20 per cent. withholding tax. Responsibility for withholding such tax will be assumed by the Luxembourg paying agent.

This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers.

FRENCH TAXATION

The following is a description, based on the laws of France as of the date of this Base Prospectus (and therefore subject to any changes in law, possibly with a retroactive effect), limited to certain tax considerations in France relating to the Notes that may be issued under the Programme to any holder of Notes who does not concurrently hold shares of the Issuer. Prospective holders or beneficial owners of Notes should consult their tax advisors as to the tax consequences of any investment in or ownership and disposition of the Notes.

Withholding Tax

Notes issued as from 1 March 2010

Pursuant to the French Code général des impôts, payments of interest and other revenues made by the Issuer with respect to notes issued on or after 1 March 2010 (other than Notes (described below) which are assimilated (assimilables for the purpose of French law) and form a single series with Notes issued prior to 1 March 2010 benefitting from the exemption from withholding tax of Article 131 quater of the French Code général des impôts) will not be subject to the withholding tax set out under Article 125 A III of the French Code général des impôts unless such payments are made outside France in a non-cooperative State or territory (Etat ou territoire non coopératif) within the meaning of Article 238 A III of the French Code général des impôts. If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French Code général des impôts.

Furthermore, according to Article 238 A of the French Code général des impôts, interest and other revenues on such Notes will not be deductible from the Issuer’s taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution established in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 et seq. of the French Code général des impôts, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis 2 of the French Code général des impôts, at a rate of 30 per cent. or 75 per cent, subject to the more favourable provisions of any applicable double tax treaty.
Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French Code général des impôts nor, to the extent the relevant interest or other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the non-deductibility of interest and other revenues set out under Article 238 A of the French Code général des impôts, and therefore the withholding tax set out under Article 119 bis 2 of the French Code général des impôts that may be levied as a result of such non-deductibility, will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such a particular issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “Exception”). Pursuant to French tax administrative guidelines (BOI-INT-DG-20-50-20140211, no. 550 and 990, BOI-RPPM-RCM-30-10-20-40-20140211, no. 70 and 80 and BOI-IR-DOMIC-10-20-20-60-20150320, no. 10), an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the principal purpose and effect of such issue of Notes, if such Notes are:

- offered by means of a public offer within the meaning of Article L.411-1 of the French Code monétaire et financier or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- admitted, at the time of their issue, to the operations of a central depositary or of a securities payment and delivery systems operator within the meaning of Article L.561-2 of the French Code monétaire et financier, or of one or more similar foreign depositaries or operators provided that such depositary or operator is not located in a Non-Cooperative State.

Notes issued before 1 March 2010 and Notes which are assimilated to (assimilables for the purpose of French law) Notes issued before 1 March 2010

Payments of interest and other revenues made by the Issuer with respect to (i) Notes issued (or deemed issued) outside France as provided under Article 131 quater of the French Code général des impôts, before 1 March 2010 and whose term has not been extended as from such date and (ii) Notes issued on or after 1 March 2010 which are assimilated (assimilables for the purpose of the French law), and form a single series with, such Notes referred to under (i) above, will continue to be exempt from the withholding tax set out under Article 125 A III of the French Code général des impôts.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting obligations under French law, or titres de créances négociables or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 quater of the French Code général des impôts, in accordance with the French administrative guidelines BOI-RPPM-RCM-30-10-30-30-20140211, no.40 to 90.

In addition, interest and other revenues paid by the Issuer on Notes issued before 1 March 2010 (or Notes issued on or after 1 March 2010 and which are to be assimilated (assimilables for the purpose of the French law) and form a single series with such Notes) will be subject neither to the non-deductibility set out under Article 238 A of the French Code général des impôts nor to the withholding tax set out in Article 119 bis 2 of the French Code général des impôts solely on account of their being accrued or paid to persons established or domiciled in a Non-Cooperative State or paid to a bank account opened in a financial institution established in a Non-Cooperative State.
Payments made to individuals tax resident (domiciliés fiscalement) in France
Where the paying agent (établissement payeur) is established in France, pursuant to Article 125 A of the French Code général des impôts, subject to certain limited exceptions, interest and other similar revenues received by French tax resident individuals are subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 per cent. on such interest and other similar revenues paid to French tax resident individuals.

See “Terms and Conditions of the Notes — Taxation”.

HONG KONG

The following is a summary of certain Hong Kong tax considerations relating to the purchase, ownership and disposition of the Notes by a beneficial owner of the Notes. This summary is based on the tax laws and regulations of Hong Kong as currently in effect and which is subject to change or to different interpretation. This summary is for general information only and does not address all of the Hong Kong tax considerations that may be relevant to specific holders in light of their particular circumstances.

Withholding Tax
No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

Profits Tax
Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Interest on the Notes may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

(a) interest on the Notes is derived from Hong Kong and is received by or accrues to a company carrying on a trade, profession or business in Hong Kong;

(b) interest on the Notes is derived from Hong Kong and is received by or accrues to a person, other than a company, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business; or

(c) interest on the Notes is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance (Cap. 112) of Hong Kong) and arises through or from the carrying on by the financial institution of its business in Hong Kong.

Sums derived from the sale, disposal or redemption of Notes will be subject to Hong Kong profits tax where received by or accrued to a person, other than a financial institution, from the carrying on of a trade, profession or business in Hong Kong and the sum has a Hong Kong source. The source of such sums will generally be determined by having regard to the manner in which the Notes are acquired and disposed of.

Sums received by or accrued to a financial institution by way of gain or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal or redemption of Notes will be subject to Hong Kong profits tax.

Stamp Duty
Stamp duty will not be payable on the issue of bearer Notes provided either:

(a) such Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
(b) such Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong ("Stamp Duty Ordinance").

If stamp duty is payable it is payable by the Issuer on the issue of bearer Notes at a rate of 3 per cent. of the market value of the Notes at the time of issue. No stamp duty will be payable on any subsequent transfer of bearer Notes.

No stamp duty is payable on the issue of registered Notes. Stamp duty may be payable on any transfer of registered Notes if the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any transfer of registered Notes provided that either:

(a) the registered Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or

(b) the registered Notes constitute loan capital (as defined in the Stamp Duty Ordinance).

If stamp duty is payable in respect of the transfer of registered Notes it will be payable at the rate of 0.2 per cent. (of which 0.1 per cent. is payable by the seller and 0.1 per cent. is payable by the purchaser) normally by reference to the consideration or its value, whichever is higher. In addition, stamp duty is payable at the fixed rate of HK$5 on each instrument of transfer executed in relation to any transfer of the registered Notes if the relevant transfer is required to be registered in Hong Kong.
SUBSCRIPTION AND SALE

OVERVIEW OF DEALER AGREEMENT

Subject to the terms and on the conditions contained in an Amended and Restated Dealer Agreement dated 6 October 2017 (the “Dealer Agreement”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by such Dealer.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

SELLING RESTRICTIONS

United States

The Notes have not been and will not be registered under the Securities Act or with any securities commission or any regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings ascribed to them by Regulation S under the Securities Act (“Regulation S”).

Materialised Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Each Dealer has agreed and that, except as permitted by the Dealer Agreement, it will not offer, sell or, in the case of Materialised Notes in bearer form, deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche, as determined, and certified to the Issuer, by the Fiscal Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period (as defined in Regulation S, the “Distribution Compliance Period”) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable Tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act and the laws of certain states and jurisdictions of the United States if such offer or sale is made otherwise than in accordance with an exemption from such registration requirements.

provided that no such offer of Notes referred to in (ii) to (iv) above shall require the Issuer or any Dealer to
publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to
Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in
any Member State means the communication in any form and by any means of sufficient information on the
